

EDITORIAL NOTES.

The republican congressional convention at Streator was a Donnybrook fair affair...

The two Georges—Torrance and Patton—deserved high praise for the manly stand and fine arguments made for honest politics in the congressional convention.

About the only "necessary qualification" Charley Boy Brydia has is to accuse Livingston county republicans of "hissing" the name of a lady.

It's amusing to read Brydia's articles about the poor laboring man, when he has in his employ a married man, a fairly good printer, whom he pays the munificent sum of \$3 weekly.

Many of the high-toned (?) honorable (?) politicians in LaSalle county are in mourning about delegates being "shackled," "stilled," etc., and made speeches to that effect in the recent convention.

At this time Judge Trimble, of Princeton, a gentleman from Woodford county, Geo. Torrance, Geo. Patton and James Morro from Livingston, in the interests of harmony, asked that the convention adjourn sine die...

The clans began to assemble in Streator Wednesday evening and by convention hour the Columbia hotel was filled to overflowing.

The republican convention held in Streator Thursday was an unfortunate affair, politically, and the outcome will be uncertain, but the result should be in favor of General Thomas J. Henderson...

Ever since the last convention C. C. Strawn has had an idea that Gen. Henderson was responsible for his defeat as the nominee of that convention...

At this time Judge Trimble, of Princeton, a gentleman from Woodford county, Geo. Torrance, Geo. Patton and James Morro from Livingston...

The outcome will be that the matter will be settled by the state central committee announcing General Henderson or a new convention will be called.

There was a very large crowd at the races in Dwight Thursday afternoon. There were about twenty horses present and the racing was good all the way through.

The association will give a two days' race, Wednesday and Thursday, Sept. 19 and 20, when large purses will be given.

A. M. Bailey, a well known citizen of Eugene, Oregon, says his wife has for years been troubled with chronic diarrhoea and used many remedies...

Livingston county got in their work, the remaining nineteen not voting, and the minority report was adopted...

The committee on permanent organization, however, presented a gentleman for chairman that the LaSalle people couldn't bull doze, Mr. J. W. Templeton, of Princeton...

After a great deal of squabbling a vote was taken by the assembly by a call by counties. Bureau cast 26 votes for Henderson, LaSalle 53 for Mayo...

Seldom are such scenes enacted as were during the vote. A dozen or more were on their feet protesting, etc., and finally after Livingston county voted...

After supper chairman Templeton announced the status of proceedings. McDougal withdrew the appeal and Woodford county was called with the vote above result.

At this time Judge Trimble, of Princeton, a gentleman from Woodford county, Geo. Torrance, Geo. Patton and James Morro from Livingston...

WEST SIDE SCHOOL BUILDING.

board propose that all connected with the schools shall be guided by the contents of the book, and they will be furnished free to all applicants...

The high school has a very desirable library and a museum which is not excelled by any school in any place the size of Dwight.

An addition was made to the west side school last year and most of the year the rooms were well filled and some of them crowded but all were taken care of.

Most of the teachers and scholars have enjoyed their vacation in some manner and will resume their work invigorated and with ambition to do their best.

Every scholar should make up his or her mind to take full advantage of their splendid opportunities for learning and do just exactly what they know to be for the best.
