

**ADDITIONAL LOCALS.**

The English Hand-Bell Ringers at the Dwight Opera House Oct. 16, are under the agency of the Ridpath Lyceum Bureau which is guarantee of their excellency, as that bureau handle nothing but first-class companies.

The following officers recently elected in Dwight Lodge No. 513 I. O. O. F. were installed Thursday evening at their hall: Noble Grand, M. C. Starrett, vice grand, Adam Comer, Deputy grand Master John Stewart was installing officer.

Ransom, Ill., has a newspaper and is "right in the push." The name is Ransom Public. We didn't learn the editors name. Is it possible that John McKay has gone out of the butcher business and gone into the newspaper business?

W. H. Taylor will accept all kinds of silver money for coal at his 3-1 yards. It makes no difference whether they are 16 to 1, 20 to 1, or any other kind of dollars. They all go for coal at a reasonable price and 2000 pounds to the ton every time.

Several places around Dwight have made arrangements for lecture courses this winter. That would be an excellent thing for Dwight. Why not the M. E. and Congregational churches join together in the matter? It couldn't be a failure.

The STAR AND HERALD has published several poems written by Capt. Jack Crawford, "the poet scout," and also several articles about him. He will give one of his recitals to-night to Keeley League, No. 1, and their friends. All are invited.

STAR AND HERALD from now until Jan. 1, 1895, for \$1.50 in advance to new subscribers. Please relate this little story to the person that is borrowing your paper every week, or to some one that don't take the home paper. There are a few left in the neighborhood yet.

One good reason why farmers and people generally buy goods of peddlers is that the former don't see what the peddler sells advertised in the home paper. If these articles met the eye of the purchaser in the home paper continually the peddler would not be in it.

Why not make Dwight a city? Let's get new fashioned and have a genuine Mayor and Aldermen instead of a village board. All that is necessary to be done is for a few voters to sign a petition and present it to the board and an election will have to be called to settle it.

Father Hedges, formerly pastor of the Catholic church in Dwight, was here last week. The reverend gentleman has many friends in this vicinity who are always ready to welcome him. He was on his way to assist in dedicating churches at Kangley and Coal City.

We see by a Pontiac paper that O. P. Andersen and Anna M. Anderson, of Dwight, have been granted a license to wed. We have not been informed of the wedding, but suppose they are, ere this, married and happy. We wish them prosperity and extend congratulation.

Before purchasing goods look through the columns of the STAR AND HERALD and read the announcements. Our advertisers are good people to deal with, and, by the way, just tell them you saw their announcement in this paper. It won't hurt you and might help us.

The Odell paper says the races at Dwight were slow and not worth seeing. The man that told the editor that lie probably lost a half dollar and it broke his heart. The races in Dwight were good and gave excellent satisfaction all around to both visitors and horsemen.

Schweinforth, of Rockford, Ill., who claims to be the second Jesus, is now engaged in the milk business. The Rockford Register says the milk wagon is driven from "Heaven" to town by a "male angel" in overalls and with warts on his hands.

The Fair Dealer, the prohibition newspaper of Fairbury, is now an eight page, four column paper. That size is becoming quite popular. The Fair Dealer is a mighty good paper and every prohibitionist in this section should subscribe for it.

Col. and Mrs. H. Fox and Miss Susie leave for a western visit next Wednesday. The latter will remain west for the present and keep house for her brother Lou, who is now engaged in the hardware business. The Colonel and Mrs. Fox will visit all their children before they return.

Dick Thornton has retired from the firm of Fenn & Co., and returned to his home in Pontiac. Dick is a first-class, all around good fellow, and has lots of friends in Dwight among the boys and also the girls. The truth of the matter is that Dick is strictly in it at all times. Good bye, Dick. Call again.

The American Farmer and Farm News and the DWIGHT STAR AND HERALD for one year for \$1.50. The former is a handsome sixteen page paper, a sample copy of which can be seen at this office. This offer will remain good until Jan. 1, when the subscription price of the STAR AND HERALD will be \$1.50 per year. We have found out that \$1.25 does not pay for the paper.

Right Reverend Bishop Spaulding, of Peoria, was in Dwight one day last week, and was a guest of Father Moore for a short time. The bishop is greatly interested in the cause of temperance and consequently a firm believer in the grand work being accomplished by Dr. Leslie E. Keeley in Dwight. The Bishop is one of the brightest lights in the Catholic church.

The first meeting of the Relief Corps and Sons of Veterans was held in their new hall Tuesday. The ladies met for drill for annual inspection, which took place last night in the hall, and passed off very pleasantly. There was a large attendance and a nice lunch was served afterwards to the G. A. R. and Sons. It is proposed to have a social of some kind at least once a month hereafter.

The wells are dry over half the town and no way to get water except to haul it. At the same time the water works are not making expenses. If there is any way under the sun to raise the money the water mains should be extended without delay. It would be money much better expended than tearing up new crossings and putting down others about one-third wide enough.

Gardner comes to the front with another newspaper—The Graphic. It seems to be a feast or a famine in that line in Gardner. The editor and publisher of the new publication is Geo. W. Grames, with Ella F. Grames as local editor. The Graphic is well filled with news and very creditable to its publisher. As we said last week we believe one good paper run right could live well in Gardner, but rather dry picking for two.

There is some politics in the air already for next year. We hear John Phillips, of Pike township, mentioned for the republican nomination for sheriff, and Prof. Tombaugh, of Odell, for superintendent of schools. They are both good men, but it is surprising that these two names are mentioned and no one from Pontiac yet. We understand that Hon. Bailey Gower desires a reelection to the legislature and he will probably get it. The republicans will have to take a back seat in legislative matters as the democrats have a dead sure thing on two and may try to elect three, in the new district.

It is not generally known that Lieut. Col. Chas. E. Diehl, of Chicago, who was recently elected to the important position of assistant superintendent of the Western Associated Press, was a graduate of the STAR office in Dwight. The elder Mr. Diehl was principal of the schools in Dwight and happened to mention the fact to Charley Palmer that he would like to get his son something to do. Mr. Palmer said, "Send him around to the printing office." Charley Diehl was sent around and that was his first experience in gathering news. To-day he is assistant superintendent of the great Western Associated Press.

Last Monday morning a new firm was inaugurated in Dwight, the same being the disposal of a half interest in his drug store by Dr. C. H. Barr, and the acquisition of the same by Mr. Walter M. Davis who has been the prescription clerk in this reliable house for some time past. The new firm name is Barr & Davis and will be conducted by Mr. Davis, while Dr. Barr will devote his whole time to the practice of his profession, which has grown to such proportions as to admit of no division of his time. Mr. Davis is a careful and reliable druggist and business man, and while Dwight is to be congratulated upon securing him as a permanent business man, he is to be congratulated upon securing so fine a business opening and such a splendid property. We wish the new firm abundant success.

The telephone at Tracey was struck by lightning, smashing it to splinters. No one hurt, but Frank and Grant badly scared.

Mr. and Mrs. VanHouten, of Braceville, and Mrs. Cassingham, of Kankakee, were the guests of Mrs. Cullen last week.

Mr. W. H. Dunn is our new postmaster. He took possession Oct. 1st. The office will remain in the old stand in Lutz & Eldred's store. We wish him success.

On Saturday or Sunday, Dr. Ferguson, of Gardner, lost a valuable purse containing R. K. passes and quite a sum of money. A liberal reward will be given to the finder.

Good news for Clark City. After drilling the artesian well about 820 feet they found a fine flow of sulphur water, now flowing at the rate of from ten to fifteen gallons per minute. We hope it will so continue.

Some unknown persons robbed Mr. Grant's residence in Reddick of \$50 in cash Sunday while the folks were at church. It seems they are taking Reddick for a place where they can make an easy living.

**Braceville.**

Business is a little better. There was a special meeting of Braceville Lodge, I.O.O.F. Wednesday evening.

John Oleson and John Hansen and their families have located in Braceville. We bid them welcome.

The energies of a great many of our citizens seem to be centered in the question as to whether "Rouser won" or not.

Wm. Jack was charivared the other night in Braidwood on his return from his wedding tour. This may be lots of fun, but its very foolish.

Among the fair visitors this week we have noticed Mrs. Bailey, Mrs. Wm. Ramsey, Mrs. Bookwalter, Mrs. Radford and children, Robt. Glasgow, E. A. Stead, E. D. Scott, R. Ramsey, and others whose names we have forgotten. Braceville is doing her share toward making the fair a success.

The Alton express trains are all thoroughly armed to give train robbers a warm reception. A Winchester rifle for each of the men is one of the equipments of the train. This arrangement has gone into effect within the last few days. The express companies are making desperate efforts to thoroughly protect their property and to demonstrate that train robbery is neither safe nor profitable.
