SUPPLEMENT.

SUPERVISORS' PROCEEDINGS.

Record of the Proceedings, Orders and Resolutions of the Board of Supervisors of Livingston County, State of Illinois, at their Regular February Meeting, A. D. 1892.

PONTIAC, ILL.

Monday, Feb. 1, 1892.

The Board of Supervisors of Livingston county met at 2 o'clock p. m., Chairman Cleary presiding.

The clerk called the roll and the following members answered: Cornwell, Litchfield, Clark, Crabb, Earp, Hapner, Fisk, Morrow, Smith, Pearson, Corbin, Chamings, McKenzie, McDowell, Rollins, Gibbons, Ringler, Clow, Moulton, W. E. Thompson, John Thompson, Hummel, Sears, Gingerich, Hack, Marvin, Potter.

The credentials of E. Litchfield, appointed supervisor of Nebraska township to succeed W. A. Renn, resigned, were read, and on motion of Cornwell it was voted that Mr. Litchfield be admitted to a seat on this board and assigned to the same committees as his predecessor.

The credentials of E. T. Potter, appointed supervisor of Round Grove township to succeed F. E. Folts, resigned, were read, and on motion of Morrow it was voted that Mr. Potter be admitted to a seat on this board and assigned to the same committees as his predecessor.

The following report from the special committee on steam heating was read and on motion of Marvin approved:

To the Honorable Board of Supervisors of Livingston County, Illinois: Your special committee appointed for the purpose of heating the court house with steam, would respectfully report. That after due notice to contractors, we received the following propositions accompanied by plans and specifications for heating the court house, to-wit:

R. Louden of Bloomington, Illinois, for the sum of \$2485.

G. W. Abbasuska, O'Jell, Illinois, for the sum of \$2678.

Robert Clark, Peoria, Illinois, for the sum of \$2925.

F. D. Ferguson, Streator, Illinois, for the sum of \$2940.80.

Frank Morrison, Bloomington, Illinois, for the sum of \$3013.83.

After a careful examination of the foregoing proposals, and that the committee might be able to fully understand the workings of the different systems, and act intelligently, a sub-committee consisting of two of its members was appointed and instructed to visit points where the above steam heaters were in operation, and make as thorough an examination as possible to do, without delay, and report to the committee. This sub-committee visited Joliet, Morris, LaSalle, Ottawa and Streator and made examination at all of said places, returned to Pontiac, meeting the committee at a date fixed before, made report of conclusions arrived at by such examination, and the contract was without delay, awarded to F. D. Ferguson, one of the above contractors, at the figures \$2940.80—\$2250, to be paid when work was completed, steam raised and it met with the approval of the committee. The balance \$690.80 January 15, 1892, provided the job was accepted by the committee. We take great pride in saying that thus far the work or heating apparatus does the work even beyond our expectation and that we are entirely pleased with it. Have fully accepted the outfit and made payment in full.

In putting the heating apparatus in, it became necessary to make some changes in the boiler room. Had to build one entirely new chimney, cut two doors through the walls, all of which added to the expense about \$125. The old furnaces we first tried to sell but failed, we then tried to give them away, succeeded in that manner to dispose of three, but the others remain on our hands. Have though been torn down and piled in the basement. The basement has been cleaned and put in order, and we invite your attention to it, that you may examine the whole outfit, approve and discharge your special committee.

Respectfully submitted, J. E. MORROW, M. CLEARY, F. N. SMITH, Special Committee.

A certified copy of an order by Judge Tipton, informing the board that no grand jury would be required for the next May term of the circuit court, was read and on motion of Gibbons referred to the committee on jurors.

FEB. 2, 1:30 p. m.

Board met pursuant to adjournment, Chairman Cleary presiding, who announced a quorum present.

The following report from the committee on public property was read, and on motion of Stratton adopted:

State of Illinois, Livingston County, ss. Board of Supervisors, February term, February 24, A. D. 1892.

Mr. Chairman and Gentlemen of the Board of Supervisors:

Your committee on public property would beg leave to submit the following report on the matters before them:

In view of the change made in heating arrangements, whereby we hope to have no further trouble with smoke and dirt such as caused by the old furnaces, your committee decided to have the court house renovated and cleaned throughout, putting it in tenable condition, and in full keeping with its outside appearance, believing it to be our duty to make such repairs and improvements as we deemed necessary for the comfort of occupants and preservation of county property.

We found it necessary to repair the roof, gutters and conductors which was done at a cost of about (\$100.00) one hundred dollars. Three rooms and the upper hall on the south side have been calcimined. In two of these rooms we found it necessary to remove the plaster on ceilings and replaster. The remaining rooms in the building have been papered, the basement thoroughly cleaned and whitewashed, all woodwork in interior of building cleaned and varnished, and the ceiling in court room and in roof repainted, also book case in county clerk's office rebuilt and pigeon holes constructed in vault for clerk's use.

The approximate cost of scraping walls, replastering and patching, cleaning wood-work, calcimining, papering, painting and varnishing is (\$1200.00) twelve hundred dollars. Work at jail which had been commenced prior to our last session has been completed, including pointing up of walls of jail, cementing basement floor, repairing and painting bars, crib and coal house at a cost of about (\$200.00) two hundred dollars. We have examined the bills which are here with attached and made part of this report and recommend that they be allowed as reported.

Motion carried.

The following communication was read, and on motion of Gibbons approved and ordered placed on file.

To the Honorable The Chairman and Board of Supervisors of Livingston county, Illinois:

I beg to make the following report in the matter of the indictments against W. H. Fursman, lately depending in the circuit court of said county.

presentation of the cases to a petit jury, but I was told by the state's attorney after I reached the court house and about 10 o'clock in the morning of the 26th day of October, A. D. 1891, the day fixed by the court for the trial of the criminal docket, including the cases against said Fursman, that he, the state's attorney, had arranged with the attorneys for the defendant that said Fursman might withdraw his plea of not guilty in case 1889 and enter a plea of guilty in that case, and be sentenced by the court; and that the remaining cases were to be stricken from the docket with leave to re-instate at any future time. I protested against such a disposition of the cases, and immediately went up-stairs to the court room, where said Fursman and his counsel then were. The said Fursman almost immediately withdrew his plea of not guilty, and entered a plea of guilty in case 1889, and when the opportunity was given by the court, and after the state's attorney had stated to the court the understanding between him and the attorneys for the defendant, and had recommended a seven year sentence on the plea of guilty, I stated to the court that I had first learned of the arrangement for the disposition of the cases after I had reached the court house on that morning, and that I disclaimed any responsibility for the arrangement, and would make no recommendation; that the state's attorney must assume the responsibility for the disposition about to be made of the cases. The court thereupon sentenced said Fursman to the penitentiary for seven years in case 1889. After the judgement and the sentence had been pronounced in the case 1889 the following order was entered in each of the following twenty-eight cases: 1890 to 1911, both inclusive (except 1895 and 1902), and in 1915 to 1922, both inclusive: "Now on this day on motion of the state's attorney it is ordered by the court that this cause be and the same is hereby stricken from the docket with leave to re-instate."

Under the above order any one or all of the twenty-eight cases can be reinstated on the docket and a capias or capias issued for the arrest of said Fursman at the end of his imprisonment in case 1889, which will be four years and nine months from the date of his incarceration in the penitentiary, if he gets all the good time allowed under the law.

I do not think the punishment, seven years in the penitentiary, is an adequate one for the offences with which Fursman stands indicted, and think proper steps should be taken to try him on the remaining indictments at the end of his said term of imprisonment.

Respectfully submitted,

R. S. McILDEFF,
Of McIldeff & Torrance.
