**ON A GOLD BASIS.**

Rev. Cole preached in Springfield, Ill., Sunday, and in the evening spoke in relation to the Keeley cure. A large number of the Springfield Keeley League attended the services.

Look at the slip on the wrapper of your paper. If your time has expired notify us immediately whether you want the paper longer or not. The price is \$1.25 in advance.

Dr. Lonagan was called to his home Saturday, in Louisiana, Mo., on account of the sickness of a child. We are sorry to say that the sad news of the death of the little boy was received here Tuesday.

Dr. Morgan, of Tennessee, who is greatly interested in the Keeley treatment in that state, has been in Dwight this week, and made some interesting remarks at the meeting of the Ladies' Auxiliary Wednesday afternoon.

Dr. Oughton occasionally drops into the treatment hall and relieves Dr. Blaine. The patients are always glad to see him. Indeed it would be a difficult matter to find more pleasant gentlemen than those connected the Dwight institute.

Rev. and Mrs. Cole, of Dwight, have a month's engagement in the lecture field in the state of Tennessee, and will leave for there next week, in the interests of Keeley Institutes and for practical temperance. We predict for them great success.

The STAR and HERALD is now prepared to print by-laws and constitutions for Keeley Leagues just as good and cheaper than any printing office in the United States. We have plates all ready except where there is reference to the local club. Send us an order for 500.

A letter from Harry L. Bushnell, a graduate of Feb. 92, states that he is now publishing the Gladstone, Mich., Delta. Mr. B. worked in the STAR and HERALD for a few weeks and we found him a very pleasant gentleman. He says he is still with the 95 per cent, and will always remain there.

The entertainment given in the treatment hall Tuesday evening was by far the best for some time. There is lots of talent among the boys now in line, and the amusement committee hunted them up and got them to take part. The hall was filled and the entertainment greatly enjoyed by all present.

The burning of the club house necessitated a removal of the League, and the Leslie E. Keeley Co. kindly came to the rescue and gave the League the use of the treatment hall and meetings have been held regular there since. The Sunday morning services were held at 9:30, and were opened by singing selection from the hymn book. W. W. Wood, of Chicago, a graduate of two years ago, and a man who all the members and people of Dwight like to welcome, was present, and gave the meeting his experience while taking treatment and

since. He said he had no temptation to drink, and the quicker those present disabuse their mind on that question the better it would be for them. Mr. Wood is not an orator but he tells a good, honest experience that does the boys good. Dr. Morton, a graduate of about seven months standing, who is now here under instructions, also spoke words of cheer, and related one of the many touching incidents of man and wife being brought together after having been separated by drink, through the Keeley treatment. The president thanked the ladies for their presence, and the meeting closed with music.

Dr. Leslie E. Keeley, the man who has made for himself a name that is known the world over by reason of his bi-chloride of gold cure for drunkenness, is said to be the particular individual whom the sap-headed member of the Illinois legislature is after with the bill requiring that proprietary medicines shall have the formula of the compound printed on the label of the bottle.

The fact of the matter is, Keeley's cure does all that is claimed for it. It cures. It makes men free. It transforms them into new beings. It takes away even their desire for strong drink, hence tends to lessen the consumption of intoxicants. Now the member who introduced the bill mentioned happens to be a saloon keeper and it is claimed has no love for the man who, after years of patient study and research evolved a remedy that transforms drunkards into sober men; consequently, he would rob Dr. Keeley of the legitimate fruits of his great discovery by compelling him to proclaim his secret to the world. But such base sandbagging won't work.

Leaving motives and Keeley out of the question, the bill of itself is a direct stab at one of the great business enterprises of the state. Its passage would work immeasurable harm. Happily, the eyes of the legislators have been opened in time and there is no likelihood of the infamous measure becoming a law.—Pekin Tribune.

Persons who are subject to attacks of bilious colic can almost invariably tell by their feelings, when to expect an attack. If Chamberlain's Colic, Cholera and Diarrhoea Remedy is taken as soon as these symptoms appear, they can ward off the disease. Such persons should always keep the Remedy at hand, ready for immediate use when needed. Two or three doses of it at the right time will save them much suffering. For sale by Dr. C. H. Barr, Dwight, and W. H. Augustine, Braceville.

MESSRS LIPPMAN BROS., SAVANNAH, GA.—GENTLEMEN: I have had Rheumatism about two months during last winter, was confined to my room most of the time: I saw an advertisement in the Saline Courier recommending P. My wife was confined to her bed for over two months with a very severe attack of rheumatism. We could get nothing that would afford her any relief, and as a last resort gave Chamberlain's Pain Balm a trial.
