Frank Ford's hunting dog was shot by the owner this week, the animal having bitten one of Ed Breen's children. Information from Ottawa says Gus Keim, formerly of the firm of Hahn & Keim has been suffering for some time with inflammatory rheumatism. He has been unable to move for several weeks, and has been obliged to have watchers continually. His many friends here hope to hear of speedy recovery. A man by the name of Burgess, of Toluca, was thrown from a freight train Tuesday night, and quite badly injured. Miller & Orr opened their new store to the public last Saturday night, and the handsome parlors were filled with people from early until late. All visitors were served with nice cool soda water free of charge. The firm has furnished their store in metropolitan style throughout, and deserve the patronage of the public for their enterprise. An enterprising gentleman, Mr. Forbes, of New Orleans, recently issued business directories for both Dwight and Gardner. Our merchants patronized him liberally, and his efforts in both towns proved successful. Dwight merchants, generally, are good advertisers, as the columns of the STAR AND HERALD indicate, and we are satisfied that it pays them. Mr. Edward and Mr. James McWilliams, of Chicago, sale from New York to-day on the French steamship, La Champagne, for a short trip in France and England. A laudable effort is being made by some of our citizens to have the Dwight band give open air concerts in the park once or twice a week. A subscription list has been started which is meeting with much success we understand. Money is wanted for new instruments.

new music and other things necessary for good music and good appearance. Every one should chip in a little for this cause as the concerts would be a source of much pleasure and amusement. Kepplinger's opera house will be occupied by Redmond & Marvin's theatrical troupe all next week. These gentlemen have been before Dwight audiences a number of times, and have never failed to give satisfaction. The proprietors being good actors themselves, use excellent judgment in securing their assistants, and the troupe is said to be good. Mr. Marvin is a printer, or used to be, and if there is anybody that can "act up," it is a printer. The United States Nursery Company, of Rochester, N. Y., is one of the best companies in the country, and always gives excellent satisfaction to their customers. The company is ably and honestly represented in this part of the state by H. T. McLane, of Dwight, and Chas. E. Stevens, of Goodtarm. No better men can be found to deal with, and we take pleasure in recommending them. The company and their agents are first-class and perfectly reliable and their prices reasonable. A meeting was held at the council room last Monday night, to agitate the matter of having a Fourth of July celebration. There was no turnout and not much interest manifested, but a few got together and appointed a committee to hustle for money. A report was started that the celebration was given up, and then the kicking commenced. The people want a celebration but each one waits for the other to do the work. To make a success of it all interested should work together from first to last. Decoration Day. R. hall next Tuesday evening, May 19, at 8:30 o'clock, for the purpose of making further arrangement. A good turnout is desired. By order of committee of G. A. R. J. C. Lewis, Chairman.
