The STAR AND HERALD is now prepared to print by-laws and constitutions for Keeley Leagues just as good and cheaper than any printing office in the United States. We have plates all ready. Send us an order.

The great September convention of Keeley Leagues will be held in Chicago instead of Cincinnati, and thus give the delegates a chance to visit the great world's fair. The convention will probably be attended by 10,000 graduates.

Willard S. Brown, the pleasant Banner of Gold representative in Dwight, now has the position of secretary of Keeley League No. 1. Mr. Brown is a very competent newspaper man and a good secretary, and will fill both positions.

All members of the Keeley League are invited to call at headquarters of League No. 12, at 157 Wabash avenue Chicago, while in the city. There will be a bureau of information there and any information desired will be given regarding the World's Fair.

Mr. J. W. Dereen has resigned the position of secretary of Keeley League No. 1. In our business transactions with Mr. Dereen we have always found him pleasant and agreeable. He is a man of ability, and it should not be any trouble for him to find an excellent position.

Rev. and Mrs. Cole left Wednesday noon for Tennessee where they will enter the lecture field for The Keeley Institutes of that state. Mr. Cole has resigned from the Board of Control of Keeley League No. 1, and W. G. Dustin, of the DWIGHT STAR AND HERALD was appointed by the national executive board to fill his place.

There is a prospect that the state convention of Illinois Keeley Leagues will be held in Dwight some time prior to the national convention in Chicago. Mr. McSherry, of Joliet, is state president, and he will probably call the executive board together soon. The state convention of the woman's Auxiliary will probably be held at the same. This will bring a large number of people to Dwight.

We enjoyed a very pleasant call from Dr. Morton this week. He left the latter part of the week to assist in opening an institute in Nashville, Tenn., which will be one of the finest and best located in the country. Dr. Norton has been in Dwight some time "catching on." He is a very pleasant and competent gentleman, and is sure to be popular with his customers. We wish you success, Doctor.

We are in receipt of The Graduate, a neat publication in magazine form, devoted to the graduates. It is designated to supply the local news of Chicago Keeley Leagues, especially No. 12, and the general state news regarding the gold cure for inebriety, etc. The Graduate contains sixteen pages of interesting and nicely printed matter, and a handsome cover. It is published at No. 327 Dearborn Street by D. J. Welch.

Dr. Leslie E. Keeley is announced for a lecture in New York City May 10. It will probably be the largest and most enthusiastic demonstration for practical temperance ever held in this country, and will only be outdone by the great League convention in Chicago in September. Hon. Chauncey M. Depew, one of the finest orators in the world will preside at the New York meeting, and public men and graduates will be present from all over the country. The grand work of The Keeley Institutes is being felt and appreciated the length and breadth of the land, and well it ought.

A Great Night.

Last Tuesday evening was surely a great one in the history of Keeley League No. 1, of Dwight. It had been announced that the executive committee of the national league had been in session in Chicago during the day and that the members had concluded to come to Dwight in the evening on the lumber, and enjoy a love feast at headquarters. Harry Lawrence was in Chicago and lent his aid to the management.

The meeting was called to order by President McEvoy, and on the stage were Major Moore, national president, and Mr. J. M. Kelley, national secretary, both of Pittsburgh, Pa., Hon. O. W. Nash, Col. Nate A. Reed Jr., Chas. Eugene

Banks and Albert Hyde, of Chicago; Captain Mattox, of Madisonville, Ohio; Mr. Stratton, of Galveston, Texas, and Mrs. Ida B. Cole and Harry Lawrence, of Dwight.

The meeting was turned over to Major Moore who presided, and all the above named people made short addresses. The evidence that those noble men gave of the thoroughness of the Keeley cure, must have been very assuring to those now receiving treatment and gave them much encouragement. They all spoke with that unmistakable firmness and honesty of purpose that carries conviction. As has been stated before "It was certainly evidence that would be taken in any court."

Major C. J. Judd was called upon, and responded in a happy manner. The Major is not an orator, but his pleasant talks are always well received and his manner of expression carries conviction. He reviewed the history of the Keeley cure and the Keeley League, and said he would be pleased to attend every meeting and become personally acquainted with every man that took the treatment, but the business was such that it was impossible. He wanted them all to understand that they were welcome at all times, and he would give all the time possible to the social side. Mr. Judd also admonished each one not to be afraid to let the fact be known that they had taken the Keeley treatment. The day had passed when people looked down on a man for that. The alleged friends a man loses by becoming a sober, clear headed man, is a good thing for him.

Major Moore thanked the president and members of League No. 1 and the large number of ladies present for their attention, and the president in turn returned thanks to Major Moore and the visitors for their presence and the encouragement given them all.

The meeting closed with singing, all having enjoyed a pleasant evening.

A GREAT REUNION OF VETERANS.

Preparations for 300,000 of Them at The Next G. A. R. Encampment in Indianapolis.

The growth of the Grand Army of the Republic, since its organization in 1869, has been rapid and widespread beyond the wildest hopes of its originators. Ten states were represented in the meeting at which it was founded. To-day, twenty-seven years later, it comprises forty-five departments, seventy-five hundred posts, and nearly half a million members. Within the last few years, certainly within ten

years, its Annual Encampments have grown to enormous proportions.

This year the encampment is to be held in the west and Indianapolis has been chosen as the city. It is near Chicago and fully three-fourths of the visitors to the World's Fair can pass through it without going out of their way. With the exceptionally favorable rates that will be allowed by all railways having Indianapolis connections, the coming encampment can be attended by World's Fair visitors at a minimum cost. Seven lines of railway connect Indianapolis with Chicago and the running time between the two cities is six hours.

A fund of \$150,000 has been raised by the citizens of Indianapolis for expenses, and the plans are of a character that assure the old veterans the greatest encampment in the history of the Grand Army.

Indianapolis has already been systematically canvassed for boarding places. Accommodations at a moderate price are at present available for many thousands. Persons who desire to be sure of comfortable quarters are put in the way of securing them by the Citizens' Executive Board of the encampment. All who are unable to secure accommodations in hotels and boarding houses will be provided for in barracks.

We will state for the information of the members of the 129th Ill. Volunteer Infantry, of whom there are a large number in this county, that their headquarters is already located at No. 71 West Maryland St., where they can get the most satisfactory and money refunded. Price 25 cents per box. For sale by Dr. Barr, Dwight and W. H. H. Augustine, Braceville, Druggists.
