FILIPINO LEADER IS TAKEN

Gen. Pio del Pilar, a Rabid Hater of Americans, Captured on the Outskirts of Manila.

IS A MASTER OF GUERRILLA WARFARE.

Results of the Campaign During One Week—Secret Service Men Make Arrests—Members of the Commission Preparing for Work—Insurgent Documents Discovered.

Manila, June 9.—Gen. Pio del Pilar, the Filipino leader, has been captured near Manila. Pilar has long been looked upon as the most desperate and uncompromising of the Filipino generals. He is a rabid hater of the Americans, and, excepting Aguinaldo, has made more trouble to the United States troops than any other of the rebel leaders. He is a master of guerrilla warfare and handled his troops with wonderful cleverness. He has usually operated in the vicinity of the Laguna de Bay and along the Pasig toward Manila.

Americans Killed. Manila, June 11.—The results of the campaign during the past week were nine Americans killed, including a captain and lieutenant, and 23 wounded, including two captains. One captain was captured. The Filipino loss is reported to have been 200 killed, 63 wounded, and 140 men and 160 rifles captured. The disturbances were chiefly in Panay and Central Luzon. The capture of the notorious Pio del Pilar by the native police has greatly discouraged the insurgents.

Volunteers Arrested. The secret-service men arrested in Manila a colonel of Filipino volunteers. They also seized a number of documents which showed that the headquarters of the volunteers were within a quarter of a mile of the palace, almost under the noses of the American military authorities.

Preparing for Work. President Taft and the other members of the Philippine commission spent last week chiefly in securing quarters and arranging their offices. They, however, met a large number of Filipino politicians and commercial leaders. The heavy work of the commission has not yet begun. One of the foremost questions is how and from what material to organize a civil force which gradually to supersede the army as a governing machine.

Insurgent Documents. The great store of insurgent documents discovered by Gen. Fungston, together with some interesting papers which Capt. Smith found in possession of Gen. Pantaleon Garcia, throws interesting side lights upon the Filipino government. Most important of the lot is Aguinaldo's plan for the uprising in Manila, which was drawn by him at Malolos, in his own handwriting in the Tagalog language, and bears the date of January 9, 1899.

Another General Captured. Manila, June 12.—Lieut. Johnson, of the Forty-first infantry, reports the capture of Gen. Sizon, who was Gen. MacArthur's opponent in the railroad campaign, and who has recently been operating with 1,000 guerrillas in Pampanga and Bulacan provinces.

Rebel Stronghold Taken. Washington, June 13.—Gen. MacArthur reports the capture of Gen. Cavastany, a leader of guerrillas in Pangasinan province. Gen. Corbin says that this and other captures indicate that the principal leaders of the insurrection are abandoning the cause, and are coming into Manila to accept American supremacy.

Captures Are Important. Manila, June 13.—Gen. Grant, who led reinforcements, with artillery, against the insurgents in the mountains east of Samiguet, reports the capture of the rebel stronghold after four hours' fighting. The rebels were scattered and the Americans are pursuing them. Gen. Grant's column had no casualties.

Perished to Save Another. Jackson, Mich., June 14.—Robert O. Emmons, a well-known trainer of animals, who has been connected with Davis' circus this season, and a six-year-old boy named John Brenner were drowned at the Air Line railroad bridge Wednesday night. Emmons was fishing off the bridge and the boy was playing there, when the latter fell into the water, which is very deep at that point. Emmons immediately jumped in after him, but became tangled in the weeds at the bottom, and both were drowned.

Four Persons Murdered. West Newfield, Me., June 12.—George W. Goodwin and three members of his household were murdered and the house in which they lived near here set on fire by the murderer, whose motive was presumably robbery. The dead are: George W. Goodwin, Mrs. Elsie R. Horne, his mother, 76 years of age; Scott Goodwin, his adopted son, 20 years of age, and Fred Bertsch, a hired man.

Veteran Shipbuilder Dead. Cleveland, O., June 11.—Isaac W. Nicholas, a pioneer shipbuilder, died here Sunday, aged 85. He built the first three-masted schooner on the lakes, the Escanaba, which is still in commission, and he also built the first steel steamer, the Orono.

Six Men Killed. Williamsport, Pa., June 14.—Six men were killed and another injured on a logging railroad at Cammal. A train jumped the track and plunged down a 300-foot embankment.
