Our Annual Sale of Muslin, Muslin Underwear and Embroideries is now on.

Our order for Muslin Underwear was given to an Eastern factory in August of last year, before the very decided advance in Cotton Goods occurred, and we beg to say that many of the articles offered cannot be bought to-day at the prices we shall offer them to our trade, and further, we are of the opinion that the low prices we offer will not be met with again for at least two years, and possibly not for many years, certainly not before the processes of manufacturing are cheapened, as two years ago many thousand acres of cotton were left unpicked, as the low price of the raw material would not pay for gathering.

WE INVITE YOUR INSPECTION.

Rev. T. DeWitt Talmage and party from Washington, D. C. acting on Admiral Dewey's suggestion visited the Battle of Manila during their short stay in Chicago, and witnessed the famous reproduction. "Only recently meeting Admiral Dewey, and now seeing such as this I am indeed impressed," said the Dr. after stepping from aboard the Olympia, with the Asiatic Squadron going full speed in Manila surrounded by exploding mines, flying shells and missiles, and seeing the battle to death with the Spaniards actual cannonading, and final victory for the American fleet.

"I am sorry to disappoint you, young man," said the great railway magnate to the reporter who had called in for the purpose of writing him up, "but I did not begin at the bottom and work my way up. I never backed the boots of the engine wipers and never carried beer for the janitor of the round house. I was kicked through college by my father, inherited a fortune, which I invested in railroad shares, and I hold this job because I have votes enough to control it. It is too bad, my young friend, but we can't all be self made men. We would become tiresome," and he bowed the caller out.

We are in this fight to stay, and will back Destroyer against any number of mites or lice you may have. Don't fool away money with "recipes" or home-made makeshifts. Use scientific means. The American Lice Destroyer has been used by thousands of poultrymen; it has been on the market several years and has been tested thousands of times. We know it is all right, and if it doesn't do the work remember you get your money back. What more can you ask? If your druggist don't sell American Lice Destroyer, he's behind the age. **Sunday Evening Service.**

The Union Services last Sunday evening at the Congregational church were of an interesting and uplifting character.

The societies of G. A. R., W. R. C. and S. of V. met at their hall and went in a body to the church, where they occupied reserved seats. Rev. Woolley offered a fervent and patriotic prayer, after which Rev. A. Bower read the scripture lesson. Some choice music was furnished by the choir during the services.

Rev. E. F. Wright delivered a splendid sermon from two texts, one found in the Old Testament and the other in the New. He did not take up a life of Abraham Lincoln, but related incidents from his life, showing that he was raised up by God as the savior of the nation. He stated that many lives in the past are almost parallel with that of Lincoln. "Lincoln" he said, "was not a member of the church. The one thing that kept him from being, was the church creeds."

Rev. Wright eulogized the Sons of Veterans for choosing so noble a character for the remembrance of his birthday. A large audience was present at this service.

**Is Baby Too Thin?**

If so, there must be some trouble with his food. Well babies are plump; only the sick are thin. Are you sure the food is all right? Children can't help but grow; they must grow if their food nourishes them. Perhaps a mistake was made in the past and as a result the digestion is weakened. If that is so, don't give the baby a lot of medicine; just use your every-day common sense and help nature a little, and the way to do it is to add half a teaspoonful of

**SCOTT'S EMULSION**

to the baby's food three or four times a day. The gain will begin the very first day you give it. It seems to correct the digestion and gets the baby started right again. If the baby is nursing but does not thrive, then the mother should take the emulsion. It will have a good effect both upon the mother and child. Twenty-five years proves this fact.
