We have in our office a bunch of clover that is exactly five feet in height. When it was growing a tall man could stand up straight with his feet at the roots of the plant, and take the blossom in his mouth. It is of the variety known as the Medium Serl. It grew on Dr. Payne's farm and was sown one year ago last spring by Mr. S. T. Lockhart, and as this is the first year it has been cut, of course it can not be expected to be at its best. Who would leave such a country and go to Kansas?

The St. Bernard will pass through Dwight tomorrow on their way to Denver, about noon on a special train. Our John, in his office of Q. M., is to look after everything pertaining to the comfort of the corps, and the members were so well pleased with his work last year on their Canadian trip that they presented him with a leather trunk, valued at about \$50. It is clearly evident that the St. Bernard boys know a good thing when they get it.

For some time past the reformatory officers have been taking a gang of the boys to the river to bathe. The place they have been going to is near the cemetery, and Thursday afternoon last about 75 were marched down. The boys stripped and jumped into the river as usual, but the heavy rain of last week had raised the river about two feet, and a couple of the boys got beyond their depth. One was seized at once and brought ashore; the other boy sank and it was several minutes before he was found, and then it looked as if he was beyond resuscitation, but vigorous efforts by officers, assisted by Dr. Holtzman, who was brought to assist them, finally restored him to consciousness.—Free Trader.

Eugene McDonald Drowned. We clip the following from the Algona, Iowa, Republican. The young man spoken of is a son of a former resident of Dwight:

Eugene McDonald, of Burt, was drowned in the Des Moines river near the bridge east of Burt yesterday afternoon about 5 o'clock. The particulars of the sad affair as reported this morning, are as follows:

Eugene, in company with one of the Paine boys and one of the Shaeffer boys went down to the river in the course of the afternoon to bathe. In attempting to walk across on a floating log he lost his balance and fell into the water. The river is not very wide at that point, but not knowing how to swim he was unable to get out. The boys tried to assist him, and one of them was dragged to the bottom and nearly drowned in the attempt. They returned to Burt very greatly frightened and a party immediately set out for the river. The body was found in a few moments in about ten feet of water.

The funeral is to take place this afternoon at four o'clock and will be attended by a body by Company F, of which he was a member. Eugene was a very bright and promising young man. He recently graduated from the Iowa Business College, at Des Moines, and has been engaged this summer until the last few days in the County Recorder's office. The news of his tragic death will be a shock to the many people in Kosuth county who knew and admired him. His widowed mother will have the sincere sympathy of all.
