### A Boon to Humanity.

A number of our great and most inveterate tobacco smokers and chewers have quit the use of the filthy weed. The talismanic article that does the work is No-to-bac. The reform was started by Aaron Gorber, who was a confirmed slave for many years to the use of tobacco. He tried Ko use of No-to-bac, and to his great surprise and delight it cured him. Hon. C. W. Ashcom, who had been smoking for sixty years, tried No-to-bac, and it cured him. Col. Samuel Stoutsenberger, who would eat up tobacco like a cow eats hay, tried this wonderful remedy, and even Samuel, after all his years of slavery, lost the desire. J. C. Cobler, Lossing Evans, Frank Fell, Geo. B. May, C. O. Skilling, Hana Robinett, Frank Hershberger, John Shinn and others have since tried No-to-bac and in every case they report not only a cure of the tobacco habit, but a wonderful improvement in their general physical and mental condition all of which goes to show that the use of tobacco had been injurious to them in more ways than one.

All of the above gentlemen are so well pleased with the results that we do not hesitate to join them in recommending it to suffering humanity, as we have thoroughly investigated and are satisfied that No-to-bac does the work well and is a boon to mankind. The cost is trifling—a dollar a box—and the makers, the Sterling Remedy Company, have so much faith in No-to-bac that they absolutely guarantee three boxes to cure any case, or refund money. One box in every instance in the above effected a cure, with one or two exceptions. No-to-bac has a wonderful sale upon its merits alone throughout the United States, and can be secured at a most any drug store in this country or Canada, and it is made by the Sterling Remedy Company, Chicago office, 45 Randolph street. New York office, 10 Spruce street.—From The Press, Everett, Pa., Dec. 15, 1893.

THE largest theater in the world is the Grand Opera House of Paris. It covers more than three acres of ground and cost 63,000,000 francs.

## ABOVE ALL OTHERS,

Dr. Pierce's Golden Medical Discovery, in every disease caused by torpid liver or impure blood. For Dyspepsia, Liver and Bowel derangements, and kindred ailments, nothing approaches it as a remedy.

## PIERCE GUARANTEES A CURE
OR MONEY RETURNED.

AURELIA VANZILE.

MRS. AURELIA VANZILE, of *Hamilton, Ind.*, writes: "My friends said I would never be any better, for I had ulceration of the bowels. By the time I had taken a bottle and a half of Doctor Pierce's Golden Medical Discovery, the bleeding had almost stopped. My appetite was good, nothing seemed to hurt me that I ate. My improvement was wonderful. Several years have passed and my cure is permanent."

## KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and $1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

### The Greatest Medical Discovery of the Age.

## KENNEDY'S MEDICAL DISCOVERY.

DONALD KENNEDY, OF ROXBURY, MASS., Has discovered in one of our common pasture weeds a remedy that cures every kind of Humor, from the worst Scrofula down to a common Pimple.

He has tried it in over eleven hundred cases, and never failed except in two cases (both thunder humor). He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the right quantity is taken.

When the lungs are affected it causes shooting pains, like needles passing through them; the same with the Liver or Bowels. This is caused by the ducts being stopped, and always disappears in a week after taking it.

If the stomach is foul or bilious it will cause squeamish feelings at first.

No change of diet ever necessary. Eat the best you can get, and enough of it. Dose, one tablespoonful in water at bedtime. Read the Label. Send for Book.

WANTED MEN to TRAVEL. We pay $850 to $1,200 a month & expenses. STONE & WELLINGTON, MADISON, WIS.

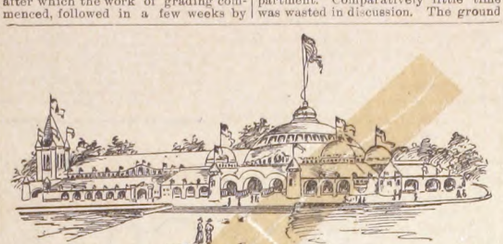
# OPEN TO THE PUBLIC.

## CALIFORNIA'S EXPOSITION IS NOW ON VIEW.

**Indications Are That the Show Will Be a Financial and Artistic Success—Brief Description of the Buildings—Patterned After the "White City."**

**Midwinter Fair Begins.**

The California Midwinter Fair is now open to the public. Here, in this Western metropolis, writes a correspondent, at the extreme edge of the Western hemisphere, with the placid waters of the great Pacific in view, the hand of man has created a city neither so beautiful, so wonderful, nor so extensive as the now quickly fading White City by Lake Michigan, but one that is truly grand and of which the people of California and the other Pacific States may justly be proud. It was only in the latter part of last May, when the end of the Chicago Fair was in view, that some Californians in Chicago conceived the idea of having a fair in San Francisco. Shortly afterward it was decided to go ahead in the matter and Golden Gate Park was selected as the location for the fair, conceded by all to be one of the prettiest spots on the face of the globe. Aug. 24, in the presence of 80,000 people, the enterprise was inaugurated by turning the first successful of dirt, immediately after which the work of grading commenced, followed in a few weeks by the inauguration of work on the main structures.



AGRICULTURE BUILDING.

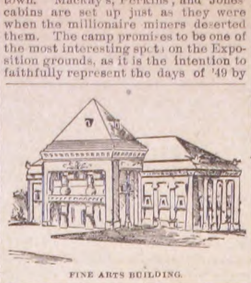
**Patterns After Chicago.**

The Manufactures and Liberal Arts Building is the largest on the grounds. This building is Moorish in design, with all the picturesque effects to which that style of architecture readily lends itself. The Mechanical Arts Building is the second largest structure, and is nearly pure Indian in design and highly artistic in its rich, Oriental style. By far the most striking architectural feature of the exposition is the Horticultural and Agricultural Building. It is in Spanish mission style and is a low-roof design, so much in favor on the coast. This structure contains the greatest display of the products of the soil of California ever put together, and that is synonymous with saying that is such a display of agricultural and horticultural material as the United States have never seen placed on exhibition. It is typical and almost exclusively Californian and will afford visitors an opportunity of judging of the vastness and variety of California's resources, such as no amount of travel and observation could give.

ADMINISTRATION BUILDING.

The Fine Arts Building is intended for a permanent structure, constructed of brick and iron. The Administration Building, like its namesake at the Columbian Exposition, which faced the grand basin, is directly in the rear of the allegorical fountain. In this the sculptor has tried to tell the whole history of the state and much can be plainly read from its design. The familiar statue of California, crowned with a wreath of poppies, stands on a pedestal whose rugged character suggests the mountain regions. The principal central figure is the eagle, emblematic of the state's loyalty to the nation. The central figure of the grand court is the electrical tower. On the ground floor is a pavilion for the use of the public and flanking the open space there are four Moorish pavilions, containing four stories and decorated in Oriental colors. The base of the tower occupies a space of fifty feet square, while the first gallery, eighty feet from the ground, has a seating capacity of 200. There are three other galleries of large seating capacity, the topmost one being within six feet of the pinnacle.

The concessional features of the Midwinter Exposition are both numerous and interesting. There is a modest counterpart of the great Ferris wheel of the World's Fair in the Firth wheel, which is 125 feet in height. There are Chinese, Japanese, Hawaiian, Esquimaux, Canadian and German villages, an ostrich farm, a Colorado gold mine, a scenic railway, a Santa Barbara aquarium containing a dozen sea lions, a reproduction of Cairo Street, a Turkish theater, a Moorish mirror maze, a reproduction of the celebrated Prater of Vienna, a temple-house, a reproduction of Anne Hathaway's cottage, and last, but by no means least, a '49 mining camp. This camp occupies a space 450 feet long and 250 feet wide. In the center of the camp is a street 450 feet long, lined on each side with old-time shanties which do service as newspaper offices, saloons, hotels, theaters, and gambling houses, as in the days of yore, representing a typical mining town. Mackay's, Perkins', and Jones' cabins are set up just as they were when the millionaire miners deserted them. The camp promises to be one of the most interesting spots on the Exposition grounds, as it is the intention to faithfully represent the days of '49 by mock duels, trials, lynchings, and other episodes of those stirring times.



FINE ARTS BUILDING.

## VOTE TO TAX INCOMES.

**The Democratic Majority Decides to Levy a Tax of 2 Per Cent.**

The advocates of the individual income tax proposition were triumphant at a recent meeting of the Democratic Ways and Means Committee, says a Washington dispatch. The eleven members were present when the final meeting was held at the Treasury Department. Comparatively little time was wasted in discussion. The ground had all been argued and fought over time and time again, and at this meeting the issue was joined on two propositions, one to levy a tax of 2 per cent. against individual incomes over $4,000 and against the incomes from corporations (that is, the difference between the gross income and the operating expenses, or, in other words, the net income); and, second, a proposition offered as a substitute by Mr. Cockran (N. Y.) to tax the incomes from corporations 1 per cent. and inheritances 5 per cent., to place a tax of 10 cents on whisky and to restore sugar to the dutiable list at ½ a cent a pound.

The vote on Mr. Cockran's substitute proposition, which was taken first, resulted in its defeat—7 to 4—as follows:

Yeas—Wilson, Cockran, Stevens and Montgomery.

Nays—McMillin, Turner, Whiting, Bryan, Bynum, Tarsney and Breckinridge.

The original proposition was then submitted and carried by a vote of 6 to 5, as follows:

Yeas—McMillin, Turner, Whiting, Bryan, Bynum and Tarsney.

Nays—Wilson, Cockran, Stevens, Montgomery and Breckinridge.

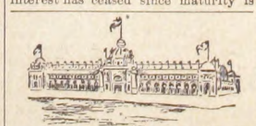
It was also decided, in connection with the latter proposition, to increase the whisky tax 10 cents a gallon—that is, from 90 cents to $1—to be levied against whisky in as well as out of bond. Upon the representation that this increase would work undue hardship to the owners of whisky in bond it was decided to extend the bonded period from three to eight years. The tax on playing cards, at one time fixed at 6 cents a pack, was reduced to 2 cents, and the contemplated tax on perfumes and cosmetics was discarded. No increase was made in the tax on cigars, but the increase on cigarettes—$1 per 1,000—was allowed to stand.

The committee estimates that the tax on the incomes from corporations and individuals (corporations being treated as individuals) will raise $30,000,000 revenue—$12,000,000 from corporations and $18,000,000 from individuals. The increase in the whisky tax, it is estimated, will give an additional revenue of $10,000,000 per annum. The proposed tax on inheritances, which was to be levied in case the proposition for an individual income tax failed, was not deemed necessary.

## INCREASE OF THE PUBLIC DEBT.

**During the Month of December the Total Was Swelled by $6,861,662.**

The public debt statement shows the net increase of the debt, less cash in the treasury, during the month of December to have been $6,861,662. The interest-bearing debt increased $90, the debt on which interest has ceased since maturity decreased $25,850 and the debt bearing no interest increased $2,062,361. The reduction in the cash balance during the month was $4,824,061. The interest-bearing debt is $585,039,310, the debt on which interest has ceased since maturity is $1,913,530 and the debt bearing no interest is $376,654,077, a total debt of $963,605,917. The certificates and treasury notes offset by an equal amount of cash in the treasury amount to $604,317,424, an increase during the month of $5,083,122. The gold reserve is $80,891,000 and the net cash balance $9,483,955, a total available balance of $90,375,555, a decrease during the month of $4,824,061. The total cash in the treasury on the day the statement was issued was $737,914,701. The total amount of national bank notes outstanding Dec. 21, 1893, was $208,442,027, an increase in circulation since Dec. 31, 1892, of $741,141,215 and a decrease in circulation since Nov. 30 of $108,761. The circulation outstanding against bonds Dec. 31 was $185,987,705



MANUFACTURES BUILDING.

J. P. PAPENBROECK, dry goods, Cincinnati, Ohio, made an assignment to David J. Workum. Assets, $35,000; liabilities, $55,000.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

## Royal Baking Powder

ABSOLUTELY PURE

The official reports show Royal Baking Powder superior to all others, yielding 160 cubic inches of leavening gas per ounce of powder, a strength greatly in excess of every other powder tested.

### Strangely Christened.

It is nothing new that the colored people of the South are as fond of large names as of bright colors, but the St. Louis Globe-Democrat furnishes two or three new and comical examples. The writer says:

I knew an old negro in Tennessee who received in the name of Niagara Falls. His companion was christened it to Nigger Falls, but he was really christened after the great cataract.

I also knew a colored woman who proudly tells you that her name is Virginia Georgia Alabama South. Another, who enjoys the cognomen of Amanda June Day is a school teacher, and signs her name A. June Day.

In a Mississippi town I was passing along a side street, when a coal-black negress came out of a door shouting, "Glory! Glory Hallelujah!" I thought she was crazy, and stopped to see what she would do next.

She looked around a moment, and then repeated her call, louder than before. This time I heard the answer from behind the fence.

"Yere I is, ma'am. What yo' want?"

"Nebber you min' what I want; you come here."

Immediately there appeared from behind the fence one of the blackest pickaninnies I ever saw, and on inquiry I learned that his name was Glory Hallelujah Jones.

### Muscle and Vigor—A Difference.

Many muscular men succumb to fatigues borne with ease by persons far their inferiors in physical strength. Muscle does not imply vizor. In fact, it is not difficult of proof that athletes do not live as long nor enjoy as good health as the average individual who is vigorous—that is to say, whose digestion and sleep are unimpaired, whose nerves are tranquil, and who has no organic tendency to disease. These requisites of vigor are conferred upon those inherently weak, no less than upon those debilitated through wasting disease, by a thorough, persistent course of Hostetter's Stomach Bitters, the leading national tonic, indorsed and recommended by physicians of eminence. It will not endow you with the muscle of a Corbett, but it will infuse energy into your system, and renew the active and helpful performance of its functions. It averts malarial, rheumatic, and kidney complaints, and overcomes dyspepsia, constipation, liver trouble and nervousness.

### A Famous Abolitionist.

Rev. Calvin Fairbank, one of the bravest of the heroes of the anti-slavery struggle and one of the most active of the daring men who helped escaping negroes to reach freedom in the North by the Underground Railroad, is now living, at the age of 77, in Angelica, Penn. He is struggling against poverty and the infirmities of old age, which are increased in his case by the hardship he underwent in prison.

FOR COUGHS AND THROAT DISORDERS use BROWN'S BRONCHIAL TROCHES. "Have never changed my mind respecting them, except I think better of that which I began thinking well of."—*Rev. Henry Ward Beecher.* Sold only in boxes.

THE Temple of Ypsambul in Nubia is cut from a solid rock, and its entrance is guarded by four statues, each sixty-five feet high, twenty-five feet across the shoulders, the face seven feet long, the ear over three feet.

STIR up the liver, remove disease, promote good cheer and good health, by the use of Beecham's Pills.

IT is estimated that a birth takes place every three minutes in London, and a death every five.

FOR weak and inflamed eyes use Dr. Isaac Thompson's Eye-water. It is a carefully prepared physician's prescription.

THE perfectly round pearls are the most valuable, next come the pear-shaped, and lastly the egg-shaped.
