Harry Lawrence returned Monday from a trip through Missouri, Kansas and Illinois, where he has been organizing Keeley Leagues. Mr. Lawrence has proved the right man in the right place and has been very successful. He has an extensive acquaintance and his acquaintances are all his friends, and his manner and talk impresses the listener with the fact that he knows what he is talking about and means business. In other words Harry is not an orator by any means but he can talk more business in a few minutes than a great many orators can in an hour. He will remain in Dwight for a week or two and then go out again.

One Year.

The Colorado Springs Keeley Institute, of which Colonel Harry Inley is manager, celebrated the first anniversary of its establishment, on the evening of the 16th, in the First Baptist church of that place. A splendid musical program was arranged and interesting remarks were made by several ministers of the gospel, graduates and members of the institute. We clip the following from the R-Public and Telegraph regarding Colonel Harry's remarks.

Major Harry E. Inley, the manager of the institute in this city from its inception, under whose direction it was founded and to whose ability and genial cordiality is due in a great measure the results of its work, said that of an aggregate of about 400 men and women, who have taken the cure, not more than 5 per cent. have gone back to their habits. The institute has been the cause of the remarriage of eleven couples and the marriage of two couples. The management has disbursed in this vicinity and among the business men

nearly \$37,000, which of itself shows ample reason for the support of the institute from a business point alone. The major referred to the cordial support and friendship which the institute has received from the clergy, business men and all others of the community during the past year and it would endeavor to merit a continuance of that support and friendship in the future. The institute is not established here solely as a money making institution but also for the work of reform.

Carmi Colony at Dwight.

Carmi has several graduates from the Keeley Institute at Dwight, and still has several representatives there. Those who have returned speak in the very highest terms of the benefit of the treatment. One patron speaks of seeing the very finest body of men at Dwight he ever saw in his life, and this man had attended political conventions, and gatherings, and been a state senator. At first thought such an expression might seem exaggeration and excite our ridicule, yet how many of our brightest, wittiest and brainiest men have we seen rendered useless citizens from an inability to control the liquor habit?—Carmi Courier.

We are indebted to Mr. E. E. Hollerman of Carmi, for a copy of the above paper. Mr. Hollerman is herein company with a patient, and is greatly interested and an enthusiast in the work of the Keeley Institute.

Stray Animals.

The law concerning stray animals is not as well known as it should be. If you take up a stray animal, you must within ten days, give notice to your township clerk, who must make an entry of the same. Then you advertise the animal in your local paper, and sixty days after such advertisement has appeared, you apply to a justice of the peace to sell the animal. He issues a warrant to the constable, who gives ten days notice by posters, and then he sells it, and you get your pay for expenses. The penalty for taking a stray animal and not giving notice is \$5, and besides this the owner can come upon your place and take it away without paying you anything.

Mr. Albert Favorite, of Arkansas City, Kan., wishes to give our readers the benefit of his experience with colds. He says "I contracted a cold early last spring that settled on my lungs, and had hardly recovered from it when I caught another that hung on all summer and left me with a hacking cough which I thought I never would get rid of. I had used Chamberlain's Cough Remedy some fourteen years ago with much success, and concluded to try it again. When I had got through with one bottle my cough had left me, and I have not suffered with a cough or cold since. I have recommended it to others and all speak well of it." 50 cent bottles for sale by Dr. C. H. Barr, Dwight, Ill., and W. H. Augustine, Braceville, Ill.
