The Leslie E. Keeley Co. will soon be obliged to employ a new lot of typewriters, if Cupid continues to get in his fine work. We understand that there are other weddings to follow. Well, we don't know of any place a young man can do better, if he is fortunate enough to catch one of the young ladies there. The Sons of Veterans' annual ball and reception was a splendid success, about fifty couple being present.

The music was good, the McFarland orchestra of Joliet being employed. The committee in charge deserve credit for the manner in which everything was conducted. All present seemed to enjoy themselves. The ladies of the Woman's Relief Corps gave their annual supper Wednesday night. The supper was an excellent one, including chicken, beef, ham, buns, bread, cake, coffee and tea, and all the good things that go with them.

There was quite a large fire at Wilmington Tuesday night, burning three barns, a carpenter shop and a storage room, about 150 tons of baled straw belonging to the American straw board mill. It looked at one time of if half the town would go, but the fire was brought under control after three hours hard work. The cause of the fire is unknown.

We can furnish probably the highest grade illustrated monthly magazine published in the world—the Cosmopolitan—for \$2.75 per year, including the DWIGHT STAR and HERALD. No offer like this has ever before been made. The Cosmopolitan is beautifully illustrated with half tone engravings, and its articles are by the best writers on political economy, science, etc., in the world. Only \$2.75 for both papers. Willie Horton, living north of town, was quite badly injured Sunday night after church, by being thrown from his horse at the corner of Prairie Avenue and Waupansie street. At this corner there has been a lot of brick and stuff dumped in without being properly graded, and the horse stumbled and fell. Willie was stunned at first, and when found by Rev. Ayling was walking up and down the street, and his face was badly cut and bruised.

Mr. David McWilliams left Thursday to make a personal inspection of his landed interests in Washington county, Illinois, where he has recently acquired by purchase about two thousand acres of improved farm lands. Mr. McWilliams considers the beautiful and fertile prairie farms in the vicinity of the prosperous city of Nashville, the county seat, as excellent permanent investment for capital, and has witnessed an increase in valuation of from ten to twelve per cent. in that vicinity since making his purchases. In the younger days of the junior proprietor of this paper he has frequently passed by much of this same land purchased by Mr. McWilliams, and he can attest its beauty and value. There is room in Southern Illinois for the profitable investment of more northern capital.

Quite an important transfer took place in our midst the present week, in which several thousand dollars worth of property changed hands. J. W. Sargent & Son, the hardware and farming machinery dealers, traded their business and their two houses and lots in Dwight for a farm of 120 acres in Wayne county, Ill. The gentleman who has come here with his family to make his home is Mr. Joel B. Luther, Mr. Luther took possession last Monday, and will move his family here as soon as convenient. J. W. Sargent & Son have been in business in Dwight for a long time, and they with their families are excellent people and have a large circle of friends who will regret their departure. J. W. will probably remain here for a while to settle up his business, and Will may stay here another year. Mr. Bassett is now in Wayne county looking after the farm.

We hope everyone who owns a horse will read the advertisement of the Elkhart Carriage and Harness Manufacturing Company, of Elkhart, Indiana, appearing in this paper. False Report. It has been reported that I have sold my property and relinquished my practice. Nothing shall come between me and my patrons. I have not relinquished my practice and don't intend to. Respectfully, J. S. CONWAY, M.D.
