

Board Meeting.
At a special meeting of the village board last Tuesday night for the purpose of devising means to conduct the water works on a paying basis, there were present the president and all the board and quite a number of citizens. A petition was presented asking that Seminole street be opened across the C. & A. road. Not granted.

A petition for a very much needed sidewalk in Renfrew addition near Mr. Starwalk's residence was granted. J. A. Spencer was present and was requested to state his case. He occupied about two hours in discussing his proposition to build a stand pipe and furnish water for the village. His proposition was similar to that stated in last week's STAR AND HERALD. The members of the board, however, could not see how they could better themselves by accepting any such proposition, and by a unanimous vote declined to entertain it.

Alderman Flagler made a motion that the water works committee and president of the board call on the people for help to erect a stand pipe. The motion was carried.

A Stock Company.
As it is up hill work to raise money by donation to build a stand pipe, Mr. Romberger, president of the village board, suggests a way out of it that certainly deserves ultimate success. He proposes to form a stock company and build a stand pipe and rent it to the city for ten or twenty years at a nominal rental of six per cent. on the money invested, the village to have the privilege of buying it at any time. A good stand pipe, sufficient for the needs of the village, can be erected for \$3,500, and the rental would be \$210, and would do away with the night engineer which costs \$480 a year, and save \$270 until the village purchased it. There should be no trouble in forming such a company.

Meeting of the Auxiliary.
The attendance Wednesday afternoon at the Woman's Keeley Auxiliary League was very good. Certain lines of work were decided upon by the ladies first of which is the relief work and a committee on relief fund was appointed as follows: Mesdames C. L. Romberger, Harry Lawrence, Dr. Uebel, Ann Barr, and Ida B. Cole. Visiting committee, Mrs. Dr. Broughton, Mrs. Austin. The Ladies Auxiliary will give a reception on New Years eve to the members of the Keeley League and the patients, their families and friends and all others who are interested in this work. It will probably be given in the Keeley League club room. Three new members were received Wednesday making a total membership of thirty ladies.

Thirteen Months For \$1.25.
If any of our subscribers know of a family that do not take the STAR AND HERALD, please state to them that they can get it from now until Jan. 1 1894, for one years subscription—\$1.25. There is not a local weekly paper in Livingston county or adjoining counties that give the amount of home reading matter that the STAR AND HERALD does. Last week we printed fourteen columns of home and county news. The three Pontiac papers combined only had about eighteen columns, and we have them on file at this office and can show them. Everyone of the Pontiac papers are \$1.50 per year and the STAR AND HERALD is \$1.25 if paid when it should be—in advance. If not paid within 30 days of expiration it will be \$1.50 after Jan. 1, 1893.

Big Failure at Joliet.
The Stone City bank and the wire works owned by the same concern, have failed and closed their doors. It is said that the depositors will be heavy losers, and many of them are laboring people.

Concert.

Lovers of music—real live music that charms the ear and delights the soul—will rejoice to learn that Manager Romberger has engaged the Schubert Symphony Club and Lady Quartette for one of their unique and delightful entertainments in our city Monday evening Dec. 12. This company is traveling to entertain the people, not to educate the public, and right royally do they succeed. Their program is rich in amusing and entertaining features, and contains Lady Quartettes, Barjo, Mandolin and Guitar Club, String Quartettes, Violin and Cornet Solos, Comic and Serious Readings, Soprano and Contralto Solos, and songs, recitations, and violin solos by the greatest of all five-year-old prodigies, Master Tommy Puocell. Look up the program of this company and you will see that it promises to be a rich treat for all, one that none can afford to miss attending.

Hose and Packing.
Eyer Bros. have a fine lot of section hose, all sizes, for tanks, pumps etc. Also all kinds of packing for engines and pumps and all kinds of engine trimmings. Owners of engines and those having pumps to be repaired should bear this mind.

The Postoffice.
The candidates for postmaster in Dwight, or a part of them, at least, have agreed to submit the matter to a vote, as recommended by the STAR AND HERALD. There is a difference of opinion as to who should vote—whether all the patrons of the office, or the democratic patrons of the office, or the people of Dwight, or the democrats of Dwight, shall have a right to vote. Mr. Kelagher says he is not particular how they vote; Mr. Buck says he is in favor of only the democratic patrons of the office voting and that there be no electioneering; but others we have not heard from, but understand they are all willing to submit the matter to vote, which is a very sensible view to take.

Kansas Land Advocate.
The above title has certainly been won by C. Y. Trice, honestly and intelligently, and to-day he stands at the head of all dealers in western lands in this part of the country. His success has certainly been remarkable. By fair and honorable dealing his reputation has become such that he has only to announce that he is about to make a trip to Kansas, and he has more applications than he can handle. And what is still more wonderful every body buys. What speaks well for C. Y. Trice is the fact that the people of Kansas where he has done business for years, are his friends, and every time he makes a trip the newspapers there are full of good things about him. He is liberal in his dealings and there is nothing small about him. He makes money and believes in the old adage of "Live and let live."
Mr. Trice left for Kansas last night, but will return in a few days.

The literary and athletic entertainment at the town house Tuesday night resolved itself into a committee of the whole on the following question: "Would it be better to run the water works for the interest of those that paid for them or for Mr. Spencer's pocketbook?" Aldermen Flagler, Leach, Taylor, Stevens and Buck and several outsiders took the negative and Mr. Spencer took the affirmative. After an exhaustive argument, lasting nearly three hours, the question was decided in the negative by vote of the city dads. Mr. Taylor had on the gloves most of the evening, but although some very hot literary blows were exchanged, the athletic part of the performance did not materialize. Referee Romberger declared in favor of a pipe of peace—a stand pipe.

The December Cosmopolitan.
In view of the fact that Sir Edwin Arnold will very likely be the next poet laureate, one turns with interest to his most entertaining article in the December Cosmopolitan on a "Japanese Watering Place." The same number contains seven portraits of Tennyson and interesting views of his late home and surroundings. Thus, Gorman has penetrated the mysteries of the silent trappists' monastery with a profane kodak; Murat Halstead discusses "Varieties of American Journalism." Herman throws "Light on the Black Art" and Theodore Roosevelt and Maurice Thompson each contribute interesting articles. A feature of the number is twenty-four portraits of Parisian journalists, with sketches of their work. A curious bit is found in the contract of the double frontis pieces which adorn the magazine—on one side the marvelous painting of the "The Conquerors," by Frizel, which attracted so much attention at the last Paris salon, and on the other "The Conqueror," by Anton Dietrich; in the one the heroes of war mowing down the vista of the centuries in magnificent array between ghastly lines of naked corpses, the other the unfortunate of all times and lands flocking beneath the gentle hand of the loving Christ. The Cosmopolitan will mark its first edition of 150,000 copies—that of January—by the offer of 1000 free scholarships. In return for introducing the Cosmopolitan into certain neighborhoods the Cosmopolitan offers to any young man or woman free tuition, board, lodging and laundry at Yale, Vassar, Harvard or any of the leading colleges, schools of art, music, medicine, or science. They send out a pamphlet on application telling how to obtain one of these free scholarships.

Advertising is not a luxury but a necessity. It is one of the essentials of doing business; a business man struggling along against competition without advertising is like a small boy on ice without skates. The territory is there but he has no means to utilize it. Advertise your goods and get the most off your back.

ORLANDO, FLA., June 2nd, 1893.
MESSRS. LITTMAN BROS. PROP. P. P. P. SAVANNAH, GA. GENTLEMEN:
I feel it my duty to inform you of the cure your wonderful medicine P. P. P. wrought in my case. I have suffered for two years with Dyspepsia and Malaria in the worst form, and was a daily sufferer from sick headache. My bowels did not act but twice a week and frequently only once a week. I could not retain half a ste and my stomach was always uncomfortably heavy; I tried pills, all kinds of medicines, but only found temporary relief in them; I was despondent and was hoping to soon find relief in death.
Seeing your P. P. P. advertisement I decided to try it and requested Dr. Peak to get me a bottle, and after taking that bottle I felt one hundred per cent better; I have taken two bottles and will soon get another, I can now eat in peace and enjoy everything, and can sleep like top. My headaches have ceased and my bowels are regular. I would advise all sufferers like myself to give P. P. P. a trial, and they will write you as I have that P. P. P. beats any medicine on the market. Yours truly,
CURTIS COLLEVER, Artistic Painter.
