KEELEY LEAGUE NEWS.

An excellent entertainment was given to a crowded house Tuesday evening.

Dr. Keating Bandry, of St. Louis, addressed the club in an interesting manner, Saturday morning.

Hon. Rhey Boyd, of Paducah, Ky., made an eloquent address on "America and what it took to discover it."

Rev. Wright made an address to the club Monday that was highly appreciated, his subject being "The Anglo-Saxon Race."

G. L. Hubbard, of Emington, Ill., class of Aug. '92, was a pleasant visitor at the meeting Thursday, and by request made some very encouraging remarks.

Col. Nate A. Reed Jr. was in Dwight Monday on business. The gallant Colonel will be in Colorado Springs at the national convention of the League, in all his majestic glory. The Colonel is a worker.

Mrs. Cole, national secretary of Keeley League Auxiliary, is a member of Auxiliary No. 1, of Dwight, and will represent that society at the national convention, in addition to her other duties.

We understand the Bloomington League and Auxiliary will pay the expenses of State President Mrs. Ives, and Ex State President Al. Burkhardt to the national Keeley League conventions this month. Once more we rise to remark that they are the salt of the earth, and nothing is too good for them.

Farewell remarks have been made this week by Messrs. W. G. Talbot, Cleveland, O.; Ex-presidents C.C. Robinson, Toronto, Canada; John B. Ligon, Jackson, Miss.; G. W. Miller, Borden, Ind.; L. F. Schulz, Chicago; Dr. S.D. Richards, Patricksburg, Ind.; Emil Lochman, Chicago.

The following club officers were elected Tuesday: Pres. Hon. Rhey Boyd, Paducah, Ky.; 1st Vice-pres. Hon. Silas W. Moody, Boise City, Idaho; 2d Vice-pres., Dr. J. E. Rankin, Des Moines, Ia.; H. R. Williams of Waterloo, Ia., was appointed Sergeant-at-Arms, for the ensuing term.

S. C. Moore, of Cairo, Ill., has taken a very active interest in increasing the membership of the club ever since the second day of his arrival in Dwight, and scarcely a day passes but what he lines up in front of the secretary's desk with from one to five new members. If every member would display the interest and activity that Mr. Moore has, every patient coming to Dwight would be riding in the band wagon at the head of the procession.

Charles Eugene Banks who delivered his lecture on "The Sunny Side of Life" in Dwight, Friday evening, went from here to Colorado Springs, as a delegate at large to the convention. There is no more popular man in the work than Mr. Banks and the beautiful thoughts he expresses in his lecture are true reflections from his inner soul. Often in this world, the sublime comes from the ridiculous and vice versa; but in this case it is the sublime from the sublime. Personally, Mr. Banks is one of the most pleasant gentlemen we have ever met, and we join his host of friends in wishing him the success he so richly deserves.

Auxiliary Notes.

Mrs. J. S. Blaine became a member of the order.

The ladies met at the new club house Wednesday afternoon.

Next meeting Wednesday afternoon all members requested to be present.

The auxiliary decided to meet hereafter in their former room in the old opera house.

The auxiliary decided not to send a representative to Colorado Springs on account of the expense, but the national secretary, Mrs. Cole, will represent No. 1.

The secretary of the Elkhart Carriage and Harness Mfg. Co., of Elkhart, Ind., informs us that their prices will be lower for 1894 than ever. He wishes us to ask our readers not to purchase anything in the line of carriages, wagons, bicycles or harness until they have sent 4 cents in stamps to pay postage on their 112 page catalogue. We advise the readers of this paper to remember his suggestion.

"Didn't I hear her say to you not to go in swimming?"
"Oh, she didn't tell us that: she only came out and said: 'Boys, I wouldn't go in swimming, and I shouldn't think she would, an old rheumatic woman like her; but she didn't say anything about our going in swimming.'"

Curious Facts About Figures.
The arrangement and combination of the various figures of the nine digits is an interesting study. For example, take out 3, 6, and 9, and it will be found that the other six, when arranged in the following order, 1, 2, 3, 4, 5, 6, and the figures in the product will be found to be the same as those in the multiplicand, but if multiplied by 7 the figures in the product will be found to be all nines.
