 Reports from the county show that the republican party is in excellent shape and that the ticket will poll the full strength of the party and a little more.

(Boxer) F. Shankland is still foaming like a mad dog probably because he has not had a chance to hold up some candidate recently. As a sandbagger boxer is a success.

It is expected that the regular republican club, which was organized some eight or ten years ago, and which has done remarkable work for the party, will soon come to the front stronger than ever.

There is talk of organizing a Livingston County Republican club—something fine to take in the big meetings throughout the state. Dark suits and high hats and canes are none too good. Livingston county always shows up in good shape when there is anything going on. Let the good work go on.

There is a movement on foot to organize a Livingston county marching club, about fifty strong, from all parts of the county, of republicans who will go to big meetings all over the state and wear some attractive campaign suit all alike. This is an excellent plan, and would bring the county into prominent notice all over the state.
