way he does the inner man, he would make a first-class representative.

We are glad to learn that W. G. Meyers is now making his home in Dwight. He is in the lecture business. The B. C. of G. Any one who will to engage him for an entertain-

ment.
Y. M. C. A.
The Y. M. C. A. program was carried out as planned, with one exception, Mr. A. M. Bruner being detained at home by sickness. The convention was an inspiration to delegates and visitors and much permanent good was accomplished. The meeting of Sunday afternoon was characterized by deep religious feeling, and several men asked for prayers. Mr. Frank Rozelle had charge of the meeting. The addresses were all well prepared and full of thought. The Y. M. C. A. of this district is well equipped with a strong and vigorous young manhood, full of consecrated brain and heart. We hope the seed sown may develop rapidly and bring forth much fruit. Below is the program:

Resolutions of Respect.
At a regular meeting of Dwight Lodge, No. 166, Order of Eastern Star, the following preamble and resolutions, expressing the loss sustained by the lodge and community in the death of Sister Joanna Crandall, were unanimously adopted and ordered spread upon the records:
Whereas, It hath pleased Almighty God, our Great Patron, to call to a higher abode another bright link to the memory of our departed friend; therefore, be it
RESOLVED, That in the death of Sister Crandall our lodge has lost one of its most earnest members and the community a respected and honored friend.
RESOLVED, That our deep sorrow is hereby expressed in the Star and Herald, and that we extend to the bereaved family our heartfelt sympathy.
RESOLVED, That these resolutions be spread upon the records of the lodge, that a copy of them be presented to the family of our deceased sister, that they be published in the Star and Herald, and that in token of our respect for the memory of the departed the lodge room be draped in mourning for the space of thirty days.
NORA M. GOODMAN,
MRS. B. A. BUCK,
MRS. CARL MILLER.
April 8, 1892.
The Board Meet.
All the members of the village board were present Tuesday night at the regular meeting but Ald. Bell, who is quite sick.
A large number of bills were passed and a carload of four-inch water pipe ordered for water works extension.
City Clerk Doherty was allowed \$50 for extra work, which makes \$100 in all. It is the opinion of people who know what Mr. Doherty has done that the amount is very small for his services.
The clerk's report as to money received for licenses was read and approved. The amount received from April 12, 1891, to April 12, 1892, is \$53.
The clerk's report as to amount received from water rents, etc., since the works commenced operations was also read and approved. The amount received, net, is \$284.14. The Keeley Co. has paid in nearly half of this amount, and if the works were extended they would be a source of revenue instead of expense.
The board adjourned to Friday night, when the financial report was presented and approved.
Board of Education.
At the caucus for the nomination of a president and two members of the board for three years, John Pettit was elected chairman and Jas. Kelagher secretary. The nominations made are as follows:
President, W. G. Dustin.
Members, N. N. Mickelson and E. T. Miller.
There was a very small attendance at the caucus. The election takes place from 2 till 4 o'clock this afternoon, and the people, including the ladies, should turn out and vote.
Reports.
Supervisor E. T. Potter's report and Al Haynes' report as treasurer of Commissioners of Highways of Round Grove are published in this week's STAR and HERALD.

Special Masonic Train.
Over twenty of the enthusiastic members of the Livingston Lodge of Masonry of Dwight chartered a special train on the Alton road yesterday and left last night at 8:30 for Wilmington, where they confer the Most Excellent degree on nine members of that popular order. After the ceremonies a grand banquet was held and ample justice, toasts responded to and a general good time enjoyed by all. Following are the gentlemen who went on the special:
Messrs. Romberger, Judd, Oughton, Ed. McWilliams, F. Vickery, Baird, Crandall, Peterson, Blaine, Broughton, Williams, Joe Miller, Bovik, Oakshott, Lewis, Parsons, Ford, Buck, Mills, W. Hagerty, A. Hanson, Leach, Jensen.
Butter.
The carpenter work on the butter factory was finished Tuesday and the machinery is being put in. The company expect to be ready for business about the first of May.
There is one thing the new board of trustees should do as soon as practicable, and that is to put a bridge across the Gooseberry on Delaware street for the accommodation of the farmers bringing milk to town. The way it is now those coming in from east have to drive near the railroad and accidents are very liable to occur.
Easter Services.
There will be Easter services at the Congregational church Sunday, April 17th, at 11 a. m. Rev. Cole will preach a sermon on 'Resurrection' in the morning. Printed Easter service of songs, and anthems and responsive readings in the evening at 7.30. The church will be appropriately and beautifully decorated with flowers.
The services at the M. E. church will also be very interesting and great preparations are being made, and the programme will be grand, and the floral decorations beautiful. All are invited.
Our Postoffice.
In conversation with some of the employees of the sub-treasury office in Chicago, we learned that there was not a postoffice in the west, or anywhere else for that matter, that had increased in the amount of money turned in as fast as Dwight. There is not a town of its size in the United States that does as much business as the Dwight office. Thus the fame that Dr. Keeley has given us spreads abroad, even in the postoffice department at Washington.
Danish Lutheran Church.
Rev. Miller, of Sheffield, this state, preached at the Danish Lutheran church last Sunday. His sermons were very interesting and instructive. He will probably be here every two weeks until the new pastor comes to stay.
The new parsonage is well under way and will be ready for occupancy about the first of May. Rev. Bekker, of Iowa, will then take possession and regular services will be held.
High School Presentation.
Friday afternoon the Benedicta society of the high school presented that department with five handsome pictures, purchased with part of the proceeds of their recent entertainment. Prof. Schlabach presented three and Estes Buck two, in a happy manner. They will adorn the walls of the high school room, and is a very creditable move on the part of that society.

'Twenty Years of Hus'ling.'
We enjoyed a pleasant call from J. P. Johnson, the author of the book mentioned above, Thursday of this week. Already there has been over 120,000 copies of this wonderful book, so true to nature, sold. The book is the personal experience of Mr. Johnson for over twenty years in almost every conceivable business and occupation. The book is full of thrilling and funny experiences as an auctioneer, peddler, etc. We have only glanced over the work so far, but as soon as we read it we shall have some more to say about it. Mr. Johnson looks like a hustler. We return thanks for a copy of his handsome book. It is on sale at Hutchinson's news stand and at Henry Lawrence's cigar store.
