

NOTICE.

We have repeatedly sent out duns to several of our subscribers who live away from Dwight. Some of them have responded promptly, others have paid no attention.

THE PUBLISHERS.

My Autograph.

BY JOHN M. QUAN.

"When the rose-tint of youth has left your fair cheek, And you bask in the sunlight of happy old age, And dim recollections of past years do speak, Seek this book, my own loved one, and turn to this page; Let it call to your mind one who always thinks of you, And wishes you well wherever you be, Let it cause in your heart a feeling responsive, Reciprocal, then dear, and do think of me."

Temperate but Tempted.

There is at least one man in this city who, having been to Dwight, is having a good deal of trouble trying to keep straight and still more trouble trying to get work. There is also a gang of loafers in this city who think it rather funny and even manly to lead astray a man whose once bright prospects have been clouded with drink, but who is trying to keep straight and get a job.

Ed Hazlett was elected president of the League Thursday morning.

President Cleveland's wife's uncle, Benj. Folsom, recently graduated from the Orange, N. J. Keeley Institute.

Mr. Quan, of St. Louis, and Mr. Hunt of Iowa City, Ia., two among the most popular League boys ever here, left Thursday afternoon with the kindest wishes of all, both visitors and home people.

Fred Miller, a graduate of two months ago, was down Monday with a brother, who is now in line. Mr. Miller had much to do with getting the new piano and everyone, especially those who have heard the old one, feel very thankful to him.

Judge W. A. Arnold, one of the most popular presidents the Dwight league ever had, was in town calling on friends this week. The Judge has moved from South Dakota back to his old home in Pennsylvania and is now a railroad attorney.

Mrs. M. Murphy, president of the Ladies Auxiliary of Joliet, and Brother Phelan, of the Keeley League of the same city, were in Dwight Monday, on business connected with the two organizations of the Stone City.

We acknowledge the receipt of a handsome invitation to attend the second annual ball, given under the auspices of Keeley League No. 17, of Bloomington, Ill., next Tuesday evening, Oct. 31.

lunate enough to secure an invitation and will go will be assured of a splendid time.

In the last number of the "Missing Link" official organ is an article which gives the few in the late convention who did not understand the inside workings of No. 12, and through sympathy championed their case a slap in the face which will undoubtedly knock all the sympathy out of them.

"Hypocrites and traitors vie with others in intensity of protestations of good fellowship and love whilst each seeks in his own way to aid in squelching No. 12. These men who prate of the bond which unites all cured men and upon whose lips the words of brotherhood fall as black and blighting lie, offer the hand of fellowship to the delegates (??) of No. 12, look those delegates in the eye and gush in glittering generalities whilst they treacherously reach around behind their backs to knife them under the fifth rib."

"Great God what a sight—slysters, thugs, impostors and Japs, cringing, prating thus and beslobbering the men they are sparing nothing to thrust from an organization supposed to represent duties to "God and Humanity."

Keeley hall was the scene of a good gathering of happy faces last night. There were graduates and their wives and friends till it could be told not which were in the majority—the Keeley leaguers or the Women's auxiliary. Both departments are enjoying an unusual amount of success due to their activity in the lodge work. The question of a new and larger hall has been under consideration for some time and the committee is now negotiating to secure the desired headquarters.

A Million Friends.

A friend in need is a friend indeed, and not less than one million people have found just such a friend in Dr. King's New Discovery for Consumption, Coughs, and Colds.

Moving South.

Convenient markets, good soil, pure water and excellent climate are advantages to be considered when looking up a home, business location, farm, etc. Maryland and the Virginia afford these, with many more advantages.

Bucklen's Arnica Salve.

Perhaps some of our readers would like to know in what respect Chamberlain's Cough Remedy is better than any other. We will tell you. When this Remedy is taken as soon as a cold has been contracted, and before it has become settled in the system, it will counteract the effect of the cold and greatly lessen its severity, and it is the only remedy that will do this.

Deserving Praise.

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use.

Anyone wishing a nice, new, double or single carriage, can save \$20 cash by calling at this office immediately.

A Fair Worth Knowing.

For a distance of 79 miles, the Nickel Plate Road is a perfect air line, it is the longest tangent in the U. S. When going East, take this rapidly growing popular Road.

DURANT, MISS. D. D. OFFICE OF J. S. ROSAMOND, GENTLEMEN—We in San Antonio on Texas last spring, I saw your advertisement for P. P. P. (Prickly Ash, Poke Root and Potassium) in the paper for the cure of rheumatism, and thought I would try a bottle, finding such great relief from it, on my return home I had my druggist, Mr. John McClellan, to order me a supply.

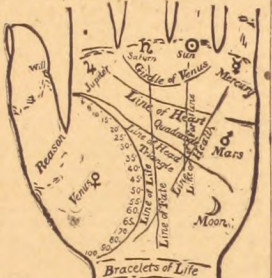

The Nickel Plate Road, on Sunday, Sept. 3, increased their train service by the addition of a new through east bound train by merging the Chicago and Cleveland and Cleveland and Buffalo accommodation trains into a new through express with sleeping cars Chicago to Buffalo. Direct connection at Buffalo for all points East.

"During my term of service in the army I contracted chronic diarrhoea," says A. E. Bending, of H. Lacey, Oregon. "Since then I have used a great amount of medicine, but when I found any that would give me relief they would injure my stomach, until Chamberlain's Colic, Cholera and Diarrhoea Remedy was brought to my notice. I used it and will say it is the only remedy that gave me permanent relief and no bad results followed." For sale by Dr. C. H. Barr, Dwight, and W. H. H. Augustine, Braceville.

We hope everyone who owns a horse will read the advertisement of the new harness and harness manufacturing company, of Elkhart, Indiana, appearing in this paper.

"I consider Chamberlain's Colic Remedy a specific for croup. It is very pleasant taste, which is one of the most important requisites where a cough remedy is intended for use among children. I have known of cases of croup where I know the life of a little one was saved by the use of Chamberlain's Cough Remedy." J. LaGrange, druggist, Avoca, Neb. 50 cent bottles for sale by Dr. C. H. Barr, Dwight, and W. H. H. Augustine, Braceville.

YOUR FUTURE

IS IN YOUR OWN HAND.

Palmaristry assumes to tell what the lines in your hand indicate. It will amuse you, if nothing more. The above diagram almost explains the meaning of the LINE OF LIFE, the probable age to which you will live. Each BRACELET line, that you see, well-marked LINE OF HEAD denotes brain power; clear LINE OF FORTUNE, fame or riches; the LINE OF MEANS denotes the amount of money you will possess in life. You will find plenty of these in Demorest's Family Magazine, which is presented to every member of the family is entertained. It is a dozen magazines in one. A CLEAR LINE OF HEART bespeaks tenderness; a straight LINE OF FATE, peaceful life; the reverse if crooked. A well-defined LINE OF HEALTH spurs you doctors' bills; a wavy line in Demorest's. No other magazine publishes so many stories to interest the home circle. You will be subject to extremes of high spirits and despondency if you have the GIRDLE OF VENUS well marked; keep up your spirits by having Demorest's Magazine to read. By subscribing to it for 1894 you will receive a gallery of exquisite works of art of the artist, besides the premium picture, 12x18 inches. "I'm a Daisy" which is almost a real baby and equal to the original oil painting which cost \$300; and you will have a magazine that cannot be equalled by any in the world for its beautiful illustrations and subject matter, that will keep you posted on all the items of interest about the household, besides furnishing interesting reading matter, both grave and gay, for the whole family, and while Demorest's is not a fashion magazine, its fashion pages are perfect, and you get with it, free of cost, all the patterns you wish to use during the year, and in any size you choose. Send in your subscription at once, only \$1.00, and you will get your copy of \$25.00 in value. Address the publisher, W. Jennings Demorest, 15 East 14th St., New York. If you are unsatisfied with the Magazine, send for a specimen copy. A LARGE QUANTITY means honesty; a large TRIANGLE, honesty; long FIRST DIVISION OF THE MOUNT OF JUPITER betoken ambition; that of SATURN, prudence; the SUN, love of splendor; MARS, courage; MOON, imagination; VENUS, love of pleasure; and MERCURY, intelligence. Take our advice as above, and you will be sure to possess the last and most valuable quality.
