Bichloride of Gold Club.

H. W. SHEPARD, REPORTER.

ITEMS OF INTEREST

Picked Up at the Club Rooms and Various Parts of the City.

Mr. Jas. Day of Kentucky was a graduate of Thursday.

Mr. Masters, of Princeton, bade the club good-bye Friday morning.

A photograph of the club was taken by calcium light Thursday night.

Mr. Wheeler and Mr. Emmel were prominent graduates of last Friday.

Mr. Sheridan made an excellent graduating address to the club Friday last.

Mr. Appleton, of Illinois, was a prominent graduate of the club this week.

D. H. Skinner, of Sioux City, Iowa, bade farewell to the club and departed for his home Tuesday.

The cannon was fired off Thursday last (St. Patrick's day) in honor of the occasion by Gen. Tom Wells.

Mr. Locke, of Chicago, was appointed sergeant-at-arms Monday, also added to the entertainment committee.

Mr. Potter, of Iowa, was among the graduates who spoke to the club Tuesday. He took his departure for home the same day.

The committee on new members should get a hustle on itself. The membership for the past two weeks has been unusually light.

Mr. Burkhart, of Iowa, left Dwight for his home Tuesday. He said good-bye to the club and thanked them for the many courtesies received at their hands.

Mr. Pollock, of Danville, Ill., one of the most popular men of the club the past four weeks, graduated last Thursday night. He said good-bye to the club Friday morning.

Dr. Lovelace of Missouri was among the departures of Monday. He hopes to stand firm in the faith of Keeley, and will do all in his power to take advantage of the treatment.

Brother G. Stanley Mansfield was back again with his eleventh man Monday. He talked to the boys that morning and by his words of cheer gave them much encouragement.

Mr. Harris, an old graduate, talked to the boys from the platform Saturday morning. He took the double-barreled treatment and consequently uses neither whiskey nor tobacco.

More graduating speeches were heard Tuesday than for some time past. The ease and grace with which the members responded when called upon was somewhat surprising, but gratifying to all.

Mr. Horton spoke to the club a few moments Saturday morning. Though not a member of the club he thanked the boys for their kindness to him and said he intended joining on his return home.

Mr. Loveland, of Michigan, graduated Monday night and addressed the club Tuesday morning. He expects to turn over a new leaf in life and will have the best wishes of his many friends.

Col. S. A. Harper, of Peoria, an old graduate of September, addressed the club Thursday morning. Col. Harper was a prominent club member while here and many readers of the STAR AND HERALD will be glad to learn of his prosperity.

Mr. Martin, of Decatur, a brother of the "great and only" Martin, who has been taking treatment here, finished his course and graduated with high honors Thursday night. He talked to the club Friday morning, and presented them with a dollar.

Mr. Jas. Croft, of Beloit, Wis., vice-president of the club, left for home Thursday. He made an excellent talk to the club Wednesday morning, and took a most sensible view of the treatment in his case. We wish Mr. Croft unlimited prosperity in the future.

"Papa" Powell, the father of a ten-pound baby since his arrival in Dwight and the champion cribbage player of the annex, was called to the platform to say good-bye to the boys Tuesday. He said he intended to name the little one Leslie Keeley or St. Patrick, as he was born on St. Patrick's day.

Messrs. Chas. J. Riefler, of the State Register, Springfield; S. S. Thomas, associate editor Colanor Graphic, of Denver; Will J. Hayner, city editor of the Daily Age, of Clinton, Iowa; J. B. Turner, of Chicago; C. D. Skellings, city editor of the Evening Telegram, Superior, Wis., the newspaper delega-

tion of the Bi-Chloride of Gold Club, gave the STAR AND HERALD office a pleasant call Friday morning.

Do you know that we send the official organ of the Associated Keeley Bichloride of Gold Clubs, the Banner of Gold, and the DWIGHT STAR AND HERALD for \$2.50 per annum IN ADVANCE? Your subscription is always in order.

Mr. Kranager has gone. He said good-bye to the boys Tuesday. We are sorry he has gone, for we will miss the sweet strains of "Boccacio March" and "Merry War" as rendered by Prof. Kranager. Everyone else will miss him too. He says he is cured, but he ought to have taken treatment for the violin, too.

At the regular election of officers last Thursday, D. H. Grubbs, of St. Louis, and Dr. McCleary, of Chicago, were elected president and vice president. Both are competent gentlemen, well liked by all club members and will fill the chair with ability. A vote of thanks was extended to Mr. Wilson, the retiring president, for his services while in office.

One of the very pleasant features of the morning business meeting is the reading of letters from members who have returned to their homes. The same confident assurance runs through them all. All, too, report that they are greeted with most friendly warmth from friends and neighbors. The club is prosperous and increasing in usefulness.

Geo. J. Lyons, of Chicago, sergeant-at-arms for the past three weeks, graduated with high honors Friday night and made a brilliant speech to the club Saturday morning. Lyons is a peculiar genius. He possesses certain elements in his make-up which are very essential to a gentleman of his standing. The boys all know him. They like him, too, and hope he will keep on in the good way he has begun.

To Rent.

Two nicely furnished rooms for rent. Enquire at this office.

For Sale.

Good Illinois farms, cheap; fine soil; near good market; easy terms. E. F. BELL, Dwight, Ill.

For Sale.

The subscriber offers for sale two fine high grade Red Poll bull calves coming a year old. Also one full-blood bronze Tom turkey, eight months old over twenty pounds weight. Call and examine this stock at my place one-half mile south of town. Prices low. A. B. CONANT.

County Superintendent's Notice.

Examinations for second grade certificates will be held in my office on the third Friday and Saturday of each month except July. The candidate must pass a thorough examination in the structure and use of words, reading, penmanship, arithmetic, grammar, geography, history, physiology, Page's Theory and Practice, and school law in so far as it refers to teachers, pupils and directors, and must also show a satisfactory knowledge of the course of study for this county.

For a first grade certificate, the candidate must be qualified in all that is required for the second grade and in addition must pass an elementary examination in the subjects of history, zoology and botany.

Estimated in per cent the required average for the second grade will be 80 with a minimum of 70; for the first grade 90 with a minimum of 75.

Satisfactory evidence of a knowledge of methods of work will be required before a second grade certificate is issued, and conclusive evidence of the work done in the subjects of history, geography and school law will be required. A fee of one dollar will be charged for each examination. Supt. FOSTER.

The True Southern Route to California.

A new through route to California has been established by the Chicago & Alton Railroad in connection with the St. Louis, Iron Mountain & Southern Railway, Texas & Pacific Railway and Southern Pacific Company. The geographical position of this route recommends itself particularly during the winter months to the overland traveler, and invalids at all seasons of the year will appreciate "the true Southern Route to California," for it is without high altitudes, and the possibility of snow blockades is absolutely precluded. The traveler also passes through or nearly touches every winter resort of note in Arkansas, Texas, New Mexico, Arizona or California. Elegant Pullman Drawing-Room Buffet Sleeping Cars are run through daily, without change, from St. Louis to Los Angeles, San Francisco and other important California points. Direct connection is made with this sleeping car by through trains of the Chicago & Alton R. R. For further particulars call upon N. H. Coole, ticket agent, Chicago & Alton R. R., Dwight, Ill.

Progress and Prosperity.

Wisconsin has within the last few years undergone a wonderful change, and is to-day one of the most prosperous and productive states in the Union, and what has made it so? Why, because her rich fertile lands are adapted and produce large crops of wheat, oats, corn, barley, rye, potatoes, hay, flax, hops and tobacco; because her lumber and timber trade exceeds that of any timber state east of the Rocky Mountains, because of her enormous manufacturing interests, the quantity and value of her live stock, saying nothing of her mining products, fisheries and enormous water power. This is a desirable note for settlers intending to locate in the Northwest.

The Wisconsin Central Lines, as its name would indicate, penetrates the center of the state and tributary to its lines are the choicest farming and timber lands. Among the many thriving cities and towns along this popular route are Burlington, Wausau, Fond du Lac, Oshkosh, Neenah, Menasha, Waupesa, Stevens Point, Chippewa Falls, Eau Claire, New Richmond and Ashland.

For tickets, maps and full information address G. G. Lemons, G. P. A., Wis. Cen. Lines, Chicago, or Jas. G. Ford, General Passenger and Ticket Agent, Chicago, Ill.
