Please bear in mind that there is no necessity of sending any printing outside of Dwight to be done. Its duty of every man to stand by his home and his home institutions. Is the Gooseberry a living stream? It lives very high some times, but is dead most of the time. Old residents say that it has never been alive but one year in their remembrance. We'll bet we can call the turn on the man that caused the Times article to be written, and he should not be quite so hot-headed, and try and get some one to regulate the wheel in his head. We are indebted to Sir Knight John Pettett, of St. Bernard Commandery of Chicago, for a handsome colored view of the Masonic Temple, the future home of that celebrated commandery. A marriage license was issued last week to John Flock, of Dwight, to marry Minnie Wehling, of Seneca. Everyone knows John and wishes him and his bride a happy and prosperous future. A train broke in two about a mile south of town early Tuesday morning, and when the front part slacked up the rear part ran into it at full speed. Essay on Music. The small boy gets there occasionally with the rest of humanity. It being so near schooltime and having an occasional "Tommy" in every community, probably the following from the Detroit Free Press will be appreciated: All noises of two kinds—musikal and otherwise, generally otherwise. When music begun nobody is sure. Mebbe when Adam waked up on creation mornin and went out to kill a spring Chicken for Eve's breakfast, he heard the first Cow conratelo which made our father feel very bad. It made him worse to go in the house and hear Eve singing "Sweet Violets" to little Cain, who was afterwards a murderer and no wonder. Several hundred years after that "Only a Pansy Blossom" was composed and then begun the "Dark Ages." Now music rule the world. I found that in a book. No other art or science ever had so many followers—not even poker. And that is why we have Gilmore's Orchestra and Thomases band and the High School Orchestra. Among the greatest musishuns the world ever seen is Mozart and Beethoven. Sappho gave piano, violin and harmony lessons in ancient Greece, and he came so famous that she had a ferryboat named after her. Mozart is best known by a picture called "Last Hours of Mozart." Sappho, Mozart and Beethoven are dead, but Joe Flinn still lives, because he wrote "Down West McGinty." I will close my easy with some sweet m's c of my own: Of all sweet words that tongue can speak, The sweetest are these, 'no school next week, TOMMY. Kankakee. The second annual fair, Kankakee Fair association, will be held in that city Sept. 13-16 inclusive. The attractions are greater than ever and undoubtedly will be largely attended. The association has fine grounds and Kankakee is a good place to go to. We acknowledge the receipt of a complimentary ticket. Fire.
