T. W. Craig, of the Canedy, Otto Manufacturing company, returned from Streator Monday.

Campus.

Mr. Brennan, of Cardiff, was in town Tuesday.

Mike Feebery was a Campus visitor the middle of the week.

The office of night ticket agent of the Wabash is dispensed with.

Option has run out on the Gahan land, and the drill is not yet at work.

F. C. Calhoun opened his office above J. Dunn's, and expects to "paint the town red" with real paint too, will also decorate.

The Campus Social Club had a dance last night in Walsh's hall. Burch's orchestra played and everybody had a good time.

James Maguire has bought the lot between the Feebery residences, and will erect a nice residence. This will be another marked improvement to the town. J. C. King will do the work.

The grand ball which was to have occurred Easter Monday will occur May 4, Friday evening. Burch's orchestra will furnish the music and a midnight supper will be given. Don't miss a good time.

J. P. Hance is arranging to take his family to Colorado for his wife's health. He will stop at Kearney, Neb., N. Platte, Neb., and by gradually increasing the altitude reach that of Denver, Colorado, which he hopes Mrs. Hance can become acclimated to, and improve in. J. P. has been in Campus several years and is well known in town. He will leave many well wishers and friends.

The Royal Neighbors surprised the Modern Woodmen Tuesday night, and sprung a program on them. The Woodmen very unexpectedly adjourned the meeting, and began the best time Campus lodges have had in a long while. The fun of it was that the ladies were also surprised and the Woodmen were made waiters to the Royal Neighbors after the fun began. It was a big time, all the time.

Johnnie Comfort's stone boat was run away with Tuesday afternoon. The team was tied by the stock yards, and became frightened, broke loose and took the stone boat a circuit through the alley behind the Campus hotel jumping a board fence and just missing Miss Phi McNeil, who happened to be in the back yard. From the alley it ran up the street into Feebery's yard, and in spite of "keep off the grass" signs tore up the turf generally. Horses are uninjured, likewise stone boat and citizens, but the excitement was intense.

Reddick.

The two Hieke girls are very sick.

W. H. H. Augustine Sundayed in Gardner.

Miss Kline, of Bonfield, visited here the first of the week.

C. C. Robinson is tiling the Shelby land and is laying it east and west.

T. S. Shimmis to T. Kavanaugh one lot near Wabash R. R., consideration \$150.

E. Feebery, E. Lawless and W. Waybright were in town on business Wednesday.

Ed. Boksom's little daughter, three years old, fell while running down an embankment at the Boksom home and broke her arm. She is doing nicely however.

Indigestion, nausea are cured by Hood's Pills.

Braceville.

Carl Lutz, of Gardner, visited here Wednesday.

Mrs. Gourney's condition was no better Wednesday.

Mrs. A. Pianfetti visited in Braidwood Wednesday.

The Odd Fellows celebrated their anniversary in their hall with a program and supper.

The Epworth League is planning an entertainment for the evening of May 1. Mrs. Dean's elocution pupils, of Coal City, furnish the literary part of the program. Ice Cream and cake will be served after the program.

A number of young men who anticipated taking a ride to Braidwood Wednesday night on the front end of the train, were "ditched" by the brakeman. It is an old saying with the boys that it is better to be "ditched" here than in Braidwood. You don't have to walk back.

Emington.

L. H. Wikoff is on the sick list.

Joe Wright was in Cullom Tuesday.

U. Shelly was in Chicago Wednesday.

W. O'Brien, of Campus, was in town Monday.

Miss K. McGrath, of Campus, visited her sister, Mrs. J. Heninger, Saturday.

Ed. Lehman and O. Snyder were fishing at Custer Park Monday and Tuesday.

Harry Gilbert, who has been in Chicago for some time, returned home Monday.

Gilbert's building, which will be occupied as a bank about May 1, is being repainted.

Messrs. Merrill, Riggs and Ogilvie erected a buggy platform in front of their places of business for the benefit of their customers to get in and out of their buggies.

Cardiff.

There was no work most of this week at the mine.

The tower looks fine with its black coat of paint.

Mrs. Frye and Mrs. Cullon visited in Clarke City, Tuesday.

Her school being closed Miss Brownson has returned to Fairbury, her home.

The building recently rented by F. E. Ahern to Chicago parties will be erected very soon. The corn fields will soon become rented houses.

The M. R. Walsh building near the track is nearly done, and is the first building on the street to be put through west of the track and to run north and south.

School closes rather early here. The term ended last week, and the question of accommodating the children at the opening of the next term will be an interesting one. The present quarters cannot hold them all, and it is likely that the surplus will attend the district school near Cardiff. There are seventy odd pupils here.

A Horrible Outbreak.

"Of large sores on my little daughter's head developed into a case of acald head" writes: C. D. Isbill of Morgan-ton, Tenn., but Bucklen's Arnica Salve completely cured her. It's a guaranteed cure for Eczema, Tetter, Salt Rheum, Pimples, Sores, Ulcers and Piles.
