At the tournament held on Friday, Coal City beat Braceville, Gardner won from Cardiff and Morris beat Round Grove. Owing to the weather being so unfavorable, only three games were played and the prize money was equally divided among the winners. Pontiac.

The schoolmarm, bless her, is with us.

Everyone is talking Chautauqua and doing Chautauqua.

The veterans have established head quarters at the Chautauqua, and invite all old soldiers to call on them.

Pontiac will pave—provide the people will stand it. If it was as cheap as that around the court house they ought to stand it.

The boys are having a fine time in camp. Major Strawn's horse fell with him, but it takes more than a horse on him to hurt him, Co. F, is certainly one of the best in the regiment.

The work of catching the tax dodger is on and no guilty man should escape. The rich ought to be perfectly willing to pay taxes honestly and not try to saddle any of their share on the poor. The board of review should be careful to investigate and do their work with out fear or favor. They have lots of work to do and they should do it well. No whitewashing goes.

The new street lights were tried for the first time Tuesday night. The test was made at the Walsh store corner and the effect was satisfactory to many. A few of these lights would light up Campus very nicely. They are gasoline lights.
