T. K. Prime and Dwight C. Morgan for favors this week, and wish to convey our thanks to them as well as others who have assisted us. Speaking of tinware is just as good as anything else for a Christmas present, if the article wanted happens to be made of tin. Kelagher's is the place to buy tinware. The smallest bird in the world is a Brazilian humming bird. It is a little larger than a common home bee, and weighs five grains. That's about the size of Kelagher's prices. Get your boots and shoes repaired at Karl Schmitt's shop at the auction store. Perfect satisfaction always given in work and prices. Mending rubber shoes and boots a specialty. We rise to remark that the "injunction" that Mr. J. A. Hayes lost last winter, was recently found at Ottawa. The report that it was drowned in the ever-living Gooseberry is null and void. We find at the last minute that some of the cuts we intended to use and some interesting reading matter will be crowded out of this issue. We wish to return thanks to all for their kind notes, and hope, notwithstanding the tight times, that holiday trade will be good. C. J. Brown and Peter Jenkins loaded their cars yesterday and left town for their new homes in Algona, Ia. We don't like to lose good citizens but we wish you all the success there is in life, boys. The STAR AND HERALD will keep them posted as to Dwight and neighborhood doings. The fire company will give a grand ball on the evening of New Year. It is gotten up for the purpose of replenishing the treasury and placing the department on a good footing financially and everyone should purchase a ticket and help the boys along, whether they attend the ball or not. The department deserve the assistance of all. They have already saved more for the town than the water works and all the paraphernalia has cost. Give them a boost.

Bank of Dwight. The Bank of Dwight was established in 1855, and continues to this day in the full enjoyment of its uninterrupted march to the proud distinction of being one of the solid financial houses of the country. By conservative management and shrewd foresight these laurels have been won. The founder and to this day sole owner, Mr. David McWilliams, is one of Dwight's foremost and most highly respected citizens. Mr. L. A. Naffziger, the cashier, is a polished gentleman, a shrewd manager, enjoying the unqualified respect and confidence of this whole community. During the stringency in the money market the Bank of Dwight went right along doing business just as if nothing had happened and had the confidence of the public. It was a shrewd head that devised the species of exchange that has been developed into the great banking system of modern times, and which alone is one of the marvelous evidences of the wonderful degree of progress attained by this country. By its means you can give to a business man, and an examination of the banking facilities of a town in which it is desired to locate is one of the first things demanding attention by capitalists. This bank is an eminently safe, flourishing and reliable institution, which enters into no questionable ventures. It does a general banking business in loans, collections, exchange, insurance, the sale of ocean steamship tickets, receives accounts of banks, bankers, merchants, manufacturers and others on the most favorable terms, makes collections on all accessible points at lowest rates, and renders satisfaction to all customers. Dr. W. L. Rabe. Was born in Steubenville, Ohio, May 8, 1833, entered Richmond College at the age of fourteen, after four years entered Washington College, at the age of 19 years matriculated in Ohio medical, under special tutelage of Dr. Gustave Von Weber, before 21 commenced practice of medicine in Wellsville, Ohio, the largest part being across the Ohio in Virginia, among families of Ar-buckles, McCulloughs, Browns, Jen-nings, all of whom have died each leaving millions to their posterity. After five years accepted the proffered Presidency of Richmond College, for two years term. A few years served voluntarily as a military surgeon in U. S. Army, witnessed the capture of John Morgan, afterward entered Mt. Carmel Theological Seminary and for post graduation the Rush Medical College, of Chicago, receiving diplomas from each. In '67 received an immediate call to the 1st Presbyterian church of Bloomington, where he remained 9 years. In '73 came to Dwight in Missionary work in which 104 persons, 68 by baptism, were received into fellowship in one year. Being born and educated a Presbyterian and likewise in the regular system of medicine the Doctor holds fast the faith that is in him. His patronage has steadily increased and for the present year approximates \$5,000. The Sewer Case. The Appellate Court has reversed the decision of the lower court and returned it to the lower court with instructions to make the injunction perpetual. It is the general opinion that this was brought about on account of the poor management of the defence, and not watching the case a little closer. It remains now to be seen what steps will be taken to further obstruct proper sanitary measures, and make useless a \$23,000 sewer that will have to be paid for. Y Meeting. The 3's had a very pleasant monthly literary meeting at the residence of Miss Cora Adams last Friday evening. They presented a nice program, played games and had lots of fun. The editor of the STAR AND HERALD passed the handsome Adams residence in the evening and from the merry laughter and the present being enjoyed by one and all. Following was the program: Instrumental solo..... Miss Cora Adams Reading..... Miss Mildred Gould Solo..... Miss Fannie Comer Reading..... Miss Hade Quartet Misses Fenn, Barr, Adams and Lower Dog Show. Heather Lad, the fine Gordon setter spoken of in another part of this paper, owned by J. R. Oughton, won second prize in the open class at the bench show in Chicago this week. The judging was done in the night and the light was not good and those present acknowledged that it was a mistake of the judge and that Lad should have won. In the puppy class Young Lad and Dwight Elbie won first, and Dwight Don and Dwight Rose won second, and Dwight Sadie was very highly commended. Miller Brothers. The above firm has one of the finest double stores in this section of the State, and are good people to deal with. They are making an announcement on an inside page. Read it. The fire whistle will blow the first and third Monday evenings of each month—just a plain every day whistle—for regular meetings of the department, and therefore no use of your gathering yourself and going to see the fire because there will be none. When there is a fire you will be notified by the unearthly howl of the caliope whistle. When you hear that there is trouble, and it is the duty of all firemen to get there as soon as possible, and every good citizen to get there and do what can be done to help them. The greatest wall in the world is the Chinese wall; 1250 miles long, 25 feet thick at its base, and 20 feet high. But there is no wall around Kelagher's, where all are free to enter and inspect his large line of assorted goods, such as notions, furnishing goods, tinware, toys of all kinds, dolls, toilet sets, plush goods, books and stationery. Prof. Meneeley leaves next Friday for a holiday visit to friends and relatives in Effingham and Kimunday, Ill. He will return in time for the opening of next term. The Professor has made many friends in Dwight during his first term, and is a very fine instructor. School closes for the holidays next Friday, and we hope every last one of the scholars and teachers will hang up their stockings and get them well filled during the holidays.

Our Light Still Shines. The Dwight Electric Light plant was advertised for sale Dec. 12, last Tuesday, but it was not sold. The representatives of the Thomson-Houston Electric Light Co. came here, and further propositions were made, but on for a settlement, but it was not reached. A partial statement from parties interested, and their attorney, Will Kelchom, is to the effect that the above company have held a chattel mortgage on the electric machinery, and that Mr. Habu held a mortgage covering everything. It seems the Chicago people have let their mortgage run out and that Mr. Habu's mortgage steps in, so to speak, and covers everything, as all such property becomes real estate in the eyes of the law, and the parties in whose names they could not be the Thomson-Houston Co. out of the indebtedness, some \$2,500. Mr. Seligert, however, proposes to do the fair thing and offers the company what he considers a fair price, and it is quite probable the matter will be amicably settled. The Chicago company claim, however, that the mortgage holds good and that they can sell the plant but would rather settle. At the same time our lights shone on so that the weary wayfarer can see the straight and narrow, and sometimes broken, pathway. Mrs. C. Y. Trice Dies. The wife of Mr. Trice, the well-known real estate dealer, died suddenly two weeks ago today at the family home in El Dorado, Kan. Mr. Trice was at Springfield at the time of the sudden attack and hurried home only to find that the spirit of his life partner had taken its flight only two hours before his arrival. It can well be imagined that this strong man was overcome with sorrow such as he had never known. It was a terrible blow to him, his wife having been his close companion in business as well as home life, and always accompanied and advised him for the best. It was indeed a sad homecoming for the husband and the little ones. Mrs. Trice has been in Dwight several times with her husband, and all who met her speak only words of praise, and it was the same everywhere she was known. She has been a sufferer for the past fifteen years, and had been worse for the past five years, but it was thought there was no immediate danger. Her funeral took place at the home and was largely attended. Mr. Trice's many friends in this part of the country extend their sympathy to him and his little ones in their sorrow. Death of Mr. Chase. Saturday word was received here that Mr. Lawrence B. Chase had died in Chicago that morning. He was a member of the Old Fellows, and that order in Dwight took charge of his funeral. The remains arrived in Dwight Monday noon accompanied by Chicago Old Fellows, who turned the remains over to the order here. They were taken to the residence of the deceased's father, in Round Grove, where the funeral was held at 2:30. Rev. Ayling conducted the services, and the remains were laid to rest in the Round Grove cemetery. Lawrence B. Chase was born March, 1848, in Epping, N. H. He removed with his parents in 1855 to Illinois. In 1861 they removed to this locality. He united with the M. E. church in his early youth, of which he remained a consistent member until his death. He enlisted in the 12th Illinois Infantry and was with Sherman on his march to the sea. He participated in several battles and remained in the service until the close of the war. He was married to Katie Talbot in September, 1875, and spent most his married life in Chicago. He leaves a wife, one daughter, two sisters, four brothers and aged parents to mourn his loss. Guaranteed Cure. We authorize our advertised druggist to sell Dr. King's New Discovery for Consumption, Coughs and Colds, upon this condition.
