Resolutions of Respect.

At a regular meeting of Dwight Chapter, No. 166, Order of the Eastern Star, the following preamble and resolutions, expressing the loss sustained by the Chapter and community, and the respect felt for our deceased sister, were unanimously adopted and ordered spread upon the records.

WHEREAS, It hath pleased Almighty God, our Great Patron on high, to remove from our midst our sister, Alice Oakshott, and WHEREAS, It is but just that a fitting recognition of her many virtues should be had; therefore, be it

Resolved, That in the death of Sister Oakshott our Star has lost one of its brightest points, and the chapter a sister who was ever ready to profess the hand of aid and the voice of sympathy to the needy and distressed of the fraternity.

Resolved, That the heartfelt sympathy of this Chapter be extended to her family in their affliction.

Resolved, That these resolutions be spread upon the records of the Chapter, and a copy of them be presented to the family of the deceased sister, and that they be published in the STAR and HERALD, and that tokens of our respect for her memory, the Lodge room be draped in mourning for the space of thirty days.

Respectfully submitted, NORA M. GOODMAN, MRS. CARL MILLER, MRS. LIZZIE THOMPSON.

Death of Mrs. Cornell.

The death of the above lady occurred at the residence of her son, George, at Moberly, Mo., Jan. 3, 1892. She leaves one son and two daughters and many friends to mourn her loss.

Mr. and Mrs. Nelson Cornell came to Dwight in 1854 and settled on a farm northwest of town. At the time of the death of Mr. Cornell, Mrs. Cornell moved to town, and has made Dwight her home since.

Mrs. Cornell was a lady of many virtues and highly respected and beloved by all her acquaintances, and the surviving relatives have the sympathy of all.

The remains were brought to Dwight and laid away beside her husband in Oak Lawn cemetery.

Leap Year Party.

The natal day of Miss Sadie Sheldon, daughter of C. W. Sheldon, of Campus was celebrated Tuesday evening by a leap year party at the pleasant residence of Mr. Sheldon. Mr. Sheldon came to town with a four-in-hand and a comfortable sleigh filled with hay. The merry party got into the hay in the bottom of the box, and had a good old-fashioned ride, but they do say it was rather rough. A grand time was enjoyed at the Sheldon home, plenty to eat and lots of fun. After arriving in Dwight on the home trip the tongue of the sleigh was broken, but the other tongues were all right as people along the route probably discovered. We didn't hear whether the girls had to go down in their dress pockets and pay for the tongue or not, but its leap year just the same.

band was given as follows: The \$11.55 received from the missionary entertainment was sent to Bishop Taylor's treasury and we hold a receipt for the same. Five dollars was given to Miss Houghton for the benefit of the Anconage Mission in Chicago. One dollar was expended in sending over 500 picture cards to Mary Porto, Gamewell, Pekin, China, for her Sunday school work; \$4.75 was given to home benevolences where we thought the Lord would have us use it. At the present writing we still have on hands \$10.40. This coming year most, if not all our time will be given to the foreign work. I would like to add with your consent one of the many letters we have received from Africa.

"Dear Children,—I love you very much, I was a heathen and God sent some Missionaries to Africa to tell me about Jesus and the Lord helped me. I am learning to read the bible, praise the Lord. I thank the Lord for his blessings, pray for me. I want to meet you all in heaven and I want to be ready now. I am a little girl 13 years old. I will pray to God to keep you all. Write to me soon. God bless you all. My name is Maria."

Mrs. Mead, Superintendent of the Mission, writes that three years ago she did not know one letter and that the composition, spelling and writing are all her own. Does it pay to send our money to the heathen?

LIZZIE THOMPSON, Superintendent of the Band.

Dwight Art Co.—Gray Staunton, Proprietor.

Photography in its highest art means a great deal more than most people think. It requires lots of experience, and withal care with the chemicals that produce such beautiful results. The Dwight Art Company is managed and controlled by Mr. G. Staunton. He is a gentleman of education and experience; thoroughly understanding the handling of his camera and chemicals both for indoor and outdoor views, be they groups, landscapes or buildings.

Mr. F. L. Evans who is associated with The Dwight Art Co. for some time, is a clever artist and has given his time and experience to the perfecting of photography. He has been connected with the best photograph galleries in Chicago and is a great acquisition to the company. They take all sizes of pictures, life size portraits to locket size, large groups of families, etc., especially, and is now introducing a new feature, stamp size photos at \$1.00 per 100. This last departure is very useful as well as fashionable for putting on correspondence. Outside groups are taken in town or country at short notice at reasonable terms. They have procured the latest and most modern apparatus made for this work and use the best and well known lenses, the Voighlander lens, which is given the preference by the best photographic artists and is used by them. These gentlemen give their whole attention to this art and are constantly experimenting with the chemicals and are producing some beautiful effects in this art. They are adding continually the very latest accessories to the business. Mr. Staunton is ably seconded by Mr. Evans who is also an artist of considerable merit, and takes considerable pains to satisfy his patrons, especially those having photos of children taken. Both gentlemen are courteous, and having a perfect knowledge of their business can be relied on to make perfect pictures. Their prices are reasonable and their work artistic. Commercial photography done. Give them a call.

The Indiana block coal has the reputation of being the cleanest and lasting the longest of any soft coal mined. There is no slack in it and therefore no dirt, which makes it very desirable for house use. No cinders form in the stove after burning the Indiana block. The price is a little higher, but that is made up by the coal lasting so much longer. Give the Indiana block a trial. Mr. Scott will also supply his customers with the best Braidwood coal as usual.
