It is intended to embrace the entire county, and every Sunday school within its borders is invited. A program is to be provided, besides which there will be boating, fishing and other informal amusements. Riverview park is a lovely picturesque place with abundant shade and pure water, and a more delightful place for a picnic would be

hard to find. It is intended to make this a Sunday-school field day, and superintendents of all denominations are invited to co-operate in making it a success.—Pontiac Leader.

Miss Cora Adams gave a picnic to her Sunday school class recently which was a happy and pleasant affair, and the fact escaped our memory at the time. Eighteen of the class and Miss Cora and Mrs. Burt Adams went to Hansen's grove and took ropes for swings and hammocks and lots of nice things to eat and drink and all spent a most pleasant afternoon. We understand there is another picnic to-day.

J. H. Pear, son-in-law of Mr. Wil-mott, of Dwight, of Chicago, arrived in Dwight this week overland on horse back. He left Chicago Tuesday at 7 a. m. and reached the following places as follows: Summit, 8 o'clock; Mt. Fairbury used to have a policeman by the name of Walker, and the young fellows down there used to steal his star just for fun. A new officer was appointed recently who thought he was too smart for any of the boys, but Jerry Shauck, in his insinuating and sympathetic manner, approached the man and told him all about how mean the boys used to be to Walker, and while telling him took his big star and went away with it. Jerry is a great fellow to play "star" engagements. It's Shauck-ing how he acts.  
Some people think it strange that newspapers are always dunning subscribers. There is nothing strange about it. Anyone with ordinary sense ought to know that they wouldn't do it if they didn't need their money, and subscribers would pay up promptly. The amount is so small that it is a great deal of trouble and work to send bills to each, and so the newspaper man uses his paper for the purpose. We have bills that in all decency should be paid and cannot pay them because delinquents do not come to the front as they should.  
The principal whiners now about paving the streets are those that kicked for better streets when the water works were being built, and raised a great hue and cry about the streets when sewerage was talked of, and also a few old fogies that it wont cost a cent, but they think if the main business streets are paved it might extend all over

town in years to come. The first class are like those that can swim in the winter time and are great skaters the 4th of July, and the latter like the old lady we spoke of a few weeks ago, "that felt bad when she felt better, because she knew she would be worse again."  
Reopening.  
The Emmanuel (Danish) M. E. Congregation will formally take possession of, and reopen the Presbyterian church for religious services on Sunday, August 20th, Prof. N. E. Simonsen, principal of the Norwegian department of Garrett Biblical Institute, Evanston, Ill., will preach in the morning. The services will be as follows: Preaching at 10:30 a. m. and 7:45 p. m. in our own language, and at 4 p. m. in English. The ceremonies for the occasion will take place at the morning service. All are most cordially invited to attend these services.  
R. WILHELMSEN, Pastor.
