**All About Us.**

The STAR AND HERALD will issue a premium supplement this winter that will eclipse anything ever offered in the line of cheap and good reading matter. The offers will include, not only all the newspapers of the world, but handsome and valuable books, and many other premiums.  
 At the commencement of the year we expect to add new features to the STAR AND HERALD, and make it more of a county paper. We do not propose to cut down the home department at all, but mean to give the county seat news more fully and also the news from the neighboring towns and cities more complete.  
 The home news of this paper will always, we trust, grow more instead of less. We appreciate the fact that it is the people of our home and immediate vicinity upon whom we depend for support. And we are proud to say that no efforts have met with better success than ours in the comparatively short time we have been in Dwight. The people have shown their appreciation of enterprise in newspaper work and given us warm and almost unanimous support, even if it at times they did not agree with us as to public policy. We are free to say that we were wrong in some things, but they were mistakes of the head and not the heart. We blame no man for having honest differences with his brother, and hope others may view the matter in the same light. We hold no malice against anyone who disagrees with us on political or any public question, provided always such opposition is honest and manly. We believe all great reforms grow out of honest opposition.  
 We gladly repeat, as we have often done before, what we believe to be an absolute fact, that there is no place like Dwight, and that the people are generally honorable, liberal and upright and always want to do in their judgment the best thing at the best time. Our merchants are honorable and upright and worthy the patronage of Dwight and vicinity and the whole country around.

 There is no medicine so often needed in every home and so admirably adapted to the purposes for which it is intended, as Chamberlain's Pain Balm. Hardly a week passes but some member of the family has need for it. A toothache or headache may be cured by it. A touch of rheumatism or neuralgia quieted. The severe pain of a burn or scald promptly relieved and the sore healed in much less time than when medicine has to be sent for. A sprain may be promptly treated before inflammation sets in, which insures a cure in about one-third of the time otherwise required. Cuts and bruises should receive immediate treatment before the parts become so swollen, which can only be done when Pain Balm is kept at hand. A sore throat may be cured before it becomes serious. A troublesome corn may be removed by applying it twice a day for a week or two. A lame back may be cured and several days of valuable time saved or a pain in the side or chest relieved without paying a doctor's bill. Procure a 50 cent bottle. For sale by Barr & Davis, Dwight; Smith & Melhuish, Gardner and Augustine & Son, Braceville, Drugists.
