"A single fact is worth a shipload of argument." Every cure by Hood's Sarsaparilla is a fact, proving its merit, and the thousands and thousands of cures recorded certainly should convince you that Hood's will cure you.

The new law is a bad one for tax dodgers. The county treasurers are giving information from one to the other as to personal property owned by non-residents, and if a man doesn't give in correctly he is sure to be found out. The very best thing a man can do under the law is to act fair with the assessor. Any favoritism shown by assessors will be looked into more carefully this year than ever.
There are about forty-seven candidates for city street commissioner, and as only about forty-six can be appointed there is sure to be one fellow that don't like it. Well, when they find anyone who has done better or is more faithful than little Bob Orr let us know. They certainly will never find a man with more nerve and his many friends will remember a long while how he followed up the toughs who shot him and fired away at him until he landed them, and raked his life for peace or order.

Odd Fellows Celebrate.
Thursday evening Dwight Lodge, I. O. O. F., No. 513, held their annual anniversary in an excellent manner. There was a large attendance and everything passed off pleasantly.

This anniversary will long be remembered as one of the most pleasant ever held.

Everybody is invited, the lecture will be free and it is hoped that the many friends of the elder will turn out to welcome this man who was the founder and organizer of the local League. The lecture will follow the regular monthly business meeting of the League.
