Farmers, take notice: The only sure way to break a colt to drive single is to hitch him up to a cart and "lead him for about two miles." Then if he won't be driven, lead him home and let Ed try his luck at him, and he will be broken all right for that time at least. Some of the readers may think this a very strange way, but it proved to be successful, as one of the farmers in the north end of the town can testify to this and speak from experience as well.

ROUND GROVE.

Miss Edith Long, of Aurora, is spending a few weeks with her sister, Mrs. Lewis Clover.

Grandpa Thomas went to Joliet this week where he will spend the summer.

Do You Want a Home?

Most everybody does. If this is the case with the reader call on J. W. Baker, secretary of a building and loan association, and he will give you some pointers that will be beneficial to you. He represents the great Minneapolis association, and wants everyone that wants to secure a home by paying small monthly installments, to call on him before investing in other associations. He is confident he can save you money.

Peculiar Matrimonial Contract.

A curious instrument of writing exists in Dunkirk, Ind. It appears that two early lovers failed, for some reason unexplained, to marry, but married others Lately a written agreement has been signed, in absolute secrecy, providing for their future marriage to each other, in the event they survive their present companions. This contract further provides a liquidated damage of $5,000 upon failure of contract as provided. They set forth in their contract that, owing to respect for children, etc., no divorce shall be asked for, but that they shall trust to providence to remove present unwelcome stayers.

A Druggist's Admirable Plan.

A St. Louis druggist has adopted a plan which should be followed by all dealers in drugs. He places the name of the patient both on the prescription for the druggist and on the stub left in the prescription book, so that in case of a mistake being made in compounding the medicine the same can be rectified before any harm is done. This scheme will no doubt save many lives.

A Doctor's Advice.

"Doctor," exclaimed a New York society man who had married a professional beauty; "my wife now weighs 175. I'm worried to death. What would you advise me to do?"

"Stop weighing her!" was the answer.
