W. H. Taylor, commissioner of highways, is on the lookout for those that dump refuse on the highways, and will prosecute them. Murry & Mack in our "Irish Neighbors" at the opera house Thursday evening, was well patronized. The show was about what was expected, a light and sometimes laughable drama. The audience seemed generally well pleased, if the applause is any criterion to go by. Murry and Mack are old comedians and have done Irish specialty work for years and are very good.

A contract was let at Mattoon last week for paving streets with brick. The cost is twenty-one cents per square foot. At that rate it would cost about \$30,000 to pave East, West streets, and Mazon and Franklin on the north and Chipewa and Prairie avenue on the south, so as to have the pavement run clear around. That is if a man had twenty feet front and the street was sixty feet wide, a brick pavement would cost \$252.

Right You Are. The report that the Keeley cure has been sold for \$10,000,000 is incorrect. It is said that Dr. Keeley will not permit the management of the business to pass out of his hands.—Washburne Leader.

If You Are Not Going

To THE WORLD'S FAIR you should do the next best thing—know as much as possible about it. If you can't see it you can at least read about it.

In either event you imperatively need a daily paper from the World's-Fair city—you need a Chicago daily, and

The Chicago Record

Will meet your need.
