The True Southern Route to California. A new through route to California has been established by the Chicago & Alton Railroad in connection with the St. Louis, Iron Mountain & Southern Railway, Texas & Pacific Railway and Southern Pacific Company. The geographical position of this route recommends itself particularly during the winter months to the overland traveler, and invalids at all seasons of the year will appreciate "the true Southern Route to California," for it is without high altitudes, and the possibility of snow blockades is absolutely precluded. The traveler also passes through or nearly touches every winter resort of note in Arkansas, Texas, New Mexico, Arizona or California. Elegant Pullman Drawing-Room Buffet Sleeping Cars are run through daily, without change, from St. Louis to Los Angeles, San Francisco and other important California points. Direct connection is made with this sleeping car by through trains of the Chicago & Alton R. R. For further particulars call upon R. H. Coole, Ticket Agent, Chicago & Alton R. R., Dwight, Ill.
