THE ELECTRIC LIGHTS.

A Few Words with a Number of our Business Men in Relation to the Electric Light Plant.

What They Think of It.

The community at large have very little conception of the magnitude of the electric light system in this country.

We herewith quote as near as possible, the answer given to the question: "What do you think of the electric lights?"

S. T. K. Prime—My only complaint is that the lights do not extend down as far as my home in the country.

Miller Bros.—Think they are all right. We think them excellent.

Hetzl & Romberger—They are good, believe they will be satisfactory.

J. C. Lewis—Believe them to be a success.

C. M. Baker—Think the lights a great deal better than what we have been using, but the lights could be better distributed, yet it takes time to do all these things.

Hahn & Keim—Good enough for us. Ed Breen—They do very well.

N. N. Mickleson—Like them first-rate. Eugene Flieger—Am perfectly satisfied with them.

Dr. Leslie E. Keeley—They are a fine acquisition to Dwight, and will give excellent satisfaction.

G. A. Seymour—A good thing. They are a success.

J. K. McKinley—Very good. Better than I expected.

W. Weese—They surprised me. A great deal better than I thought they would be.

McWilliams & Smith—For the time we have tried them, satisfied that they are a good light.

Dr. C. H. Barr—The lights are all right but think a larger dynamo will have to be used.

Leech & Reeb—A great improvement on what we have had.

W. T. Scott—A grand success in every particular.

L. J. Trunnell—They are a good light. Frank Ford—We needed them, and am putting them in my restaurant.

Baker Bros.—They are a great deal better than the lamps that were in use.

D. B. Stevens—A good improvement. John Geis—They are all right. Need more of them.

There were some of our business men we did not get to see, yet it is apparent by the above expressions that the satisfaction thus expressed is universal.

As it is expressed by some, it is thought a larger dynamo will be necessary. This we do not doubt.

Some of the business men on Franklin street think there ought to be a light in the center of the block between Chippewa and the intersection of East and Franklin streets.

They ought to have a light, but as Mr. Baker says: "It takes time to do all these things." All the best points could not be reached in the space of time used to place the lights, and we are confident, when everything has been put in good working order, there will be no room for complaint.

Campus.

The new doctor arrived Saturday. Coc Simpkins was on the street Monday.

Mrs. F. E. Folts, who has been quite ill is improving slowly.

Miss Lucy Thole, of Streator, is visiting her friend Lizzie Seabert.

John Morris, of Streator, is visiting among friends here this week.

Miss Sadie Morris, of Streator, is visiting her sister, Mrs. F. E. Folts.

A new section boss now at Campus, since the resignation of Mr. Glen.

Chas. Ramsey went to Streator with a load of dressed hogs, Wednesday.

W. Y. Ogg had a fine colt break its neck in the stable, one day last week.

Miss Nellie Goss, of Odell, is visiting her sister, Mrs. James Ogg, this week.

Mrs. Ed Lakin, of Forrest, is visiting her sister, Mrs. Folts, who has been very ill.

Home Rogers returned home Saturday, after a three week's visit with his brother, at Saunemin.

About a dozen of young folks from Campus, attended the Catholic fair at Forrest, Friday evening.

The party at the residence of Mrs. Seabert Friday night, was well attended. All report a very pleasant time.

Fox Brothers, Pfefferman Brothers, James Prickett and Frank Mahanah, joined the S. of V. lodge at Dwight, this week.

PONTIAC.

Chas. L. Romberger, of Dwight, was in this city Friday on important business.

Major C. J. Judd and A. T. Doherty, of Dwight, were in the city Wednesday, on business.

Chas. H. Payson, a prominent lawyer of Waukega and brother of the Hon. L. E. Payson, was in the city on legal business Tuesday.

There was a surprise party held at the residence of Mr. and Mrs. Owens of this city Friday evening. The aged couple were happily surprised.

Great excitement prevails over the "haunted house" on River street. It is visited every night by persons who are anxious to hear the mysterious sounds therein.

Numerous witnesses have appeared to serve in the Dwight order cases but the trials have not come off as yet, and from present prospects will not until next week.

James McKay makes frequent trips to Fairbury, much to the pleasure of certain young ladies of that town and to the profit of certain Pontiac confectioners and florists.

The case in the circuit court between Mrs. Young and Thomas Carney, of Cullom was given to the jury Friday evening, they could not agree and were discharged by Judge Sample, Saturday noon.

Mrs. Young's husband was the man that was killed on the railroad and Mrs. Young sued Carney for selling him liquor.

A mysterious death occurred here last Saturday morning. A stranger came in town on one of the early trains on the Alton, and inquired of the operator the way to the Illinois Central depot.

He was directed to follow the Alton track until he reached the Central crossing, then to follow the Central to the depot. It is supposed that he did so, for it is said by the night operator at the Central that a man came in the depot about five o'clock, he being upstairs and it being cold below the man stayed but a short time, and it is thought he saw a light at the coal shaft and having two or three hours to wait for the train, went over.

Nothing more was seen of him until 6 o'clock the same morning, when his body was found at the bottom of the shaft, terribly mutilated having fallen 280 feet. His body was brought down town to Rice's furniture store and an inquest was held. The jury rendered a verdict of accidental death. He was identified as a Mr. Biddle, bound for Planagan.

ODELL.

Mrs. Donahue was quite sick the first of the week from the effects of a fall.

Will Hoke was in Pontiac Monday as a witness on the Comstock vs Chalmers suit.

Rev. Moots is still conducting revival meetings at the M. E. church with good success.

The Pleasure Club met at the home of Mr. and Mrs. E. A. Hunter, Monday evening.

J. W. Eggenberger and E. Allen are contemplating a trip south sometime next month.

We understand that Linc. Kibby will visit Odell sometime next month with a dramatic company.

Wesley Amittae left for Dixon Monday where he will take a business course in the Dixon College.

Mr. John Stachler and Miss M. Condon were joined in the holy bonds of matrimony by the Rev. Jas. Halpin, Tuesday morning.

Will McMeans and W. P. Fiesel drove to Seneca Friday and from there the latter went to Ottawa and spent a couple of hours with relatives and friends.

Miss Burgess, of Canton commenced a series of meetings at the Congregational church, Tuesday evening. Miss Burgess is a very pleasing talker and the meetings are very much enjoyed by all who attend.

MARRIED, On Friday last, at Pontiac, Mr. John Pride to Charlotte Stanley, of Union. The young couple will make their future home with the groom's parents and have the congratulations and well wishes of a host of friends.

A reputation of the Dempsey-Fitsimons prize fight was seen on our streets Wednesday afternoon in which the principles were Charlie Lowenburg and Jim Fry porter at the Eastern Hotel.

Fry knocked his man out in the second round. They were taken before Esq. Beck and Fry was fined \$1.00 and costs.

The country east of town is somewhat excited over the strange disappearance of Miss Nettie Bowes, sister of Robert Bowes of this place. Her mind has been somewhat unsettled for the past few weeks over religion and in order to get her away from the excitement of the revival meetings which are being held here she was taken to the home of Josiah Puffer in Union, where she stayed over night. On Friday morning she expressed a wish to visit her old home the place now occupied by C. Masching. She was taken there until 1.30 p. m. when she expressed her intention of going to the home of Jas. Hamilton where she had been working during the summer, for the purpose of getting some clothes which she had left there. Since she left Mr. Masching's nothing has been seen of her. Searching parties have been out every day since her disappearance, but up to the present no trace of her has been found.

It is reported that she was seen wearing a blue dress and a black hood. As she was last seen wearing a blue dress and a black hood, it is thought that she may have been in the neighborhood of Odell, Illinois, as a woman named Odell, Illinois, is now missing.

It is thought that she may have been in the neighborhood of Odell, Illinois, as a woman named Odell, Illinois, is now missing.

Enterprise.

In speaking of manufacturing enterprises, we would remark, if there is any one in Dwight that thinks they are no benefit, it would repay them to take a few hours of leisure time to go through the Spencer Hay Press Factory. This is an industry almost in its infancy, with a rapidly increasing patronage.

Mr. Spencer is doing a splendid business, employs a number of workmen, and men who live here, spend their money here, and help to stimulate the financial and social elements of Dwight.

We need more manufacturing industries in Dwight. If we wish to see our beautiful village succeed, everybody happy, with plenty of money to buy the necessities of life, business on the boom, all our citizens with plenty of work to do, and each one so busily engaged in their different vocations that they cannot spare the time to meddle with the business of some one else, do not obstruct progress. Give your assistance to any efforts that may be put forth to make our town a habitation of industry.

Talk that way, use your money in helping forward such a worthy cause.

If in the near future, parties visit us to learn of our advantages, give them the benefit of what you know, thereby showing them that you take an interest in one of the prettiest, best and neatest little cities, among the thousands that dot the beautiful prairie state of grand old Illinois.

But if you can't do this, and would prefer to throw cold water upon any or all the undertakings and advancements that may come in our way, why—well, get out of the way of your more energetic neighbor any how. If you have business out of town at that time, or even a day later, it would be better for the community at large for you to attend to it at that time.

But we hope Dwight has not one man inside her corporate limits that is "built" that way. This matter does not only interest those who are property owners, but to every man who has to depend upon his labors for a livelihood as well.

There is not the slightest doubt that this coming spring, the opportunity will be offered. Will we as citizens use our best endeavors to advance the interests of Dwight?

Nellie Lewis Carnation.

The latest and one of the best novelties for 1891 is an elegant Carnation, growing on long stems, a free bloomer with large flowers, of an exquisite shade of pink, something entirely different from anything in Carnations. This flower is destined to become a great favorite among the florists, as the ladies prize it very highly for corsage bouquets and decorative purposes generally.

The endorsement of the old firm of James Vick, Rochester, N. Y., who introduced this plant is enough to insure the public that it is all they claim for it. The price is only 50 cents each or three for \$1.25, six for \$2.25, doz. \$4.00, but a better way is to send 10 cents for Vick's Floral Guide and the 10 cents can be deducted from the first order forwarded for seeds.

For Sale.

Two high grade Polledagus Bull Calves. LEWIS HOLLMEYER, Campus, Ill.
