## Bichloride of Gold Club.

H. W. SHEPARD, REPORTER.

### ITEMS OF INTEREST

**Picked Up at the Club Rooms and Various Parts of the City.**

Mr. Quirk, of Iowa, left Monday for his home. He made a short address to the club.

B. F. Noble, of Matoon, Iowa, talked to the boys in a graduating address Saturday.

Mr. White of Iowa, was among the responses to "remarks of graduates" last Monday.

The club cleared about \$50 above all expenses from the Georgia B. Wells entertainment.

For parliamentary governings, the Bichloride of Gold club of this city is simply "out of sight."

Mr. Lippitt, of Wisconsin, was prominent among the graduates of Tuesday. He made a short talk to the club.

Secretary Kehoe's headquarters are now nicely situated in the new Diefenbach block on Mazon avenue. He has the two front rooms upstairs.

We receive subscriptions for the STAR AND HERALD and Banner of Gold for \$2.50 per year—only fifty cents more than the regular price of the latter.

Mr. Jenkins of Iowa left on Tuesday for his home. Mr. Jenkins has been a prominent member of the club, and leaves filled with courage and hope for the future.

Mr. Nelson of Minnesota was among the graduates who addressed the club Tuesday morning. Everybody knows Mr. Nelson and wishes him success on life's journey.

At the election of officers Thursday morning Robt. J. Reed of Chicago was elected president and Mr. Malone of Montana vice-president. Both are excellent selections.

Messrs. Thomas of Colorado, Ryan of Iowa and Sutton of Kentucky were among the gentlemen who responded to the call for graduating addresses Wednesday morning.

Ex-President March, of Massachusetts, was among the graduates of Monday. March made an excellent presiding officer, and has hosts of friends among the boys at the club. We wish him success.

The amount of plunder and rubbish that has been piled into the club room since the "annex" was started on its journey to the south end of town is something rather large.

"We Belt the World" is a sentence that applies equally well to the Keeley cure, the Bichloride of Gold club, and last, but by no means least, the STAR AND HERALD. We are "in it."

Mr. Pinney, of Chicago, responded to the call for remarks of graduates last Monday and made the boys a short talk before going away. Mr. Pinney has a large army of friends in Dwight.

Phillip Dwyer, jr., of New York, is a patient at the institute. He is one of the celebrated Dwyer family, well known among the owners of fast racing stock throughout this country.

A mock trial was held at the club room Wednesday evening, to give "variety" and "spice" to the evenings program. Its all very well for those who like it, but we must confess we don't.

Judge Morrison, one of the popular ex-presidents of the club, spent several days with friends here this week. The judge has recently had a severe attack of the grip, but we are glad to state is improving.

We will send to any subscriber paying in advance \$1.65, the STAR AND HERALD one year and Ople Reed's new book, "Emmett Bonlore." This is the celebrated book that Mr. Reed dedicated to Dr. Leslie E. Keeley.

Do you know that we send the official organ of the Associated Keeley Bichloride of Gold Clubs, the Banner of Gold, and the DWIGHT STAR AND HERALD for \$2.50 per annum IN ADVANCE? Your subscription is always in order.

That beautiful new and costly monument, the "annex," will stand where it is for about a week before the mud on our boulevards will dry sufficiently to allow it to be moved. It is extremely pleasant for ladies to walk around that old barn on muddy days.

A ticket system is to be used in the admission of outsiders to entertainments. Any member who has not a badge may get a ticket by applying to the secretary. Any member may be accompanied by a lady. This ticket business may be all right, but by this time next week the town people will

hold most of the tickets, and the members won't be "in it."

The annex was moved this week to the Hahn farm, where, in connection with the residence, it will be used as a club house for the present. If the progressive anti-license ticket is elected and proper improvements made an elegant club house will soon be erected.

J. M. Kelley, of Pittsburg, chairman of the executive committee of the Associated Keeley Bichloride of Gold Clubs, visited the Dwight club last Monday and talked to the boys for a few minutes. Mr. Kelly graduated at the Pittsburg institute some months ago, and says he has never once been sorry that he took the treatment.

We are in receipt of the New Orleans Delta, containing an open letter from John W. Adams, regarding his experience while at Dwight. He says, among other very sensible things, that the only thing he regrets is that "the step was not taken years ago." The Keeley Institute opened at New Orleans is located at 311 Jackson avenue, and, we understand, is doing grand work.

### Removal.

About April 1st the Keeley institute, 580 Locust street, Philadelphia, moved from their recent location to Media, Pa., on the P. W. & B. railroad, fourteen miles southwest from the Pa. R. R. depot, corner of Broad and Market streets. Media is beautifully situated, and the building being used for their work is commodious and well adapted for their requirements. All will be happy to receive calls from all interested.

### We Are Clubbing!

We will furnish the Banner of Gold and STAR AND HERALD one year for \$2.50, paid in advance.

We will furnish the Golden News, or Keeley Advocate, and the STAR AND HERALD one year for \$2, in advance. The Golden News is a four-page weekly paper, published in New York City, and is almost wholly devoted to the Keeley cure and news of institutes, and is profusely illustrated. S. H. Richardson, a graduate, is the editor.

### Capt. Reynolds Will Speak.

Capt. Reynolds, manager of the Keeley Institute, will address the ladies of the W. C. T. U. at their Tuesday meeting at the residence of Mrs. Frank Leonard, 501 South Third street. A full attendance is invited. Capt. Reynolds is a graduate of West Point and served for years on the frontier. He possesses the most scholarly attainments and is capable of delivering an interesting and instructive talk.—Rockford Star.

We didn't know the captain was an orator, but we did know that he had plenty of ability to be one if he felt disposed. All reports show that the Rockford Keeley Institute is doing nicely.

### Rev. Talmage Invited.

In all probability the members of the Bichloride of Gold club in this city will have the pleasure of listening to a lecture by the Rev. T. DeWitt Talmage in the near future. At the meeting Monday morning Secretary McNeill announced that Rev. Talmage would deliver a lecture before the club, if invited so to do, and on motion he was instructed to send the invitation. Rev. Talmage lectures before the Press club at the Auditorium in Chicago some time next week, and effort will be made to get a letter to him at that place.

Rev. Talmage is very much in favor of the Keeley treatment, as is shown by kind words concerning it in many of his lectures. Should he decide to come to Dwight he will no doubt be greeted by a large and enthusiastic audience, and make many friends among the members of the Bichloride of Gold club and citizens of the place.

### The Keeley Co.'s Investment.

The Leslie E. Keeley Co. has recently leased handsome property in Kirkwood, a suburb of St. Louis, formerly known as the female seminary, and it will be used as a branch institute. The tract contains four and one-half acres of fine land and the location is one of the finest in that section. The buildings include a large school house, which will be used for offices, treatment hall, etc., and that part used for boarding pupils will be used for hotel purposes. Mr. C. E. Byington, one of our popular newcomers to Dwight, we understand, will have charge of the beautiful hotel, and it is perfectly safe to say that it will be run in first-class style in every department. The Leslie E. Keeley Co. are very fortunate in securing such valuable property.

Mr. Ed. A. McCormack, of St. Louis, who is to be general manager of the new institute, is in Dwight this week making arrangements for the opening, which will occur the first of May. Ed. took treatment here in January, and his popularity was such that he was elected president of the club during his stay. We predict for the new institute great success.

Progress and Prosperity.

Wisconsin has within the last few years undergone a wonderful change, and is to-day one of the most prosperous and productive states in the union, and what has made it so? Why, because her rich fertile lands are well adapted and produce large crops of wheat, oats, corn, barley, rye, potatoes, hay, flax, hops and tobacco; because her enormous manufacturing interests, the quantity and value of her live stock, saying nothing of her mining products, fisheries and enormous water powers. This is a desirable state for settlers intending to locate in the Northwest.

The Wisconsin Central Lines, as its name would indicate, penetrates the center of the state and tributary to its lines are the choicest farming and timber lands. Among the many thriving cities and towns along this popular route are Burlington, Waubesa, Fond du Lac, Oshkosh, Neenah, Menasha, Waupaca, Stevens Point, Chippewa Falls, Eau Claire, New Richmond and Ashland.

The True Southern Route to California.

A new through route to California has been opened by the Chicago & Alton Railroad in connection with the St. Louis, Iron Mountain & Southern Railway, Texas & Pacific Railway and Southern Pacific Company. The geographical position of this route recommends itself particularly during the winter months to the overland traveler, and invalids at all seasons of the year will appreciate "the true Southern Route to California," for it is without high altitudes, and the possibility of snow blockades is absolutely precluded. The traveler also passes through or near the most fertile and productive lands of the West, and the most important California points. Direct connection is made with this sleeping car by through trains of the Chicago & Alton R. R. For further particulars call upon N. H. Coole, ticket agent, Chicago & Alton R. R., Dwight, Ill.
