It is very hard to stand idly by and see our dear ones suffer while awaiting the arrival of a doctor. An Albany (N. Y.) dairyman called at a drug store there for a docter to come and see his child, then very sick with croup. Not finding the doctor, he left word for him to come at once on his return. He also bought a bottle of Chamberlain's Cough Remedy, which he hoped would give some relief until the doctor should arrive. In a few hours he returned, saying the doctor need not come, as the child was much better. The druggist, Mr. Otto Scholz, says the family has since recommended Chamberlain's Cough Remedy to their neighbor and friends until he has a constant demand for it from that part of the country.

Does it Pay to Buy Cheap?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. Sample bottles at A. K. Beltzhoover's.

SNOW IN MANY STATES.

Heaviest Fall This Winter Delays Trains and Interferes with Telegraph Lines.

STORM IS FURIOUS AND WIDESPREAD.

Extends from Nebraska to Ohio, and from Wisconsin to Mexico—Business Interrupted and Many Accidents Occur—Schools Are Compelled to Close.

Chicago, March 1. — Chicago was snowbound Wednesday by the heaviest fall of snow recorded by the local weather bureau since it began its record in 1888. In the 24 hours ending Wednesday night at midnight 11.4 inches of snow fell, and the effect was disastrous on travel and traffic. Street cars were blocked by the huge drifts, mails were delayed, stock trains stalled, business interfered with and many accidents caused by the storm. Scarcely a trade or industry in the city escaped without feeling some effect of the blizzard.

Special dispatches show the storm to have been general from Omaha to Toledo and from Milwaukee to the Gulf of Mexico. Moline, Ill., reports a freight wreck on the Chicago, Rock Island & St. Paul railroad at Port Byron delaying traffic two hours. At Aurora snow and sleet played havoc with the wires. Jacksonville fears a cold rain. Waukegan, Bloomington, Peoria and many other cities report the schools closed on account of the snow. All of Indiana felt the force of the storm. Trains were much delayed throughout the northern and central portions, and in the southern part sleet caused much damage to wires. In Michigan, Kalamazoo, Three Rivers, Saginaw, Benton Harbor, Kalamazoo and Niles report from ten to eighteen inches of snow on the level.

Heaviest Since 1830.

Springfield, Ill., March 1.—The snowstorm which commenced at two o'clock Tuesday afternoon did not cease until seven o'clock Wednesday evening, when 18 inches of snow had fallen, but recommenced at ten o'clock. Pioneer settlers say this is the heaviest fall of snow since 1830, which winter is famous in the annals of Sangamon county as the winter of the "big snow," when from three to four feet of snow fell. No street cars have been running since Tuesday night, and railroad trains have been from two to six hours late, and the Bluff line has a passenger train stuck in the snow at Curran, 12 miles out.

In Michigan.

Detroit, Mich., March 1.—In the past 24 hours lower Michigan has experienced the most severe snowstorm in many years. The fall in Detroit has been 15 inches, and throughout the state runs from that figure to almost three feet at Paw Paw. Trains are either many hours late or abandoned entirely. Street car traffic in the smaller interior towns was abandoned entirely, and in Detroit the cars ran irregularly, and only then by the most strenuous efforts on the part of the track officials. Incoming trains are from one to six hour late. Freight traffic on most of the roads was abandoned.

In Ohio.

Toledo, O., March 1.—Twenty inches of snow has fallen in Toledo and northwestern Ohio since early Wednesday morning, and the prospects are that there will be more than two feet on the level before the storm has passed. Business in Toledo was practically at a standstill Wednesday, only three lines of cars being kept open, and this by the united efforts of the entire force of the trolley system. In the evening two of these lines were abandoned. The storm compelled a shutdown in the oil fields of this corner of the state, not a well in the district being pumped.

Bad Conditions at St. Louis.

St. Louis, March 1.—The snow that fell Tuesday to a depth of several inches was followed at night by sleet and rain that froze as it came down and covered everything with a thick coating of ice. Underfoot the snow was reduced to slush. As a result of this storm, which extended for a distance of 20 miles about the city, the conditions are worse than at any time this winter.

All Is Serene.

Washington, March 1.—Powell Clayton, United States ambassador to Mexico, who is here on leave of absence, says the relations between the United States and Mexico have never been on a better footing than now.

Acquitted.

Sioux City, Ia., Feb. 26.—Elsie Gardner, charged with the murder of Thomas Haas, on February 11, was discharged Saturday, the court holding she committed the crime in self-defense.

Death of an Evangelist.

Ottumwa, Ia., Feb. 27.—Rev. Anthony Robinson, the oldest of Iowa evangelists, died Monday night, aged 90 years. His career as a revivalist has been one of the most remarkable in the west.

Was Well Known.

Minneapolis, Minn., Feb. 26.—Col. William S. King, ex-congressman and a national character for the last 40 years, died at his home in this city, aged 72 years.

Horses Cremated.

Chicago, Feb. 28.—Forty horses belonging to Patrick Mulchare, a scavenger contractor, were burned to death in a stable in this city.

Fatal Explosion.

Platteville, Wis., Feb. 26.—The powder mills here were wrecked by an explosion and three men were killed.

Have You Heard Of It?

You may have heard about SCOTT'S EMULSION and have a vague notion that it is cod-liver oil with its bad taste and smell and all its other repulsive features. It is cod-liver oil, the purest and the best in the world, but made so palatable that almost everybody can take it. Nearly all children like it and ask for more.

SCOTT'S EMULSION

looks like cream; it nourishes the wasted body of baby, child or adult better than cream or any other food in existence. It bears about the same relation to other emulsions that cream does to milk. If you have had any experience with other so-called "just as good" preparations, you will find that this is a fact.

The hypophosphites that are combined with the cod-liver oil give additional value to it because they tone up the nervous system and impart strength to the whole body.

Hanne-Missman Nuptials.

On Wednesday evening, February 14, 1900, at 7:30 o'clock, Miss Anna J. Hanne was married to Oscar E. Missman, at the home of the bride's parents, Mr. and Mrs. J. Hanne, of South Dixon. Rev. Metzler, pastor of the Emmanual church of South Dixon, performed the ceremony in the presence of numerous relatives.

The ceremony was a very pretty one, the house being beautifully decorated in green, white and red, a corner of the parlor being especially decorated with bride's roses.

The contracting parties were led along a ribboned aisle from the stairway to the parlor, where they were met by the officiating divine, the bride on the arm of her father, J. Hanne, and the groom accompanied by his father, H. Missman, and being preceded by a young sister of the bride as flower girl, and the sons of Mrs. Wagner, of Chicago, acting as ribbon bearers.

After the ceremony the newly married pair led the way to the dining room, where a sumptuous wedding repast was served to about sixty guests from Dixon, Chicago, Bristol, Dwight, Nelson and South Dixon. They received numerous costly and rich presents. The young couple will reside at the home of the groom in South Dixon.

Mrs. Wagner, of Chicago, an aunt of the bride, had full charge of the wedding and great credit is due her.

Smith-Dennehe.

Miss Emma Smith, one of Dwight's pretty girls, and Will Dennehe were married Tuesday evening at 5 o'clock at the residence of Father O'Brien, and are receiving the congratulations of their many friends. Mrs. Denehe is the daughter of John Smith, the blacksmith and inventor; and Will is the second son of John Dennehe, the C. & A. yard master at Dwight. He served in the recent war and had a good record.

The STAR AND HERALD joins the many friends in well wishes and congratulations.

TheLand of Bread and Butter
