This year Easter comes on April 15, and Lent commenced Feb. 28. The date for Easter is unusually late and is in fact within one week of the latest possible date for the feast. The setting of the date is by no means of the Fascial moon and on this account it is impossible for it to come earlier than March 21, or later than April 25. The ladies will thus be able to wear their Easter bonnets in better weather than usual.  
It is very hard to stand idly by and see our dear ones suffer while awaiting the arrival of a doctor. An Albany (N. Y.) dairyman called at a drug store there for a doctor to come and see his child, then very sick with croup. Not finding the doctor, he left town for him to come at once on his return. He also bought a bottle of Chamberlain's Cough Remedy, which he hoped would give some relief until the doctor should arrive. In a few hours he returned, saying the doctor need not come, as the child was much better. The druggist, Mr. Otto Scholz, says the family has since recommended Chamberlain's Cough Remedy to their neighbor and friends until he has a constant demand for it from that part of the country.

The editor indorsed the check as follows: "I cheerfully accept any condition to get money out of this deadbeat. I will not send him the paper any more in this world and realize that should I attempt to send it to him in the next it would burn up before it could reach him."

Price including the spraying tube is 75 cents. Druggists or by mail. The liquid embodies the medicinal properties of the solid preparation. Cream Balm is quickly absorbed by the membrane and does not dry up the secretions but changes them to a natural and healthy character. Ely Brothers, 56 Warren St., N. Y.  
We have saved many doctor bills since we began using Chamberlain's Cough Remedy in our home. We keep a bottle open all the time and whenever any of my family or myself begin to catch cold we begin to use the Cough Remedy, and as a result we never have to send away for a doctor and incur a large doctor bill, for Chamberlain's Cough Remedy never fails to cure. It is certainly a medicine of great merit and worth.—D. S. MEARLE, General Merchant and Farmer, Mattie, Bedford County, Pa. For sale by A. K. Beltzhoover, druggist.

The editor of a neighboring paper says that paper money is full of bacteria and disease germs. At latest accounts the editor himself was in fine health. He says it is unnecessary for him to quarantine his office against paper money. His subscribers protect him amply in that respect.  
"After doctors failed to cure me of pneumonia I used One Minute Cough Cure and three bottles of it cured me. It is also the best remedy on earth for whooping cough. It cured my grandchildren of the worst cases," writes Jno. Berry, Logant, Pa. It is the only harmless remedy that gives immediate results. Cures coughs, colds, croup and throat and lung troubles. Hon. A. M. Jones, of Waukesha, formerly of Warren, Illinois, is a candidate for the Republican nomination for Governor of Wisconsin. We hope he will be nominated. He is an able man, a born politician, and an honest man. During the many years that Mr. Jones was prominent in Illinois politics no man ever dared to question his absolute integrity. Wisconsin never elected an abler man Governor of that state than A. M. Jones.—Freeport Journal.

Here is the latest on the editor by a youthful essayist: "Newspapers are sheets of paper on which stuff is printed. The men look over the paper to see if their names isn't in it and women use it to put on shelves. I don't know how newspaper men came into the world. I don't think God knows. The bible says nothing about editors and I have never heard of one being in Heaven. I guess the editor is a missing link them fellers talk about. The first editor I ever heard of was the fellow who wrote up the flood. He has been here ever since. Some editors belong to the church and some try to raise whiskers. All of them are liars, at least all I know, and I only know one. Editors never die. At least I never saw a dead one. Sometimes the paper dies and then the people feel glad, but some one else starts it up again. Editors never went to school because they never get licked. Our paper is a mighty poor one but we take it so ma can use it on our pantry shelves. Our editor don't amount to much, but paw said he had a poor chance when he was a boy. He goes without underclothes in the winter; wears no socks and has a wife to support him. Paw hasn't paid his subscription in five years and says he don't intend to."

# Help... Nature

Babies and children need proper food, rarely ever medicine. If they do not thrive on their food something is wrong. They need a little help to get their digestive machinery working properly.

will generally correct this difficulty.  
If you will put from one-fourth to half a teaspoonful in baby's bottle three or four times a day you will soon see a marked improvement. For larger children, from half to a teaspoonful, according to age, dissolved in their milk, if you so desire, will very soon show its great nourishing power. If the mother's milk does not nourish the baby, she needs the emulsion. It will show an effect at once both upon mother and child.
