What's the matter with compelling the sewer contractors to place the streets in as good condition as they were. Nothing Done.
As far as we can learn there has been nothing done regarding the raising of money for a stand-pipe, either by subscription or for the formation of a stock company. The chairman of the committee, whoever he is, should not delay this matter. A stock company will be found much easier to form, if, indeed, there is anything easy about it. But surely it will take work to do anything and the committee should not delay the matter. There is no doubt about there being some way out of the water works difficulty, and eventually putting them on a paying basis, without giving them away.
A Faithful Dog.
It is safe to say that anyone must pay for what he gets at Jacobson & Smith's cigar store. Jacobson's boy and the big black dog, Rover, opened up the store Thursday morning, and shortly after a couple of hard looking customers came in and got two ten cent cigars and started out refusing to pay for them. The boy told them to put up or he would set the dog on them. They still refused and the boy said "sick 'em Rover." Rover caught one of them by the lapel of the coat and held him without biting him. The tramps paid the twenty cents mighty quick and were glad to get away. Rover is all right.
