The Golmar Bros.' shows, which exhibited here yesterday and last night, very agreeably surprised everybody who took it in. They advertised the best show ever given in the western country, and they are true to their word. Not a person that attended has a word to say against it. But they all speak of the shows on the whole but words of praise. That no fakir belonged to the shows is also true. We will venture to say that if the Golmar Bros. ever again show in this town they will be treated to a full house.—Caldonia (Minn.) Journal.
Golmar Bros. gave two exhibi-

tions at this place on Tuesday. They have got what is claimed, the best show on the road. Their actors are all stars in their profession, and the proprietors are gentlemen and courteous. They allow no gambling or games of chance in connection with their shows, and their indeed an excellent show. The attendance at both the afternoon and evening performances was large and the people were well pleased. If they ever come this way again they would have all the crowd they can accommodate.—Olin, (Iowa) Recorder.
Sunday afternoon about three o'clock a fire alarm was heard and it was found to be the shaft that was on fire. It took only about two hours for it to burn to the ground. It was a total loss, there being no insurance. The loss will be about fifteen thousand dollars. It is not known just how it caught but when first discovered was on fire in the tower. Fortunately there was no one down the shaft at the time, Frank Pace and Abe Christy being the only men out on Sunday, and they had left just about a half an hour before the fire. There was nobody there but the engineer at the time it started but it was only about thirty minutes until the whole town and most of the country around was there, but nothing could be done but stand and watch it burn. It will be a big loss to our town if not started up again. Just as soon as they could get at the shaft work was begun clearing away the wreckage so that they could get down to the mules, there being about fourteen in the shaft at the time. By Wednesday everything was in shape and the mules raised. Jim Young, one of the engineers, fell Tuesday and threw his arm out of place at the elbow. At this writing we are unable to say when the shaft will be worked again.
RESOLUTIONS.
Greenfield Lodge No. 939:
Resolved, That in the death of Lon Hansen our lodge has lost a faithful, consistent member, who, during the short time he has been with us has endeared himself to the members of the lodge; and while we bow in submission to divine will we feel sad at our loss.
Resolved, That these resolutions be spread upon the record of our lodge, and our charter be draped in mourning for 30 days.
Resolved, That a copy of these resolutions be sent to friends of toe deceased and also that they be published in the village paper.
MRS. DR. UNDERHILL, CLARENCE SPILLER, S. V. ALLISON, Com.
OBITUARY.
Louis Hansen was buried last Monday afternoon in the Braceville-Gardner cemetery, services were held in the Presbyterian church, Rev. C. F. Wilson presided The deceased was not quite nineteen years old and was a very promising young man. He was born in Copenhagen, Denmark, in 1875, and came to this vicinity direct from his native place, in the year 1892. Few young men have been able to win the high regard of an entire community in so short a time. The vast concourse of people at the service was evidence of the fact that Louie Hansen was highly esteemed. Most appropriately did the brothers and sisters of the I. O. G. T. place upon the casket those beautiful flowers for no one loved flowers more passionately. The grave was covered with tokens of regret, a most fitting and tender evidence of affection. The pastor took for his text the suggestive word in the CXIX Psalm, 19th verse; "I am a stranger in the earth." Even an outline of the discourse may not be attempted here, but it is proper to say that the discourse was in the line suggested by the text and evoked words of commendation, for Louis had endeared himself to the people and any word of praise would meet the approval of the entire community. His parents and friends would feel grateful to know that many were the tears of real sorrow that fell at the grave

of the loved one so far from his home and friends. Peace be to his ashes.

For a wide awake business man there is a good opening for a hotel in Emington. The Newhoff brothers are so far interested in the project that they are ready to sell the lot where their store was burned, at a reasonable figure for that purpose. Our citizens ought to push this matter and see to it that this needed improvement be obtained.

A Clean Collar
One that you can keep clean all the time—a collar that does not wilt when you get over-heated; that does not fray on the edge, or tear out at the button-hole; and which others clean by simply wiping off with a wet sponge or cloth. These collars and cuffs are made by covering lucen collars or cuffs on both sides with waterproof "celluloid," thus giving strength and durability. They are the only waterproof goods so made, and every piece is stamped as follows:
THE CELLULOID CO., 427-249 Broadway, New York.
