It is with a great deal of regret that we record the death of Mrs. Lucy M. Carrithers, of Fairbury, wife of Mr. C. F. H. Carrithers, former states attorney

of Livingston county. Mrs. Carrithers died very suddenly of apoplexy last week. She was a lady of many virtues and beloved by all who knew her. Mr. Carrithers, who is well known all over the county, and his family, have the sympathy of their many friends. Mrs. Carrithers was a sister of C. S. Brydia of the Record.
The first of the week a crowd of the prominent young men of the city met in one of Mr. Prime's office rooms, and discussed the advisability of organizing a club for the promotion of fun in Dwight. They selected a temporary chairman, and then effected a permanent organization by electing a president, the honor falling upon John W. Hurlay. John Doherty was then elected secretary and treasurer, and they have concluded to give an invitation dance Friday evening. A committee of three were appointed to solicit members, and everybody who has been asked to join should do so, as there is nothing like having fun in your own town.
The Fairbury Record, the mechanical make-up of which is the laughing stock of every printer that sees it, says that "Dustin wails." Dustin never wails, and has no cause to. The proprietors of the STAR AND HERALD have every cause to be thankful, as they enjoy the support of the good, enterprising citizens of Dwight and the intelligent farming community for miles around, and neighboring towns, and probably has the largest circulation of any paper in the county. Every printer acknowledges its superiority in record and general make-up. The Record looks as if it was made up with a scoop shovel. First, a one liner, then a stickful, a local and then a word of advice to President Cleveland, another local followed by a clipping from the Congressional Globe, a one liner and then a little advise as to the management of Queen Lil, etc. Printers who know their business have advised Brydia how to make up a paper decently, but that big bump away back on the apex of his cranium prevents him from accepting wholesome advice. Brydia imagines the Record the official organ of President Cleveland. He is just a little off, but harmless. That opening for a Democratic paper in Fairbury is still wide open.
