KEELEY LEAGUE NEWS.

"Shankin, of Missouri," a graduate of February '92, arrived with a patient Friday and on Saturday and Sunday was present at the club meetings and by request made some excellent and encouraging remarks. He returned to his home at Trenton Sunday afternoon, feeling, as he said, greatly benefited by his visit to Dwight.

Dr. Leslie E. Keeley delivered an interesting address on "The Inebriate's Stomach," at the club room Saturday morning before a large and appreciative audience of patients.

The officers elected Tuesday were as follows: 1st vice president, H. W. Leasure, Attica, Ind.; 2nd vice president, D. F. Richardson, Toledo, Ohio. E. J. Brock, of Chicago, was appointed sergeant at arms.

Dr. J. E. Blaine made his regular weekly address to the patients in answer to queries Wednesday morning.

A large audience of patients and citizens attended the Tuesday evening entertainment of the club, which consisted of songs and recitations.

John Jack, of Braidwood, was here Thursday on a brief visit to his Alma Mater, it being the first anniversary of his graduation at Dwight.

On account of the G. A. R. entertainment at the opera house next Tuesday evening the regular club entertainment will be given on Monday evening.

"The Tennessee Warblers," the well known colored jubilee singers, were at the meeting Thursday morning and favored the audience with several of their plantation melodies in a way that was highly pleasing to all. The manager announced that on Thursday evening, Dec. 20, they will give one of their splendid concerts in the opera house.

Frank W. Merrill, of Rock Island, who lectures in the M. E. church next Thursday evening, is an honorary member of the league, and wears its badge, which was presented to him by the organization as a token of their esteem. Mr. Merrill it was who instituted and for a long time conducted, the Sunday morning song service, and he will be remembered kindly by the boys who used to meet in the old church.

Home and Country.

How do you manage to do it for the money? Is a question which must properly be put to many of our magazine publishers. The world wonders at it. Yet the answer is found in the fact. In these days, many of the magazines furnish a veritable gold-mine in way of illustration, and added to this an excellent intellectual feast at a low subscription price, while a few years since none but the higher price—not higher class—magazines attempted such things. As a result, the leading magazines were then considered a luxury such as home but the rich and well-to-do could afford. The popular heart was not touched.

The tendency now is to make the magazine as much a necessity in the homes of the common every-day people as is the daily or weekly home paper, without which life is not worth the living.

Among the magazines of the present time, the Christmas number of Home and Country, (Copyright James Tanner, Editor, just at hand, is an evidence of what can be done by the publisher in our serving the cause of the common people. Reduced in subscription price to \$1.50 a year, and sold at 15 cents a month, the latest issue of this publication, from an artistic point of view, because of its numerous full-page illustrations, and as well from the variety of subjects treated, well maintains its reputation as a leader in its line. Published by Jos. W. Kay, 53 East 10th St., New York.

The Toledo Weekly Blade.

Of the now nearly twenty thousand and regular publications in the United States, there are but two or three weekly newspapers published for general circulation in every state and territory, and of these the Toledo Weekly Blade is the best and most popular of them all. It is the oldest, best known, and has the largest circulation. For more than twenty-five years it has been a regular visitor to every portion of the Union, and it is well known at every one of the sixty thousand odd post offices of the country. It is made especially for family reading. It gives the entire news of the world each week, in such condensed form as will save reading scores of pages of daily papers to get less information. Republican in politics, Temperance in principle, always on the side of justice and right, it is just the paper for the rising generation, and a great educator for the whole family. Serial stories, wit and humor, short stories, Household department, Question Bureau, Farm department, Campfire, Sunday School and Young Folks are a few of the many other prominent features of this great paper. A specimen copy will be mailed free to any address on application, and the publishers invite any person to send in a long list of addresses to whom they will mail sample copies. They would be glad to mail couple of hundred specimens to readers of this county. The Weekly Blade is a very large paper, and the price is only one dollar a year. Address The Blade, Toledo, O.

Closely allied is the Spauldine Type, the thumb of those of advanced ideas and business ability. Both of these types belong to the busy man or woman; and Demorest's Family Magazine prepares especially for such persons a whole volume of new ideas, condensed in a small space, so that the record of the whole world's work for a month may be read in half an hour. The Conical Type indicates refinement, culture, and a love of music, poetry and fiction. A person with this type of thumb will thoroughly enjoy the literary attractions of Demorest's Magazine. The Artistic Type indicates a love of beauty and art, which will find rare pleasure in the magnificent illustrations of the original painting by De Longpré, the most celebrated of living flower-painters, which will give to every reader of Demorest's Magazine for 1895. The cost of this superb work of art was \$250.00 and the reproduction cannot be distinguished from the original. Besides this, an exquisite oil or water-color picture is published in each number of the Magazine, and one of the most successful and superbly illustrated that the Magazine is, in reality, a portfolio of art works of the highest order. The Philosophic Type is the thumb of the thinker and inventor of ideas, who will be deeply interested in those developed monthly in Demorest's Magazine. In every one of its numerous departments, which cover the entire artistic and scientific field, chronicle every fact, fancy, and fad of the day.
