THE RESOLUTION DEFEATED.

A Proposition to Make The "Banner of Gold" the Official Organ Laid on the Table.

Col. Nate Reed, of Chicago came down partly on business and partly to visit the club last Saturday. He made quite an interesting talk to the club Saturday morning...

The matter was taken up and discussed by the members, and finally a resolution was offered giving the new paper the official endorsement of the club.

From this it will be seen that the general feeling in the club at this time is for no official organ—at least not until after the general convention of the Bichloride of Gold Club of the World at this place next fall.

How's This?

That the bichloride of gold treatment has a different effect upon each individual who takes it, is frequently shown in more ways than one.

And now I must confess, with attendant blushes, that I was intoxicated the next day after my return.

Dr. Keeley's Lecture. Dr. Leslie E. Keeley, at the urgent solicitation of the members of the club, addressed them at the club rooms last Sunday.

The doctor is always a welcome visitor at the club rooms, and it is a source of gratification to the members that he can once in a while find time from his

lives. He will doubtless ask "which Van?" "That fellow that used to get drunk about eight days in every week, and who went up north somewhere to a reform school and got cured and don't do it any more?"

I shall be happy to receive the congratulations of any of the members at any time, and wishing health, prosperity and happiness to all during the present New Year, I remain,

Yours, "In the Cause of Keeley," HORACE VAN CLEVE.

In all probability Mr. Van Cleve and the young lady spoken of are safely married, and in the full enjoyment of a happy honeymoon.

Wednesday Evening.

This evening's programme was better than usual, the amusement committee having at last decided to get a hustle on themselves.

No Cause For Kicking.

To Be Married.

Cards have been received announcing the marriage of Miss Jeannie A. Stafford and Mr. James A. Wood, to take place on Jan. 14 at the home of the groom, 4300 Michigan Boulevard, Chicago.

Dr. Keeley's Lecture.

Dr. Leslie E. Keeley, at the urgent solicitation of the members of the club, addressed them at the club rooms last Sunday.

The doctor is always a welcome visitor at the club rooms, and it is a source of gratification to the members that he can once in a while find time from his

enormous business to address the club. The only regret is that the little talks of sound, fatherly advice which always come from the doctor are not more frequently heard.

Good Reading Matter.

A resolution was passed at the meeting Wednesday morning to the effect that a circular should be printed and sent to the publishers of the best periodicals in the country, stating the objects of the club and asking that their publications be sent regularly to the club.

New Officers Elected.

Messrs. Slater's and Nelson's (chairman and vice-chairman) treatment having expired before their term of office, called for an election of officers on Friday morning.

He was very popular with the boys, and upon retiring from the chair was presented with a gold-headed cane, the compliments of the club. He says in future he will work for his family
