Bichloride of Gold Club.

H. W. SHEPARD, REPORTER.

ITEMS OF INTEREST

Picked Up at the Club Rooms and Various Parts of the City.

Ex-President Rowal, of Danvers, Ill., is visiting the club. He addressed the members at length Wednesday morning.

Col. Nate A. Reed, editor of the Banner of Gold, was an interested listener to the club's proceedings Thursday morning.

Messrs. Van Sickle, Bowers, Wood and G. F. McAllister were constituted a committee on amusements Tuesday morning.

The man who stoops so low as to sell his honor and club badge is not in it if the club finds it out. He was ignominiously fired out last Saturday morning.

Mr. Edick addressed the boys with a few cheering remarks Wednesday. It was his graduating day and he was in the usual good spirits of the graduate.

Mr. Rifler, of Springfield, a former graduate and prominent member of the club while here, visited the club and addressed its members Monday morning.

Mr. Farrell of Missouri addressed the club Wednesday morning. Mr. Farrell has been a prominent club member, and leaves for his home full of renewed courage and hope.

Among the graduates of Thursday, who made the club a short graduating address was Mr. Noland, who left for home that day. Mr. Noland's many friends wish him success.

Prominent among the graduating addresses of Monday was that of Mr. Monroe of Chicago, who departed for his home that day. He leaves thoroughly cured of the liquor disease.

Mr. Williams, of Decatur, graduated with high honors Sunday night and addressed the club Monday morning. He left for home the same day, carrying with him the best wishes of many friends.

Mr. Rhea, of Constableville, N. Y., was one of the graduates who favored the club with a short address Tuesday. Mr. Rhea has been an enthusiastic patient and club member and we have no doubt of his permanent cure.

The entertainment to have been given last Saturday night at the club room was postponed until the following Wednesday, owing to the amusement committee's inability to provide a good programme on so short notice.

Fred Lavercombe, of Chicago, an ex-graduate and enthusiastic member of the south side Chicago club, visited over Sunday with friends in this city. Fred is a genuine good fellow, a red hot Keeleyite, and his many friends in this city are always glad to see his smiling face.

President Harry Hammond of Chicago, left for his home Wednesday. Mr. Hammond was a most popular club member, and his friends heartily wish him the success he so richly deserves. Vice President Benner served out his term of office.

There were two candidates for the office of president Thursday morning, Mr. Smithers of Delaware, and Dr. Wann of Chicago. Mr. Smithers received 36 votes and Dr. Wann 22, thereby electing the former. Mr. Smithers is a quite prominent club member and will make an excellent officer.

Mr. Kinney made a brief address to the club Thursday morning in which he said he had drank many toasts in his life, but that he intended to drink one now with pure liquor to the health of his best friend. He then poured out a dose of "dope" and proceeded to toast Dr. Keeley in the most approved fashion.

Fake Cure.

There are now 200 imitations of the Keeley cure in full blast in various parts of the country. A couple of country sawbones at Stanford, a short distance north of here, weary of sloshing around through the mud for a precarious living, have set up an establishment for the cure of inebriety and the opium habit. But a short time since every pill smith in the country was decrying the Keeley cure, now they are trying to steal it. Dr. Keeley recently stated in Talmage's church in Brooklyn that but three men knew the formula employed in his treatment. The compounds and preparations of the alleged liquor cures, outside of the Keeley company, are valueless, and who ever spends money thereon is swindled. There is but one cure for inebriety and that is the original Keeley cure. It is a cure.—Joe Reed.

Cured of Dipsonania.

A few weeks ago Geo. F. McAllister, a fine business man and popular with all who knew him, heeded the appeals of friends and went to Dwight to seek treatment for dipsonania. Mr. McAllister was a tetotaler for years and no man felt or looked better, but he was tempted and fell. Concerning the treatment he is receiving, we publish the following letter which he requests be made public:

DWIGHT, Ill., May 30.—EDITOR, COURIER: THE COURIER comes to me every morning as a welcome harbinger and it does me as much good as a dose of the remedy I am required to take after being shot with one of Keeley's guns, and words cannot express the benefit I have received even up to the present date (from that remedy.) But when I left home on the 19th inst., to come to the Keeley Institute, I had no faith in the treatment. I have always thought the B. C. of G. institution was a fraud, consequently I had an aversion against coming, and I also thought they would put me in a room with a lot of bums and the slums of creation, which was an entirely erroneous idea on my part, I also expected to be looked down upon with contempt by the most of my acquaintances. But I came to the conclusion that the happiness of my family and the restoration of my once vigorous manhood was paramount to all others, and stimulated by the desires of my wife and the solicitation of two revered gentlemen of our city, I concluded to come and here I am. I had also determined in my mind that in case the treatment did me good to praise Keeley, and if it failed to condemn him, but I am here to-day to cast my ballot for Keeley and his cure. More anon.

Yours truly, Geo. F. McALLISTER.

The True Southern Route to California.

A new through route to California has been established by the Chicago & Alton Railroad in connection with the St. Louis, Iron Mountain & Southern Railway, Texas & Pacific Railway and Southern Pacific Company. The geographical position of this route recommends itself particularly during the winter months to the overland traveler, and travelers at all seasons of the year will appreciate "the true Southern Route to California," for it is without high altitudes, and the possibility of snow blockades is absolutely precluded. The traveler also passes through or nearly touches every winter resort of California, Arizona, New Mexico, Texas, Arkansas, Louisiana, Florida, and the Gulf of Mexico. Direct connection is made with this sleeping car by through trains of the Chicago & Alton R. R. For further particulars call upon N. H. Coole, ticket agent, Chicago & Alton R. R., Dwight, Ill.

County Superintendent's Notice.

Examinations for second grade certificates will be held in my office on the third Friday and Saturday of each month except July. The candidate must pass a thorough examination in the structure and use of words, reading, penmanship, arithmetic, grammar, geography, history, physiology, Page's Theory and Practice and school law in so far as it refers to teachers, pupils and directors, and must also show a satisfactory knowledge of the course of study for this county.
