Major McClaughey, chief of police of Chicago, was in the city Monday night and returned Tuesday on the Denver. He is much pleased with the success of the Keeley cure.

President T. D. Blackstone and several of the Alton dignitaries were in Dwight yesterday for a short time. They came from the south in the president's private car and stopped long enough to view their new depot and the Keeley institute. Dan Morris and family moved into their residence on Pollard avenue Wednesday. They are the first in the new addition. How is that for raging Renfrew?

Remember next week—The new jewelry man will open a new fresh stock of watches, jewelry and Christmas goods. Wait and see the very latest in styles and prices.

J. P. McWilliams' plan for selling Renfrew lots is a good one: one-fourth cash, and one-fourth in six, twelve and eighteen months, at six per cent. interest. This pleases the buyers. Witt & McKay are now handling the Bon Bon Bread, as good as the best. They also keep constantly on hand fresh cookies, pies, cakes and buns. They will meet all competition, both in quality and price.

Surveyor Stanford, of Pontiac, was in town Wednesday and during his stay surveyed Sam Lower's lot. Sam always thought he was a little short on land and the survey proved he was right. He is entitled to about two feet more. We stated last week that Conductor Pattison, who was in the Gardner wreck, had had two brakemen killed. Such is not the case. The only one he ever lost was poor George Steteler, whose sad death we recorded recently.

Mr. Geo. H. Marsland, a graduate of September last, was at the home of his regeneration this week. Mr. M. had just visited the branch at Leaveyworth and reports a vigorous growth of membership there and the cures as strong and efficacious as at the home institute. Season reserved-seat, tickets to the entertainment can be procured at Dr. Barr's drug store this (Saturday) morning at 10 o'clock. Reserved seat tickets for the first entertainment can be procured at the same place Monday morning at 10 o'clock. Be sure and get them.

Messrs. Nickerson & Joy, formerly of Chicago, have decided to locate here. These gentlemen are all in the line of painting, decorating, paper-hanging, etc. They are highly recommended as competent men in their business. Orders left at B. A. Buck's hardware store will receive prompt attention. The pupils of the Dwight high school have caused to be enlarged a handsome portrait of the late lamented Professor H. E. Fenn and placed it in the reading room of the high school. The professor was greatly beloved by his pupils and the above is a thoughtful and lasting indication of their esteem.

The county surveyor was in Dwight Wednesday looking after the Kepplinger corner. He decided that Mr. K. had more land than he was entitled to and he probably placed it there. He will have to vacate. It looks to us a very foolish survey, as it injures the looks of the block. Privilege should be given Mr. K. to purchase the whole business and make a decent corner. The people in the southeast part of town are greatly discommoded by the bridge being torn out on east Chippewa street. They are obliged to go over to Mazon avenue to get down town. It has been the same way for three weeks, they say, and they are getting sick of it. They propose, if the bridge is not repaired as soon as practicable, to know what is the matter. We understand the straightening of the creek is all finished there, and that being the case the bridge should be replaced immediately.

The committee is a good one and you will soon hear something more. It consists of Col. Morgan, a civil engineer of national reputation; Chas. L. Romberger and Wm. H. Ketcham, two lawyers, chock full of business; Major C. J. Judd, a gentleman of a great deal of experience in municipal matters and a fine business man; J. C. Lewis, a popular and energetic merchant. Committee Report. That the public meeting held Tuesday night used excellent judgment in their choice of a committee to look after the town interests at this crisis, is displayed to advantage in their report in another column. The report is compact, informed, excellent in judgment, firm and deliberate carries conviction. There is only one thing for the town board to do, and that is, to follow the instructions laid down by the committee and backed up unanimously by the people. What more do the board want? The way is open for them to procure the money and they will have the unqualified support of the people. The way is made clear to them. All they have to do is act, and act quickly. The liberal and prompt action of the Leslie E. Keeley Co., in signing a bond to refund \$50,000 to the village if the improvements are made satisfactory and the main offices of The Leslie E. Keeley should ever decide to leave Dwight, is as strong a guarantee of good faith as could be expected. This indeed was, we might say, uncalled for as the fact of the company investing hundreds of thousands of dollars here was sufficient. The board has the guarantee of the Leslie E. Keeley Co., and the support of the people, the way opened to them to raise the money, and all that is needed is the backbone and push to carry out every obligation, and when these improvements are made, and the grand private improvements the Keeley Co. will make, we will have the grandest little city in the universe. The board should rise above all kick-backs and overcome all obstacles and go ahead right away. If they have not the time to spare from their business let them hire competent men to superintend the work. As Artemus Ward used to say: "In case of doubt play trumps."

Dr. Harding's Black Luck. Dr. Harding, of Blackstone, seems to have had the misfortune to have fallen among thieves. He was vice-president of the Bank of Kansas City, Mo., of the Bank of Kansas City, Mo., with which the absconding president and cashier, Blanchard, was connected. The doctor not only had all his world's goods invested there, but his honesty and integrity had led many of his friends to invest also. Dr. Harding visited Kansas City last week and returned last Sunday and has since been confined to his residence. It is a severe blow to a good man who had placed his confidence in a wolf in sheep's clothing, and he has the sympathy of his friends. His wife is well, but his fortune (except what can be saved by the widow as her dower), which is estimated at \$30,000, Blanchard would execute fictitious mortgages and forward to the doctor, who would advance the money. A streetcar loan carried worthless mortgages amounting to about \$14,000, but was secured by mortgages on Dr. Harding's property; R. C. Adams & Son loses about \$800; a teacher about \$500; and a farmer near Blackstone \$100. The loss in Kansas City is about \$50,000. Blanchard, the absconding president, was captured in Augusta, Maine, Monday, and will be brought back and made to pay the penalty of his misdeeds, it is hoped.

Two of a Kind. One week ago last Saturday night burglars entered Miller Bros.' store and helped themselves to anything they wanted. Last Saturday night other sneaks performed a similar act at the same place. The burglars pried open the iron blinds on the north window in the rear of the store, raised the window and went in. They took three suits just made to order and ready for delivery, and several other articles, such as jewelry, etc. The proprietors are unable to get just what was taken. This burglary business is getting too numerous and our marshal should get at himself, and if he can't watch the business houses he should demand assistance and it should be furnished. There is very nearly double the business places here there were two years ago and much more to be protected. Our police protection should be in accordance with our growth. If one man can not attend to it, which is quite evident, give us more. The fact of the matter is too much is expected of one, and especially for \$35 per month. New Club House. Rough plans have been drawn for a beautiful and roomy new club house to be erected by the Leslie E. Keeley Company. The final plans and specifications have been ordered to be ready as soon as possible. The structure will be a two-story brick, 150x150. In the first story will be an auditorium and stage writing rooms, etc., and the second for smoking room and other necessary apartments for comfort and pleasure. No smoking will be allowed on the first floor. The building will be erected by the Bi-Chloride of Gold Club. Dr. Keeley visited the club quarters on his return, saw the cramped condition they were in, and with his usual watchfulness for the comfort of his patients in view, ordered the new structure to be erected as soon as practicable. Dr. Keeley's Arrival. Dr. Leslie E. Keeley, probably the most distinguished physician in the world to-day, whom we are all proud to call our townsman, arrived here last Saturday afternoon. It was noised about that he would arrive on that train and the citizens and patients turned out en masse to do him honor. He was accompanied by Mrs. Keeley, Col. Wilson, of the New York Sun (whom we are pleased to announce will remain with us), and several gentlemen from Pittsburgh, Chicago and other places. The party received a warm welcome at the depot, and indeed the doctor has been kept busy ever since shaking hands and receiving congratulations on his pleasant trip abroad and his safe return. Many Thanks. J. C. Lewis is in receipt of a letter from W. P. Fiesel, secretary of the local fire company returning thanks for the money received from the citizens of Dwight as a token of esteem and appreciation of the company's noble work at our late fire. The Dwight people feel very thankful to the Odell boys, and their gift of \$25.00 to them is indeed but a small amount for such bravery and hard work as performed by them. Mr. Fiesel's letter states, in effect, that a meeting of the fire company was held Nov. 7 and the amount gratefully accepted and a vote of thanks given to the citizens of Dwight for their kind remembrances. The Kellogg Concert. Monday, November 16th, under the auspices of the Epworth League, the first entertainment of the bygone musical course will be given in the M. E. church. The League has secured five of the best concert companies before the public, and our citizens will undoubtedly be glad of an opportunity to hear-wards of such rare talent. The Kellogg Concert Company opens the course after a most successful tour through the Eastern States and Canada. Season ticket holders can reserve seats at Dr. Barr's drug store, Saturday, the 14th inst., after 10 o'clock a. m., and single tickets can be reserved Monday morning after 10 o'clock. Sudden Death. The sad news of the sudden death of Mrs. Emma Zunbeck, Longmont, Colorado, has been received at Dwight by letter. The deceased was a daughter of Mr. and Mrs. Wm. Amos, formerly of this place. Miss Emma Amos will be remembered by many of our people as a very estimable young lady, and her many friends will receive the news of her death with profound sorrow, and extend their sympathy to her surviving relatives. Card of Thanks. Mr. F. A. Steffen wishes to return thanks to the many friends who so kindly assisted him the night his hay-stacks were burned up, and thus helped to save his property.
