Shrewd, sharp advertisers among business men will of course bear in mind that the bona fide circulation of the STAR AND HERALD is over 1,250, and the money expended for announcements with us is not thrown away, but on the other hand, brings returns.
The regular circulation of a newspaper governs the advertising patronage. The sharp business man knows this and profits thereby by advertising in the STAR AND HERALD. We have the largest home circulation of any paper published in Livingston county.
There was a "Feet cham petre" given at "Dear Lodge" Wednesday evening, and those in attendance are worse "stuck up" than ever,—molasses candy occupied their attention. We don't know what "Feet cham petre" means, but that is what they called it.

Miss Annie Janvier Jones, the elocutionist and reader, who was in Dwight about three years ago, under the auspices of the G. A. R. Post, will be in Dwight again on the evening of Nov. 21. She is probably the best elocutionist ever in Dwight, and everyone should make it a point to hear her.
Gardner now has one paper, the Graphic having gone to whence. The Tribune is a neat paper and well edited and the good people of Gardner—and

there are lots of them there—should give it their support. One good paper well supported in any small place is much better than two poorly supported.
Rev. Fisher read his resignation to his congregation last Sunday morning, much to the surprise of many, to take place in about three months. Rev. and Mrs. Bower, of Eureka, are guests of their son, C. V. Bower and wife, this week. Rev. Call on him when in need of any work in his line.
The 38th Annual Game Dinner of the Grand Pacific Hotel occurs this (Saturday) evening. Col. R. P. Morgan and Mr. D. McWilliams will represent Dwight. We should be delighted to see our well known citizens in their dress suits, as well as to know to whom Mr. Drake will assign them, as escorts to the table. Usually from 500 to 600 attend these annual gatherings, and it is one of the great social events of Chicago.
Miss Mabel Huey left Wednesday evening for Topeka, Kansas, where she will visit her brother Howard, and other relatives. She expects to remain away several months, and will be missed greatly in Dwight by her many friends and especially so in musical circles. We understand, also, that she will have the advantages of a very fine vocal instructor while away. She has a splendid voice and with proper training will make a singer far above the average.
Mr. D. McWilliams has recently purchased a new vault door for his bank which is a very fine one. It is of the Hall make, and the outside door is made of one and one-half inch chrome steel and iron, and has twelve bolts. The outside door is supposed to be drill proof. Next to this comes a double door of steel, and, inside, a daylight door. On the outside door is a Premier combination lock, the best made. The whole door weighs 2200 pounds and is now nicely placed in position. The handsome time lock safe kept in the vaults soon to be replaced with a similar but a larger one, the one now in use having been found too small. With these additional securities Mr. McWilliams and Cashier Naffziger feel safer.
We hope everyone who owns a horse will read the advertisement of the Elkhart, Cassin, Harness Manufacturing Company, of St. Indiana, appearing in this issue.
