Seymour's Cough Cure

is a combination of Pure Drugs that have been found to be most effective for the immediate relief and quick curing of Throat and Lung Disorders.

There is no "New Discovery" about it, it is simply a combination, found to be the best, as a result of experiments that have been going on for the last century. All the physicians in the world have had colds to treat, and no matter what they call the medicine they administer, they all are sure to possess some, if not all, of the elements in Seymour's Cough Cure; that is, provided they are competent to do the best they can.

When you buy Seymour's, you may depend on it that you are getting a Standard Medicine about which there is no mystery, and is the best that modern knowledge can produce.
