ANNOUNCEMENTS.

REPUBLICAN.

FOR SHERIFF.

We are hereby authorized to announce Edward O. Reed, of Pontiac, as a candidate for Sheriff of Livingston County, Illinois, subject to decision of the Republican county convention.

Although it is early in the contest and impossible to form definite ideas but it certainly looks now as if General Smith D. Atkins, of Freeport, would be the nominee of the Republican State convention for state treasurer. We know of no better man for the party.

The order of Modern Woodmen of America in Dwight is at present making rapid growth, some of our best citizens being initiated at the recent meetings. There will be degree work on Tuesday of next week. Inexpensive but substantial insurance is what men now want.

There never was a time, says an exchange, when the people watched the advertising columns of their favorite home papers so closely as they do now. Their money is so limited that they are compelled to seek out the very best opportunities for its expenditure that it may be as effective as possible. The business men who have the bargains for the people should act accordingly.

Pantagraph: The postoffice department has issued an order that hereafter mail will not be taken on the railroad mail cars unless it first passes through the post-office. The order was made necessary because so many business men in the neighborhood of railway depots in all localities mailed their letters on the train to save them the trouble of going to the postoffice, and it made a large amount of extra work for the railway mail clerks. Time was taken up stamping letters that was needed in sorting out mail between stations.

The special feature of the April number of the Chicago Magazine of Current Topics is the 35-page article of H. W. Taylor on the race question in the United States, under the very pertinent title "The Case of the Cracker." This striking article reveals what has been only half suspected that the result of the civil war and emancipation of the Negro has by no means settled the negro question in the United States. This article should be read by every thinking American citizen, white or black. Single copy, 15c; \$1.50 a year.

Many Thanks.

We wish to return many thanks to those of our subscribers who have kindly remembered us with their subscriptions, and hope all others will do likewise as soon as convenient. The times are hard, and as our income consists principally from \$1.25 for each copy, of course it is important that each one attend to the matter.

We are still offering, and will continue to do so for a few weeks, the Weekly Inter Ocean one year for only 25c extra—\$1.50 for the two—or \$2 for the Weekly New York Tribune, the Weekly Inter Ocean and our paper. This will only last a short time.

Pontiac Pick-ups.

There is a heap of politics in the Pontiac air.

There were fifteen marriage licenses issued last week. The only one from Dwight was that of James Gregory and Carrie M. Branson, of Pontiac.

Letters of administration were issued this week to Mrs. Christina Austin, of Dwight, under bond of \$1450, on the estate of W. E. Austin deceased. The bond was approved and it was ordered that warrant of appraisement issue to D. B. Stevens, C. B. Losee and N. Riggs.
