

J. A. Hayes has not much faith in the item that appeared in the STAR and HERALD last week regarding the twin colts—one a male, etc. One of Mr. Hayes' Clyde mares recently foaled twins, a horse and mare colt, and they are strong and healthy and a pretty pair. There was no mile in the combination, however.

Mr. and Mrs. Jas. Williams, comrades Howe, Spellman and several others will go to Indianapolis to reunite next week. Most of the Dwight party will go to Gardner Monday morning on the accommodation and take a special on the Big 4 at 8 a. m. and arrive in Indianapolis about 2:40 p. m. The fare for the round trip is but \$3.25.

The ladies of the Foreign Missionary Society of M. E. Church will go out to Mr. and Mrs. James Brown's handsome farm to-day and have a picnic. We don't know whether the meeting is in the nature of a picnic or not, but one thing is sure the ladies of this society will have a good time whenever they go and there is no better place to go than to Mr. Brown's.

Col. Parsons was called to Chicago Tuesday on account of the sudden death of Mr. Eldredge, his brother in law. Mr. Eldredge was an old resident and honorable business man of Dwight and removed to Chicago a number of years ago. He was highly respected by all who knew him, and his death will be mourned by all. His death was very sudden and the cause was apoplexy. We shall publish an obituary next week.

J. Hamilton Bishop, an attorney-at-law from Chicago, was in town Saturday, endeavoring to get the bottom facts in Geo. Mike—Mike George affair. It will be remembered that one of the above men claims to have left some money at Kern's and the other one got it through misrepresentation. Its a mixed up affair, but one thing is sure, the money is gone, and if the right fellow didn't get it, he's out of luck.

There are occasionally people in this world who do not do anything to beautify their surroundings, and don't want any one else to. It was that kind of a person who went into a yard on Mazon avenue last Wednesday night and picked and broke a lot of flowers and nearly ruined the plants. It was a contemptibly mean trick, and destroyed the work of the ladies and gentlemen of the house for the season. It is certain that no one would do such acts but those of a baser nature.

Wm. Johnson and L. M. Livingston-Alton brakemen are under arrest for assault with intent to kill, for throwing J. D. Grady off a freight train near Lincoln, Ill. The man was dangerously injured. The life of the brakeman is a hard lot at present. The country is full of tramps and the brakemen are threatened with discharge if the tramps are not fired off trains, and if one resists and is thrown off the "braky" is held responsible. If its going to take the brakeman's salary to pay fines or lawyers, he better quit.

During September sometime the Dwight Driving Park Association will probably hold a two days racing meeting and offer large purses. The next race day is next Thursday, but will be only for one day. The people of Dwight should lend encouragement to the two day scheme for the reason that most of the visitors will stay over night and be the means of bringing lots of people and money here. The business men should be willing to chip in to swell the purses. The association will do the best they can, but with the outside help they will be enabled to offer purses that will attract the best horses in the state and thousands of people. Try it once, gentlemen.

**The Auxiliary Make Merry.**  
The Ladies' Auxiliary Keeley League met Thursday evening at the residence of Mrs. J. D. Ketcham, and after the regular order of business, proceeded to have a grand time. Mrs. Dr. Ubellar, and Misses Mabel Huey and Gattie Ketcham were present and favored those present with some beautiful songs, and Johnnie Koehler furnished some exquisite instrumental music. Messrs. McDonald and Majors sang solos that caught everyone, and Prof. Temple came in on the home stretch with some waltzes, etc., and Dr. Ubellar made a speech. Just think of it; a painless set speech with all the cavities filled with gold-ten thoughts.

We were going to say something about the dancing that took place while some one inadvertently played waltzes, etc. on the piano, but we won't do it, because there might have been some church members present who wouldn't want it known. They didn't dance; oh, no! But the music was so inspiring that they just moved around rather lively for a few minutes.

**Campus.**  
Our boarding houses are crowded.

machinery and hardware house of Maloney & Maloney in Campus. The Maloney boys, we understand, say they owe Harber Bros., of Bloomington, quite a bill, and a few days before the closing a representative of that firm came to Campus and the Maloney boys thought the matter was fixed up all right. But it seems there was some dissatisfaction somewhere on the part of the Bloomington parties, as they went direct to Pontiac and got out the necessary papers and the sheriff did the rest. The Maloney boys have been doing a good business and were hustlers, and they claim they could have got the money all right had they known of the intentions of the creditors. They expect to open up again and resume business, and we wish them success.
