ITEMS OF INTEREST

Picked Up at the Club Rooms and Various Parts of the City.

Mr. Blackburn was among the graduates of Monday who addressed the club at the morning meeting. He leaves full of courage and hope for the future.

Among the graduates of Tuesday were Messrs. Odell, of Jones, Mich., and Finimore, of Chicago. Both made good, strong, encouraging talks to the club.

Mr. Rufnot was prominent among the graduates of Monday morning. With the beginning of this week Mr. Rufnot started on a new life which we hope will be free from alcohol.

Work on the new opera house goes merrily on, and soon Dwight will have as nice a place of amusement as can be found in this section of the state. The foundation is almost completed.

Dr. Nelson, of Fertile, Mich., an old graduate, addressed the club on the effects of the Keeley treatment Wednesday morning. He is still strong in the faith and we have his word for it that he will always remain so.

Messrs. Palmer, Murphy and Bigelow were graduates of Wednesday. All made excellent speeches to the club, which fully showed their determination to make their future life a credit to themselves and to the club.

Mr. Clark, of Chicago, an active member of the club the past four weeks, spoke to the club for a few minutes last Saturday morning. He graduates and leaves for home filled with confidence for his ultimate success.

Mr. Connell, of Scranton, Pa., and Mr. McAllister, of Lacon, were candidates for the office of president Thursday morning. The ballot resulted in 36 votes for Mr. Connell and 23 for McAllister. Mr. Falkenberg was elected vice-president.

Col. W. S. Thomas, of Pittsburg, Pa., came in Wednesday afternoon on a short visit. Col. is an enthusiastic club member at Pittsburg, and takes an active part in all that pertains to its welfare. His many friends in Dwight are always pleased to see him.

Ex-President Brown, of the Chicago & Alton road, was a visitor to Dwight Wednesday. Mr. Brown took treatment here in October, and made many friends during his stay. His business takes him through Dwight quite frequently, and he says that no place on the Alton road holds out such attractions for him as this city.

Since we inaugurated the club department of the STAR and HERALD we have received hundreds of letters from graduates all over this broadland, each singing the same song, that of praise and thanksgiving to their great deliverer, Dr. Leslie E. Keeley. Surely no one can see the grand work of the Keeley treatment and remain unconvinced.

We have received a copy of the "Oak Wreath," a paper devoted to spreading the benefits of the Keeley treatment, and published by the Bichloride of Gold club of Oak Crest, Maryland. It is a neatly-printed 7-column folio, and contains much news of interest to club members and graduates. We accord it a prominent place in the Keeley department of journalism, and wish it all the success its noble objects deserve.

Amos O. Cole's new piece, "Dr. Keeley's Triumphal March," is rapidly becoming one of the most popular instrumental pieces of the day. It is published for either piano or organ, and has a beautiful title page on which appears a picture of Dr. Leslie E. Keeley and the composer, Amos O. Cole. The piece is descriptive, and certain passages are marked "Morning Shot," "Time to Dope," "To the Club Room," etc., etc. The piece has already a wide sale.

Pasturage.

The pasture on the Davis farm, two and one half miles south of Dwight, will be open for stock this season. Parties desiring to secure pasture for stock will apply to C. M. BAKER.

The True Southern Route to California.

A new through route to California has been established by the Chicago & Alton Railroad in connection with the St. Louis, Iron Mountain & Southern Railway, Texas & Pacific Railway and Southern Pacific Company. The traveler also passes through or nearly touches every winter resort of note in Arkansas, Texas, New Mexico, Arizona, California, elegant Pullman Drawing-Room Buffet Sleeping Cars are run through daily, with- out change, from St. Louis to Los Angeles, San Francisco and other important California points. Direct connection is made with this sleeping car by through trains of the Chicago & Alton R. R. For further particulars call upon N. H. Coole, ticket agent, Chicago & Alton R. R., Dwight, Ill.

TRIED FOR 20 YEARS

ONLY Genuine and Original.

The great success of our treatment has given rise to a host of imitators unscrupulous persons, some calling their preparation Compound Oxygen, often appropriating our testimonials and the names of our patients, to recommend worthless concoctions. But any substance made elsewhere, or by others and called Compound Oxygen is spurious. "Compound Oxygen—Its Mode of Action and Results" is the title of a book of 200 pages published by Drs. Starkey & Palen, which gives to all inquires the full particulars of this reliable curative agent, and a record of surprising cures in a wide range of chronic cases—many of them after being abandoned to die by other physicians. Will be mailed to any address on application.

DRS. STARKEY & PALEN, 1529 Arch St., Philadelphia, Pa. Please Mention this paper.

NOMINATION IS EQUIVALENT TO ELECTION.

That is to say, if you are going to the National Democratic Convention and will nominate the

CHICAGO & ALTON as your route to Chicago, you are thereby "elected" to reach that city with the greatest possible comfort at

THE LOWEST RATES

of fare. The Convention commences June 21, 1892, but "the Alton" will sell excursion tickets to Chicago and return, at one fare for the round trip, from all points on its line with a radius of 250 miles of Chicago, June 17, 20, 21, 22 and 23, 1892, good for return passage up to and including June 27, 1892. From points on its line outside a radius of 250 miles of Chicago, "the Alton" will sell excursion tickets at one fare for the round trip June 17 to 21, inclusive, good for return passage up to and including July 6, 1892.

THE WORLD'S FAIR.

Aside from being a grand opportunity to attend the National Convention, the low rates made by the Chicago & Alton give everybody a chance to visit the site of the World's Fair and see for themselves what wonderful progress had been made in the construction of the buildings and preparation of the grounds. Chicago's famous park and boulevard systems will be at their best and a stay in Chicago, if even for a short time, will be of

PARTICULAR INTEREST.
