Bichloride of Gold Club.

H. W. SHEPARD, REPORTER.

ITEMS OF INTEREST

Picked Up at the Club Rooms and Various Parts of the City.

The beautiful shady club house grounds are greatly appreciated during the hot weather.

The club entertainment Thursday evening was well attended, and an enjoyable evening was spent by all.

Judge McSherry, of Joliet, an enthusiastic graduate was in town with a friend in need Thursday.

Mr. Geo. R. Scott, of South Bend, Ind., finished his course of treatment and left for home Tuesday.

The Keeley Institute at Dwight for the cure of the liquor habit is a demonstrated success and has been the means of saving thousands of bright, brainy men from premature and dishonored graves.

A Golden Opportunity.

The Golden Mutual Benefit Association of America is the name of a new insurance organization but recently started for the benefit of those who have taken the double chloride of gold or Keeley treatment.

The Golden Mutual Benefit Association (or G. M. B. A., as it is more conveniently called) is not in any way connected with the Keeley institutes nor is it associated with the B. C. of G. clubs.

The annual Institute will open at the school building in Pontiac, Ill., July 25 and continue two weeks.

We expect every person intending to teach in this county at any time between Sept. 1 1892, and Sept. 1 1893, to be present at this institute during the full term.

The new course of study will be ready for distribution at the opening of the institute and full instruction will be given in its use.

The last examination before September will be given at the close of the institute. No examination will occur in July.

County Superintendent's Notice. Examinations for second grade certificates will be held in my office on the third Friday and Saturday of each month except July.

This feature, combined with the "graded" assessment plan, which experience has demonstrated to be the only reliable method for mutual assessment societies to insure longevity.

For a first grade certificate, the candidate must be qualified in all that is required for the second grade and in addition must pass an elementary examination in the philosophy, zoology and botany.

only for the present but for all time to come.

The endorsement which has come to the organization from all sides certainly should be very pleasing to them, for it has not been usual for mutual benefit societies to receive such; but it is a one hundred cents on the dollar institution from the issuance of the first certificate; run on a purely business basis under the management of well known and thoroughly reliable business men, and cannot fail to interest anyone and everyone desiring first-class, reliable insurance at the lowest possible cost.

Another thing that strikes us forcibly is the eliminating of all ritualistic forms. We do not depreciate lodges of any kind, but we are glad to know of one reliable assessment insurance society that does away with red tape and presents its plans in a purely business way—a statement which we have no doubt will be widely endorsed by business men generally.

Institute News.

Miss Mamie Bertwhistle is visiting relatives in Cincinnati during her vacation.

Major Judd was in the city on business, Saturday.

Clarence Rabe visited in Braceville Saturday.

Miss Sadie Clarkson is spending her summer vacation visiting relatives in New York.

Miss Etta Baker visited friends in Chicago Sunday.

Miss Martin returned from her eastern visit Tuesday.

Dr. Mayhew, medical director of the Rockford institute, called on friends here last week.

Miss Stewart returned Wednesday from a short visit with her parents in the city.

All the institute employees enjoyed the Fourth.

Frank Williams visited in Geneva, Ill., his old home, during his vacation.

Will Losee made a trip to Lincoln, Neb., last week.

Engineer Bartholic took a vacation last week.

J. R. Oughten was in Wisconsin several days recently.

Distances to Washington.

From St. Louis to Washington the distance is 894 miles; from Cincinnati to Washington 553 miles; from Chicago to Washington 813 miles. This is via the bee line followed by the B. & O. railroad the most picturesque as well as the most direct route from the Mississippi River to the Atlantic Seaboard, stretching across level and fertile prairies, amid hills and valleys, over mountain crests, along banks of historic rivers, through teeming cities and bustling towns.

Livingston County Annual Institute. The annual Institute will open at the school building in Pontiac, Ill., July 25 and continue two weeks.

We expect every person intending to teach in this county at any time between Sept. 1 1892, and Sept. 1 1893, to be present at this institute during the full term. An unusually efficient corps of instructors has been secured, and the successful teacher as well as the excellent scholar will find it beneficial to attend steadily.

The work done in the county this year, considering existing conditions, was most excellent. It was surpassed by that of few counties in the state. Let us be second to none next year. Let us take a step forward all along the line.

The new course of study will be ready for distribution at the opening of the institute and full instruction will be given in its use.

The last examination before September will be given at the close of the institute. No examination will occur in July. For further information see circular about to be issued.

HENRY A. FOSTER, County Superintendent.

County Superintendent's Notice.

Examinations for second grade certificates will be held in my office on the third Friday and Saturday of each month except July. The candidate must pass a knowledge of the structure and use of words, reading, penmanship, arithmetic, grammar, geography, history, physiology, psychology and practice and school law in so far as it refers to teachers, pupils and directors, and must also show a satisfactory knowledge of the course of study for this county.

For a first grade certificate, the candidate must be qualified in all that is required for the second grade and in addition must pass an elementary examination in the philosophy, zoology and botany. Estimated in per cent the required average for the second grade will be a minimum of 70; for the first grade 70 with a minimum of 70. Satisfactory evidence of a knowledge of methods of work will be required before a second grade certificate is issued, and conclusive evidence of the work on success in the work outlined for this county must be given, before a second certificate of any grade will be granted. A fee of one dollar will be charged for each examination.

H. T. McLANE. TRIED FOR 20 YEARS ONLY Genuine and Original.

The great success of our treatment has given rise to a host of imitators unscrupulous persons, some calling their preparation Compound Oxygen, often appropriating our testimonials and the names of our patients, to recommend worthless concoctions. But any substance made elsewhere, or by others, and called Compound Oxygen is spurious.
