Braceville.

The Senators, from here, played in Round Grove last Sunday, and a fine game was the result. Ten innings, 6 to 6, shows how interesting the game was. The Round Groves were white-washed for seven innings by the Senators' new pitcher, Tommy Granger, the boy wonder, and with good support they would have been held to one score. The other scores were gifts on account of errors. In the last innings the umpire started to throw the game to the Round Groves, as his friend had money on them and the Senators refused to play any longer and insisted that all bets be declared off as they did not wish to see their friends lose their money in a robbery. No hard feelings were held against Round Grove, but the umpire was the subject of severe remarks.

Pontiac.

The Leader stirred up a hornet's nest when poor old Grandma tackled Hon. Geo. Torrance.

Reports from all over the country indicate that Fort's money is plenty, but the people cannot be bought.

The contest for states attorney is hot here. They will divide the delegation even and let the outsiders settle it.

It is generally conceded that Fort is licked to a finish in Pontiac and all over the county. The report that Fairbury as agreed to split even comes pretty hard on Fort as he claimed it all.

Poor Grandma Shankland is the talk of the town. He walks the streets night and day and whines and wheezes and cries and stews and makes life miserable for everybody. He is talking so much nonsense that he is getting so he believes it.

The republicans of Livingston county should patronize reliable republican papers which cannot be bought for any candidate. Such papers as the DWIGHT STAR and HERALD Odell Outlook, and the Fairbury Blade are the ones which can be depended upon at all times.

Good old Granny Metcalfe, of Kentucky, 89 years old, says that Dr. Bell's Pine Tar-Honey is the best Grip cure. Cough, Lung and Bronchial remedy that has been offered to the people during her life. A. K. Beltzhoover. m
