DIED.

At 5 o'clock Friday, February 2, Thomas Conor passed from this life, while yet a young and active resident of Campus. He was identified in the affairs of the township, and made one of the best assessors that had ever filled that office. He was born in this vicinity, and owned the property where the livery stable is, and which was formerly the Catholic church. About a year ago he opened the City Hotel and has met with liberal patronage. He leaves a wife and a host of near relatives. The funeral occurred Monday at 10 a. m. at the Sacred Heart church, the M. W. A. lodge escorting the remains to Round Grove cemetery, where interment took place. Most of the relatives were present at the funeral service and interment. Campus has lost one of its prominent and worthy citizens, and sorrow at his demise is general.

During the early part of October, 1896, I contracted a bad cold which settled on my lungs and was neglected until I feared that consumption had appeared in an incipient state. There is no better medicine for the babies than Chamberlain's Cough Remedy. Its pleasant taste and prompt and effectual cures make it a favorite with mothers and small children. It quickly cures their coughs and colds, preventing pneumonia or other serious consequences. It also cures croup and has been used in tens of thousands of cases without a single failure so far as we have been able to learn. It not only cures croup, but when given as soon as the croupy cough appears, will prevent the attack. Obituary.

The funeral services of Isaac N. Gray took place at his residence in Dwight, on the 2nd day of February 1900, and he was buried in Oak Lawn cemetery.

Mr. Gray had been an invalid for many years, but the devoted care he received from Mrs. Gray together with his prudent habits, prolonged his life far beyond the limit allotted to man.

Mr. Gray was born in Herkimer Co., New York, on the 21st of March 1814, therefore had he lived until the 21st of March next, he would have been eighty-six years old.

He was married at Little Falls, Herkimer County, on the 21st of July, 1843, to Catherine L. Hardy who survives him. They resided in Herkimer Co., until the fall of 1862; coming to Dwight which has since been their home. Before coming to Dwight Mr. Gray had been in business as a druggist.

Their only child, a daughter, now Mrs. Richard M. Gardner, resides in Chicago.

Mr. Gray became a member of the Methodist Church in 1846 and upon coming to Dwight, united with the same church of which for many years he was an active member. The inspirations of his life were drawn from the bible, of which he was a great student.

Politically he was a Prohibitionist, and it can be truthfully said that he was a most consistent and persistent enemy to the tobacco habit, which he uniformly declared was undermining the vitality of the people of this country.

He was an earnest thinker and writer upon this subject, being the correspondent of several anti-tobacco publications. It is safe to say that few if any days of his life in Dwight passed without an hearty exhortation from him to some one, or in behalf of some one, who was addicted to the use of tobacco.

His blameless life and earnest efforts to do good, secured for him the respect and good will of all who knew him.
