

New League in Chicago.

The new Keeley League recently organized in Chicago bids fair to become the strongest, both in numbers and for good, consistent work, of any in the country. The organization was effected one week ago last Sunday and the next meeting was held last Sunday at the Mecca Hotel.

Upon receipt of your address and fifteen cents in postage stamps, we will mail you prepaid our souvenir portfolio of the World's Columbian Exposition.

The success of Mrs. Annie M. Beam, of McKeesport, Pennsylvania, in the treatment of diarrhoea in her children will undoubtedly be of interest to many mothers.

Those who have used Dr. King's New Discovery know its value, and those who have not, have it in the opportunity to try it free.

Mr. Thomas Batte, editor of the Graphic, Texarkana, Arkansas, has found what he believes to be the remedy in existence for the flux.

ON A GOLD BASIS.

Dr. Miller left for his home in Chicago Thursday morning.

Members are coming into the league in larger numbers this month than for the three months past.

Dr. Broughton spoke at the League Thursday morning. His speeches are always excellent and full of information and good advice.

Dr. Leslie E. Keeley made an interesting address before the league Saturday morning. His speeches are always full of excellent advice and are always greatly appreciated by the members.

There is a patient here for treatment who never took a drink of intoxicating liquor, never used a narcotic nor opiate and neither smokes nor chews tobacco.

J. D. Bevans is now a member on the Board of Control in place of Harry Lawrence, resigned. Mr. Lawrence made an excellent member of the board, and there is no graduate that is more interested in Keeley work than he.

Mrs. H. S. Elliott, wife of one of the executive board Keeley League, is very sick in a hospital in Chicago. Every Keeley Graduate will be sorry to hear this and will extend their sympathy to Mr. Elliott, and best wishes for Mrs. Elliott's speedy recovery and return to her happy home.

Secretary Elliott informs us that the Illinois League will meet Monday, Sept. 11, at Illinois headquarters at the Mecca hotel in Chicago. Business of importance will be transacted. Delegates at large will be elected and elections will be held to fill vacancies.

The national executive board has issued a circular regarding old League No. 12 and The Graduate, which is final. There is a good reason for its being final because there is no such league in existence, and The Graduate is its official organ.

Interest in the great convention is growing constantly and the prospects are bright for the largest practical temperance convention ever held. The Mecca hotel where most every state headquarters will be located, is particularly adapted for this purpose.

Dr. F. E. Rice, of Colorado Springs, is in Dwight at present under instructions at the treatment hall. When his course is finished he will take charge of The Keeley Institute at Colorado Springs, which is under the management of a poor Harry Inley.

We hope everyone who owns a horse will read the advertisement of the Elkhart Carriage and Harness Manufacturing Company, of Elkhart, Indiana, appearing in this paper.

All Free.
