

Third Convention.

[CONCLUDED FROM PAGE 1.]

Lawyer Adams, of Louisiana, made some brilliant addresses.

Miss Stewart, formerly of Dwight was the official stenographer.

Hapley of Ohio and Shanklin of Missouri, were present as usual and did good work.

The old soldiers were the grandest of them all, and their band was excellent.

Illinois had thirty-five votes in the convention. A. L. Burkhart was the chair, man.

John Gillispie, he of the fog horn voice fame, was on deck and was recording clerk.

J. D. Esson was Sargeant-at-arms, with Gus Levy and M. J. Crogan assistants. They did well.

Mr. and Mrs. Willard Brown, Mr. Cobb, Messrs. Flinn, Banks and others decorated the hall nicely.

The delegates from Dwight were J. J. Miller, W. G. Dustin, J. D. Bevans, J. D. Esson and Gus Levy.

League No. 12 had its full force out, about thirty members, and fought hard to be retained among the "bought graduates."

Sam Moore is the most popular man in the Keeley League to-day and could have been prevailed upon to accept would have been reelected president unanimously.

THE AUXILIARY.

The first annual convention of the Ladies Auxiliary Keeley League was called to order in Willard Hall Tuesday by Mrs. Wood, chairman of the provincial committee.

Mr. and Mrs. Willard Brown, Mr. Cobb, Messrs. Flinn, Banks and others decorated the hall nicely.

The delegates from Dwight were J. J. Miller, W. G. Dustin, J. D. Bevans, J. D. Esson and Gus Levy.

League No. 12 had its full force out, about thirty members, and fought hard to be retained among the "bought graduates."

Sam Moore is the most popular man in the Keeley League to-day and could have been prevailed upon to accept would have been reelected president unanimously.

The ladies present were just lovely, God bless them. Mrs. Cole was the most popular lady in the convention.

Mrs. Nate Reed and Mrs. Banks were everywhere making it pleasant for all.

The delegates from Dwight were Mrs. Dr. Broughton, Mrs. Dr. Blaine and Mrs. W. G. Dustin.

Once more the ring of the bell and the shout of the boys and girls announces the fact that learning is again in our midst in full force.

The changes made in the course of study will necessitate a little closer application on the part of most pupils, as well as teachers.

A thorough, systematic and carefully arranged course, together with suggestions for teaching the same, has been prepared and placed in the hands of the teachers in all the departments.

This enables the teachers to more fully understand just what is expected of them, and how much they must expect of the pupils.

It is distinctly understood throughout this section of the State that Dwight is most emphatically a "school town," therefore the teachers feel perfectly secure in asking work done by the pupils, as they know the parents see the importance thereof and will give their hearty support to all reasonable requests.

In order to get their lessons as the teachers intend, there is no pupil in the school who will not

need to study one or two lessons at home every evening. Parents who cannot find time to visit the school to learn how their children are progressing, can get a pretty good idea from the amount of work they do at home.

The general attitude of the pupils so far, indicates a pleasant and profitable year's work. Especially is this true in the Grammar and High School rooms.

Chicago on Fire.

One of the most interesting and wonderful exhibitions outside of the world's fair, at Chicago, is the great Panorama of the Chicago Fire.

A rattlesnake seven feet long and with four active heads was recently captured and killed near Havana.

Miss Jennie Pearson, about fourteen years of age, living at Paxton, was burned to death last week, resulting from filling a gasoline tank which ignited.

Bucklen's Arnica Salve. The best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions.

Governor Altgeld has pardoned twenty-nine murderers from the penitentiary in six months.

An impecunious gentleman says all this talk about small bills being scarce is untrue. He has had at least twenty of them presented to him with great urgency in the past week.

A Million Friends.

A friend in need is a friend indeed, and not less than one million people have found just such a friend in Dr. King's New Discovery for Consumption, Coughs, and Colds.

The Bloomington Eye tells a story of a negro turning white after taking the Keeley treatment at Dwight.

A Good Thing to Keep at Hand.

From the Troy (Kansas) Chief. Some years ago we were very much subject to severe spells of cholera morbus, and now when we feel any of the symptoms that usually precede that ailment, such as sickness at the stomach, diarrhoea, etc., we become scared.

Life, Health and Strength.

APALACHICOLA, Fla., Feb. 17, 1899. MESSRS. LIPPMAN BROS., Savannah, Ga. DEAR SIRS:—I will write to inform you that I was afflicted with Blood Disease.

The Alton has issued orders that tickets must be shown by passengers before boarding trains on the main line.

By an arrangement made with the sculptor, Mr. Leonard Volk, of Chicago, I announce that I am prepared to set cabinet size reproductions of the great bust of Dr. Keeley in bronze, now on exhibition at the Woman's Building at the World's Fair.

THE marked praise given Mr. Volk, for his artistic work induced the sculptor to arrange with me for the exclusive sale of the reproductions, and all profits arising from the same are to go into the treasury of the National Keeley League.

Temporary Headquarters, National League For Good Roads.

World's Columbian Exposition, Department of Agriculture, Chicago, Sept. 11, 1893. Circular: The earnest attention of the League, its co-workers and all committees and persons seeking relief for the unemployed, is respectfully called to the present favorably conditions for advancing Road Improvement, both for its own sake and as a means of giving employment and of stimulating business in general.

Capital, as well as labor, is idle, and bankers are expecting an era of cheap money, bringing a quick demand for such investment as town and county bonds.

Many county and town boards in various states are already authorized to begin road-making and to issue bonds therefor; others require only the sanction of a local election.

Men enough could be put to work by these bodies, without waiting for legislation, to give sensible relief to the labor market, and materially ease the hard times in their localities, while the roads be built at a minimum of cost and of interest charges.

To enforce these considerations upon the attention of the boards having power to act, and upon the people having the right to vote such power, is the practical work of the hour.

Deserving Praise.

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never had a complaint that will as well or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use.

An eastern Kansas editor gives notice that he is ready to buy a sack of flour, a pair of shoes and a straw hat, and will consider bids for same. That is the plan the merchants of his town follow when they want two dollar's worth of job work.

Heavy East-Bound Travel.

On account of growth in east-bound business, the Nickel Plate Road inaugurated a new through express on Sunday, Sept. 3d, Palace Sleepers Chicago to Buffalo for all points East.

It is a pleasure to note the addition of another through train to the already complete train service of the Nickel Plate Road. It will leave Chicago about 7:35 a. m. and reach Buffalo at 3:40 a. m. the following morning.

For a lame back or for a pain in the side or chest, try at once a piece of flannel with Chamberlain's Pain Balm on binding it onto the affected parts. This treatment will cure an ordinary case in one or two days. Pain Balm also cures rheumatism. 50 cent bottles for sale by Dr. C. H. Barr, Dwight, and W. H. H. Augustine, Braceville.

Gone to Toronto.

Ame Orr left Sunday morning for Toronto, Canada, where he will enter J. R. Oughton's dog, Heather Lad, in the great bench show. Ame expects to take first again, and says he has charge of the best animal in his class in this country.

A GRAND BUST
